

The Mightiest Little Peasant Chapter 2984

“This thing of yours ... How come I can't see it clearly?”

Holding the divine Thunder and carefully examining it, the woman's brows furrowed.

She immersed her divine sense in it, but she couldn't see the internal structure of the divine lightning.

“Of course, if it could be seen clearly, it would have been copied.” Tang Hao said.

The woman was stunned for a moment before she laughed, “is this thing of yours that precious?” Aren't they just formations? this kind of treasure is mostly the same, it's just the materials and the forging method.”

“I think the material of this thing of yours doesn't seem to be very good!”

Then, she rubbed it and said in a disdainful tone.

Extreme Purple Mystic Crystal!

It was the worst material!

The lightning inside was also ordinary purple heaven lightning.

Even if you refined these two things, their power would never reach the level of the Jiu Xiao divine Thunder. It would be good enough if it could reach one-fifth of the power.

But this guy bragged that he could stand shoulder to shoulder with the nine Heavens lightning, which was complete nonsense!

“Where did this idiot come from? he doesn't even have a bit of self-awareness!”

She glanced at Tang Hao and sneered in her heart.

“I'm bored anyway. Since I've met such an idiot, there's no harm in teasing him!”

She said to herself.

“How much are you going to sell this thing for?” She played with the divine lightning in her hand and said in a playful tone.

“I'll sell it to you at 75. You'll sell it at 99!”

Tang Hao said.

” 75? Ninety-nine?”

The woman was stunned.

“Hahaha!”

Before she could even smile, shopkeeper li, who was standing at the side, laughed.

“Miss, don’t you think he’s stupid? The material cost of this thing is about 23 or 24 Yuan, but he’s only selling it to us for 75 Yuan. He didn’t even include the time taken to make it and the losses. ”

“Also, he gave us 75 Yuan, so we sold it at 99 Yuan. We only made a few Yuan! Who would want such a small profit!”

The shopkeeper sneered.

The woman returned to her senses and laughed.

She only felt that this guy was really stupid! He didn’t even know how to calculate the bill and wanted to sell it to his heaven seeking Pavilion!

“Dao friend, it’s not that my heaven seeking Pavilion doesn’t want to accept it, but this thing of yours ... Ah! It’s hard to explain in a few words!” She laughed. “If you want to sell it for money, why don’t you spend some capital, buy some good materials, and refine a high-grade one?”

“With such low-quality materials, no one would want them even if you offered a lower price!”

“You should know that nothing good comes cheap! If you sell them cheaply, people won’t buy them because they think they’re unreliable. The nine cloud Palace’s treasures sell so well because they’re expensive and of high quality. ”

As she spoke, she raised her hand and threw the divine Thunder back.

“Who said that there’s no good stuff for cheap!”

Tang Hao said indifferently as he took the paper.

“This thing of yours, with such poor quality materials, can it still be considered good?” The woman sneered, “you should go back! This thing of yours has no future. If you can’t sell it, no one will buy it no matter how cheap it is. ”

“Is that so?”

Tang Hao raised an eyebrow and did not comment.

“You’re still not convinced? If you don’t believe me, you can go around and see which shop will accept it!” The woman said, her expression even more disdainful.

The materials used by this guy were so poor that no one would buy them no matter how cheap they were, because they couldn’t be sold at all.

Moreover, even if he used good materials and refined it well, no one would accept it. This was because the nine cloud Palace was the only useful treasure. Who would want an item refined by an unknown junior?

“Alright! I’ll be leaving then!”

Tang Hao was too lazy to say anything more, so he turned around and left.

“Miss, this guy is quite funny.”

The shopkeeper said with a smile after he left.

“He’s just a nobody!”

The woman smiled and retracted her gaze, not paying it any more attention.

“No one’s taking it, that’s troublesome!”

Tang Hao’s brows were tightly knitted as he walked on the street.

According to his original plan, he would sell it directly to the shops after refining it. This would be more stable. However, he didn’t expect that no one was willing to buy it.

“I’ll still have to sell it myself, but this will be a little troublesome!”

It was undoubtedly very time-consuming to look for people to sell them one by one.

“By the way, why didn’t I think of this idea just now? first, find a few people and develop it into an agent. Then, give them the profits and let them promote it. Layer by layer, just like WeChat business.”

“This is a good idea. It’ll definitely be popular!”

Suddenly, an idea came to Tang Hao’s mind.

As long as this sales system was established, it would be much better than selling to those shops.

“Fellow Daoist, please wait!”

“Look, what kind of treasure is this! The Supreme-grade quaking divine Thunder was as powerful as the nine cloud Palace’s divine Thunder.”Come, try its power. What do you think? it’s powerful, right?” The key is that it’s cheap, only 99!”

“You didn’t hear wrong. Such a powerful treasure can be obtained with only ninety-nine pieces!”

“It’s definitely the work of a master. Think about it, if it wasn’t for a master, how could he have made such a cheap and powerful treasure? This master is different from others. He always says that to make

products that are priced kindly and move people's hearts, the ultimate price-performance ratio is the king!"

"If you want to buy one, it'll be 99 dollars. If you're willing to be my agent, I'll give you an insider price of only 75 dollars. You can sell it, and it'll be a difference of 24 dollars!"

Tang Hao went outside the city, grabbed a few people, and began to fool them.

"R-really? We can still make money?"

Someone said excitedly.

"Of course, this is a huge business opportunity. Brother, the opportunity to get rich is in front of you. It just depends on whether you are willing to grasp it." Tang Hao continued to bluff.

"This thing ... Seems really good!"

That person was holding a divine Thunder and looking at it over and over again.

He also knew about the divine Thunder of nine cloud Palace, but it was very expensive. Five hundred Yuan for one. It was not something that an ordinary human immortal could afford. Although this one was cheap, it was very powerful. He had seen it with his own eyes just now.

"He's really an amazing master!"

He sighed.

To be able to use such cheap materials to create such a powerful divine lightning, he must be an extraordinary master!

Moreover, this master was very kind, unlike those profiteers who kept selling at high prices. He was really a good master!

"If I'm the agent, will it really only be 75?"

He asked, still in disbelief.

The price was too low! It was so low that he could not believe it!

If he could buy it at 75, he had absolute confidence that he could sell it to others at 99. After all, he had a lot of connections.

As long as he could sell ten of them, he would be able to earn 240 dollars in one go. This was a great business.

"That's right! It was 75! How about a few?"

"Ten first! I'll look for you again after I've sold it, how about it?" That person said excitedly.

He took out seven hundred and fifty Yuan and bought ten divine thunders and a communication jade talisman. Then, he left excitedly.

“We’re finally open!”

Tang Hao accepted the money and smiled happily.

He continued to promote and made a few more deals.
