

The Mightiest Little Peasant Chapter 2969

“Not good!”

The true immortals behind him exclaimed in a low voice, and their expressions suddenly changed.

That guy was going to snatch the treasure!

At that moment, they were all about to make a move to stop this person.

However, it was obviously too late!

In the blink of an eye, that guy was already in front of that kid. With a claw, that sage realm kid would die suddenly, and that divine mountain would naturally fall into that guy's palm.

“Hahaha!”

The true immortal laughed out loud, and his eyes flashed with pride.

He had seized the opportunity, and the treasure was his!

However, in the next moment, he was stunned. The divine mountain in front of him suddenly burst out with a shocking light. A brilliant purple divine light barrier covered him. At the same time, there was also a brilliant Qi of the great path that pressed down like a mountain.

“Not good!”

His body sank, and he immediately sensed that the power in his body had stagnated. The celestial core power condensed on his hand had also suddenly weakened by more than half.

“It's the ten thousand laws divine mountain's Divine Art. It suppressed my Divine Art and reduced my strength!”

“However, it's not a big deal. Even if his strength has been reduced by a few percent, it's still easy to kill this kid!”

He was shocked at first, but he quickly calmed down.

He would be in deep trouble if he encountered a fellow cultivator, but this brat was only in the Saint realm. Even if his strength was suppressed by more than half, this brat would not pose any threat to him.

He continued to move forward and clawed down.

“Hmph! You're overestimating yourself!”

When he saw the kid raise his hand and punch out, he couldn't help but sneer, his eyes full of contempt.

With his physical body and strength, this claw would be able to crush the kid's fist.

"Wait, what's this aura?"

Just as he was about to grab it, he felt the power surging from his opponent's punch. It was surging, majestic, and unbelievably powerful!

"This ..."

He was dumbfounded. His eyes were wide open in disbelief.

This power ... How was it possible!

Wasn't this kid in the Saint realm?

How could a Saint realm expert be so powerful?

Bang!

Just as he was in shock, the punch came.

His arm trembled violently, and with a muffled groan, he was immediately sent flying.

This scene shocked everyone behind him.

The true immortals who were about to catch up were all frozen in place, their faces dazed.

What did they just see? a true immortal was sent flying by a Saint realm kid!

This ... This was too ridiculous!

That was an immortal! Even if the divine mountain suppressed him and reduced his strength, how could he not be able to defeat a Saint realm kid?

In the distance, the group of nine tribulations was also dumbfounded.

They couldn't believe that a Saint realm expert could fight a genuine immortal and even gain the upper hand.

"What are you doing!"

Someone looked at the true immortal on the ground and rebuked.

He felt that this guy must have been too careless and underestimated his enemy. He didn't even use half of his strength, so he was sent flying by that kid's punch, which was a disgrace to the true immortals!

“I ...”

The true Immortal Rose to his feet, his face completely red.

He didn't go easy on that kid. He didn't know what had happened, but that kid had burst out with such a powerful strength. It wasn't a power that a peak of the sage realm could have!

“True immortals are nothing more than this!”

“Go!” Tang Hao shouted coldly. He threw the divine mountain with his left hand, and it immediately flew up. It continued to expand until it was a thousand feet tall, hanging above his head. The divine light on it continued to shine brightly, and a brilliant might of the great path continued to surge out, suppressing the entire area.

“Not good!”

The faces of all the true immortals changed.

They could all sense that their strength had been suppressed by several percent.

“How could he have activated the divine mountain to such an extent?”

“Isn't he at the peak of the sage realm? At most, ten Dao attainment levels!”

They looked up and were in disbelief.

This was an immortal Emperor's Supreme treasure. It was already very rare for a Saint realm expert to activate it, let alone to this extent.

“Who said I have ten Dao attainment!”

Tang Hao smirked. He flicked his sleeve, and the divine furnace flew out. It grew in size and sucked at the corpses, sending them flying toward him.

“What kind of furnace is that?”

“What an ancient aura! It's also a Supreme treasure!”

The four true immortals were all shocked.

From this furnace, they could sense an aura that was not inferior to ten thousand laws divine mountain's. Combined with the three immortal Emperor karma mentioned earlier, this divine furnace might be another immortal Emperor Supreme treasure!

“Two Celestial Emperor Supreme treasures!”

Their eyes were red, and their breathing became more rapid.

In front of them was a once-in-ten-thousand-years opportunity. Whoever could kill this kid and take his treasures would get two immortal Emperor Supreme treasures!

“This is bad!”

“What’s going on?” Yao Xinyue mumbled, stunned.

Such an opportunity was too dreamy!

Even a golden celestial of the great all-embracing heaven would go crazy over it!

“Isn’t it just an immortal?”

Tang Hao reached out and grabbed the divine furnace. Beams of golden light shot out of the furnace. He opened his mouth and swallowed the pills one by one.

With each pill he swallowed, his aura would rise a little.

The divine mountain above his head would also expand.

“That’s Dao attainment!”

“Heavens! How can he still swallow Dao attainment?”

The group of true immortals were once again dumbfounded, their faces full of disbelief.

In the blink of an eye, that kid had swallowed twenty to thirty Dao attainment pills.

But how was that possible?

That brat should have reached the peak long ago, how could he possibly have more cultivation?

“Heavens ...”

The more they watched, the more shocked they were.

The kid didn’t stop. Golden Dao beads kept flying out of the divine furnace and were swallowed into his stomach to be refined.

“He ... He’s really in the Saint realm?”

A true immortal said woodenly, his expression dazed.

Only God knew how much Dao attainment this kid had swallowed in that short period of time.

There were definitely two or three hundred.

A Saint realm could swallow 200 to 300 Dao attainment pills. This was completely against common sense and was too incredible!

“What kind of freak is this kid?!”

As Yao Xinyue looked on, she could not help but let out a groan. She could only feel her scalp going numb.

She had never seen such a monster who had four Celestial Emperor’s karma and two Celestial Emperor’s Supreme treasures. Moreover, he could refine hundreds of beads of Dao when he was in the Saint realm. He was really heaven-defying and terrifying!

What common sense? in the face of such a heaven-defying monster, common sense was meant to be broken.

“Whoosh!”

Dao attainment continued to surge out of the divine furnace, increasing in number.

Tang Hao opened his mouth and absorbed the energy like crazy, refining all of it into the immortal abode.

At this moment, there were more than 1000 Dao attainment beads in his immortal abode.

These powers gathered together and trembled, erupting with astonishing power. They surged towards the divine mountain above them, making the divine mountain even larger and more resplendent.

The surroundings of the divine mountain had long been deathly silent.

Everyone was stunned, their expressions dazed to the extreme.
