

The Mightiest Little Peasant Chapter 2990

After the peaches were distributed, Tang Hao took out a batch of divine lightning and talismans, which were all snatched up.

The current clear sky Association already had more than 1000 members, which was considered a small scale.

With more than a thousand people spread out, the speed of selling goods was several times faster than before.

Moreover, they had a reputation now and had accumulated a lot of customers. They would often buy back their shares.

After the meeting, Tang Hao left the city and returned to Dragon Mountain.

“Fellow Daoist, please wait!”

Before he could leave the city, someone stopped him. It was a middle-aged man in a green robe. He had the Qi of a mid-stage earth immortal.

“Who are you?”

Tang Hao furrowed his brows and looked at him warily.

“Fellow Daoist, my lady would like to meet you.”

The man said.

“Your young lady?” Tang Hao was surprised at first, but he quickly understood.

This young lady, she must be the one from the heaven seeking Pavilion!

He was the one who laughed at him and said that his divine lightning had no future.

“If she wanted to see me, why didn’t she come by herself?”

Tang Hao said coldly, his hands behind his back.

“How audacious! My family’s young lady’s status is so noble, how can she lower herself to see you!” The man shouted angrily.

“Alright! Then don’t see him!”

Tang Hao grinned. He was about to rush up.

“You ...”

The man's voice faltered and his face turned red.

"Fellow Daoist, please wait!"

At this moment, a soft voice came from the third floor of the heaven seeking Pavilion.

The window opened, and a beautiful figure was seen sitting inside.

"What do you want to see me for? there's nothing to talk about between us, right?" Tang Hao stopped in his tracks and looked over. His tone was indifferent.

"Such great courage!"

The man was angry again.

This loose immortal really didn't know what was good for him. His young lady had a very noble identity. Not only was she of the Feng clan bloodline, but she was also the person in charge of the heaven seeking Pavilion's spirit Toad continent. The resources and wealth in her hands were beyond anyone's imagination.

So many people wanted to see his young miss but couldn't, yet this guy had a reluctant look.

"Fellow cultivator, I was wrong that day. I misjudged and offended you with my words. I hope fellow cultivator can forgive me!"

The woman got up and bowed from a distance as she said apologetically.

This apology came from the bottom of his heart.

These few days, she had been remorseful. She shouldn't have been so rash that day and missed out on a peerless genius and an amazing business opportunity.

"Speak, what's the matter?"

Tang Hao said indifferently.

"Fellow Daoist, don't you want to come in and sit? Let's have a good talk!" The woman said with a smile.

"There's no need for that! I'm in a hurry, I'm very busy!"

Tang Hao's tone was still indifferent.

Of course, he knew why this guy was looking for him. He wanted his divine lightning and the instant transmission talisman.

If it was in the past, of course, he would be eager to cooperate with the sky seeking Pavilion, but now, he already had his own channels and development, and he had a bright future ahead of him. Why would he need to cooperate with the sky seeking Pavilion?

“Fellow Daoist, I know that your business has been doing well recently, but don’t you want to make it bigger? My heaven seeking Pavilion is one of the largest merchant associations in the immortal world, and we have countless branches. As long as we cooperate, I can help you sell these two products to all corners of the immortal world. ”

“You can imagine how big this scale is!”

The woman said with a smile.

Her tone was filled with confidence.

Who wouldn’t be tempted by the recruitment of her heaven seeking Pavilion?

Right now, this man had indeed earned quite a bit, but after joining her sky-seeking Pavilion, he could earn even more, and her sky-seeking Pavilion could use these two products to suppress their competitors and expand their dominant position.

“There’s no need for that!”

Tang Hao shook his head indifferently and refused.

In the pavilion, the woman was stunned.

This guy actually rejected him so directly?

“You really don’t know what’s good for you! I’m giving you face, but you don’t want it!”

The man beside him cursed in a low voice.

“Fellow Daoist, won’t you consider it? You must know that you’re developing well now, but if you continue to develop, all kinds of problems will come. All Chambers of Commerce and major forces will covet your business, and your clear sky Association will also be suppressed. ”

The woman said with a frown.

“I’ve naturally thought of all these!” Tang Hao said.

“Then you’re not afraid?”

The woman was stunned and found it unbelievable.

This guy was only an early stage earth immortal, and his cultivation was not bad. Those people of the Haotian Association were all individual Immortals, many of whom were just human Immortals. How could they resist those big Chambers of Commerce and forces with such a group of people?

In her eyes, they were just a motley crew!

“What’s there to fear?”

Tang Hao laughed and said disdainfully.

“Fellow Daoist, if you have nothing else to say, I’ll take my leave!” Then, he flicked his sleeves and turned into a divine light that shot into the sky.

“Miss, this person really doesn’t know what’s good for him! He’s so arrogant! With his cultivation, he doesn’t even put those big Chambers of Commerce and forces in his eyes. I think he won’t even know how he died!”

The man flew back to the heaven seeking Pavilion, cursing and swearing all the way.

The woman’s brows furrowed, but she also felt that this person was too arrogant.

This puny early Earth immortal realm cultivator might not understand the power of those big forces and Chambers of Commerce. That was why he dared to be so arrogant!

“Don’t worry, after some time, he will suffer and know the good things about our heaven seeking Pavilion. At that time, he will come back to cooperate with us!” She looked out of the window and chuckled.

“Miss, why do we have to find him? it’s just a divine Thunder and a talisman. What’s so difficult about it? we can find a few masters of craftsmanship and taidou to crack it easily. Why do we need him?”

The man was a little puzzled.

There were countless smithing Masters in his heaven seeking Pavilion. It was a piece of cake for them to crack such a small thing.

“You think I didn ‘t?”

The woman smiled bitterly.

On the day she obtained the divine lightning and the talismans, she had found someone to crack them. However, none of them had succeeded. There was a special layer of mechanism set up in these two treasures, and it was impossible to break through.

If he tried to break it by force, he would only destroy the two treasures.

“What? So many masters, but none of them could break it?”

The man was stunned, his face full of disbelief.

“These two items ... Are not ordinary! Those grandmasters all said that the person who refined these two treasures was of a much higher level than them, even to the point of crushing them. Now you should understand why I attached so much importance to them and came to see him in person!”

The woman said.

The man's mouth fell open, and he was stunned.

This man's attainments in the Dao of formations were so terrifying that he could suppress so many grandmasters of the heaven seeking Pavilion?

This person ... Who was he?

"These things might not have been refined by him. I heard that behind the Haotian club, there is a master who calls himself Haotian, and this person may be the apprentice or agent of that master Haotian!"

"This master Haotian is the one I want!"

The woman muttered as she looked out the window.

Her beautiful eyes glowed with a fiery light.

A person with heaven-defying array Dao attainments was someone all forces would fight for. Now that she had encountered him, she naturally would not let him go.
