

The Mightiest Little Peasant Chapter 2976

“Many thanks, fellow Daoist!”

After taking the ring and swallowing the spiritual essence, the energy core avatar’s aura soared again.

Just as he had expected, he had just stepped into the late-stage of human immortal.

“Not bad!”

He sized up the clone and praised.

As his cultivation level increased, the avatar’s temperament became more and more extraordinary. Its entire body was golden, and its eyes were even more resplendent, blooming with a divine light, just like the fiery golden eyes. Although it was not comparable to his spirit truth Dharma Eye, the difference was not big.

The brilliant heavenly might on his body was also becoming more and more intense.

After putting away his clone, Tang Hao took out the clear sky ring, his battle armor, and his spear. He Reforged all the things that he had made before.

Three days later, he left the house.

In the restaurant, he saw Daoist Lusong again.

Seeing him, Daoist Lu Song was a little excited.

“Fellow Daoist, you haven’t appeared for a few days. I thought you’d already gone to the Holy beast Palace!”

“I’m just refining some small things!”

Tang Hao said with a smile.

“Oh? Fellow Daoist, it seems you’re quite skilled in artifact refinement!” Lu Song Daoist laughed.

“It’s alright!”

Tang Hao smiled.

“Fellow Daoist, since you’re good at forging, I have some news that you’ll definitely be interested in.” Lu Song Daoist rolled his eyes and suddenly laughed.

“Oh? What’s the news?”

Tang Hao said, pretending to be surprised.

“It’s about immortal materials. In your lower realm, there shouldn’t be a lot of immortal materials, right? But in the immortal world, there are quite a lot of immortal materials. Some of them are artificially cultivated, while some of them are naturally produced.”

“The places that can nurture immortal materials are basically all spirit caves with abundant immortal Qi. I only know of one place, so there might be immortal materials there.”

Daoist Lu Song said.

“Really?”

Tang Hao said excitedly. His eyes were shining.

He was hooked!

Daoist Lu Song was overjoyed.

“Of course, why Would I Lie to You? it’s just that that place is a little dangerous and it’s not easy to go alone. If you and I go together, we might have a chance to find immortal materials. Dao friend, what do you think ...”

“Then what are we waiting for? let’s go! That was an immortal material! If we can find it, we’ll be rich!”

Tang Hao stood up and said excitedly.

“Hahaha! Alright, since fellow Daoist is so forthright, we’ll leave now!”

Daoist Lu Song was so happy that he went crazy.

He was still thinking about how he could trick the other party into taking the bait, but he didn’t think that it would be so easy.

“Fellow Daoist, do you have a Mount? If not! You can sit on my crane!”

After leaving the restaurant, Daoist Lu Song flicked his sleeve, and a red-crowned crane rushed out of his sleeve. It circled around and landed in front of him.

“Alright!”

“Yes,” Tang Hao replied, then jumped onto the Crane’s back.

“Let’s go!”

Lu Song Daoist also flew up. After sitting down, he shouted, his face red with excitement.

The red-crowned crane flapped its wings and took flight, charging into the clouds.

“Fellow Daoist, we are now in the heaven spirit continent. Every continent is extremely vast, with countless celestial mountains and celestial veins ...”

“Go that way. It’s a very far place, and that’s the spirit Toad continent ...”

On the way, Daoist Lu Song felt bored, so he pointed in all directions and gave a brief introduction.

“Fellow Daoist, don’t be anxious. We’ll be here in a while.”

After flying for six to six hours, he pointed ahead and shouted, “look, there’s a Lake over there. The place we’re going to is at the bottom of the lake, tens of thousands of feet deep. There’s a deep cave there.”

After flying for a while more, a Lake indeed appeared in front of them.

Although it was called a Lake, it was actually not much different from the sea. It was extremely vast.

Under the lead of Daoist Lu Song, the two of them went into the lake and went straight to the bottom.

“Soon! We’re almost there!”

Daoist Lu Song turned around and said to Tang Hao.

The closer he got to the bottom, the more excited he became.

He had already set up a trap in this cave. Once this guy went in, he would be like a turtle in a jar, waiting for him to slaughter.

Not just his cultivation, but everything on this guy would be his.

“This way!”

When he reached the bottom of the lake, he flew towards a deep cave and entered it.

He went straight along the cave passage, and after about fifteen minutes, he went up. Finally, he emerged from the water and came to an empty cave.

“Brother lü, is this the place? There’s no other way! Also, the celestial Qi here isn’t very dense. It doesn’t seem like a Spirit Cave!”

Tang Hao looked around and asked in surprise.

“There’s no way out, and this isn’t where the spirit Cave is!”

Daoist Lu Song’s face suddenly sank and he said in a gloomy voice.

“Brother lü, what are you doing?”

Tang Hao turned around and pretended to be shocked.

“Hahaha! I like to see your shocked face. You know, it gives me a sense of accomplishment!” Daoist Lu Song laughed sinisterly, “you are really stupid. I have never seen anyone more stupid than you!”

“Do you really think that the immortal world is a beautiful place? I’m telling you, you’re dreaming!”

“Don’t even think about escaping. I’ve already laid down several arrays here. Once you’ve entered, you can’t leave. If you’re smart, hand over your cultivation and I’ll spare your life. I’ll take you as an immortal slave and let you live.”

“But if you resist, then don’t blame me for not being polite and killing you here!”

As he spoke, his tone turned cold and revealed a ferocious killing intent.

His face also became vicious and ferocious.

Brother lü, I really didn’t expect that you’re actually such a person!”

Tang Hao said angrily.

“Hahaha! You’re the one who’s stupid, you can’t blame others!” Daoist Lu Song laughed out loud.

“Do you know what my cultivation level is? Don’t be scared when I tell you. He has more than 4000 Dao attainment and is in the middle stage of human immortal realm. With the help of the formation in this cave, it’s easy for him to kill you, a young man with only eight or nine Dao attainment!”

Then, with his hands behind his back, he raised his head and said proudly.

” 4000 Dao attainment?”

Tang Hao’s eyes brightened as he stared at Daoist Lusong.

He had sensed it before and only knew that this guy was about the middle stage. His 4000 Dao attainment was nearly 1000 more than he had expected.

As long as he could kill this guy, he could immediately break through the 10000 Dao attainment realm and become an earth immortal.

He was just worried that he had no place to cultivate, and this guy was simply sending charcoal in the snow!

What a good person!

Tang Hao sighed deeply. He was touched.

He had already thought about how to split the cultivation. He only needed to get ten thousand, and the rest would be given to Chun Xuan and Qiu Ci so that they could protect themselves.

“Eh? What’s with that look?”

Daoist Lu Song was stunned when he saw Tang Hao’s Green eyes.

There was something wrong with his gaze!

Shouldn’t this guy be extremely afraid now, begging for mercy, or attacking him in anger? Why did he reveal such a strange expression, as if he was looking at some peerless treasure?

For a moment, he only felt extremely strange.

He felt a little uneasy.
