

## The Mightiest Little Peasant Chapter 2996

“Young master, what are you drawing?”

Upon seeing the painting, Ji chunxuan’s face turned red.

She raised her head and looked at Tang Hao. Her eyes were like spring water.

Did the young master draw these things for her to wear?

This was too embarrassing!

“Cough! I’m asking you to take a look and pick a few sets that you think are the best.” Tang Hao coughed lightly and said awkwardly.

“This ... And this. Young master, did you design all of these? It’s so beautiful!”

She took a closer look, and her beautiful eyes gradually brightened.

She had never seen the styles of these clothes before. Some of them were bold and embarrassing, but there were also many that were gorgeous and beautiful. Even she was moved by them.

“What’s this? let me see!”

Ji Qiuci rushed in from outside and took a look at the drawing. Her eyes lit up.

“Waa!”

As she looked on, she would exclaim from time to time.

“Young master, I really didn’t expect you to have such interests! Are you going to let us wear it for you?” When she looked at Tang Hao again, her eyes were filled with mischief.

“Cough! I’m preparing to sell them, so I’m letting you guys choose.”

Tang Hao said awkwardly.

“This is for sale? Young master, that’s a good idea!”

“These will definitely be popular!”

The two sisters looked at the blueprint and were a little excited.

Such clothes were not sold on the market. Even the simplest style was not available. The only women’s clothes on the market were treasure clothes.

Most female cultivators would make their own, and the style was very simple.

If these were to be pushed out, it would probably sell like crazy!

“Young master, we all think that these are very good ...”

They carefully compared and picked out a few sets.

“These few sets! Alright, then we’ll use these sets as the female series, especially for female cultivators. As for these sets, they’ll be the male series!” Tang Hao quickly made a decision.

“Male series? Young master, you’re so bad!”

Ji Qiuci glanced at the men’s series, and even though she was bold, she blushed.

She even doubted if these clothes could really be worn.

“Each set has eight sets, and the materials have to be different. For the female series, you must use the best. Ten-thousand-year Ice Silk, Phoenix Feather, real Dragon’s beard, all of them have to be used. As for the male series, the materials have to be simpler, the cheaper the better!”

Tang Hao mumbled.

“Young master, why do you have to use cheap materials to sell to men? Aren’t they all for women to wear?”

Ji chunxuan was stunned when she heard that and asked innocently.

“Hey! Sister, are you stupid?”

Her sister, Ji Qiuci, whispered in her ear, and her beautiful face immediately turned red like a ripe apple.

“Bah! You and young master are both frivolous!”

She lowered her head and took a sip.

“My good sister, why are you acting so serious in front of me? don’t you think that I, your younger sister, don’t know what you’re like?” Ji Qiuci joked, “young master, don’t believe her. Her heart is even more impure than mine.”

“You ... Are you asking for a beating?”

Ji chunxuan’s face reddened as she chided, her beautiful eyes wide open.

“Cough! I’ll be leaving first!”

Tang Hao looked left and right, then picked up the blueprint and left.

“Young master, don’t go! “I’ll go too. I’ll help. When you’re done, let me wear it first ...” Ji Qiuci shouted and followed.

“Sister, what are you standing there for? let’s go!”

Seeing that Ji chunxuan was not moving, she quickly went up and pulled her over.

In the blink of an eye, seven days had passed.

In the midst of the romantic and ambiguous atmosphere, the first batch of clothes was completed.

Then, he went to the peach Garden and picked the ripe peaches. He took the divine Thunder and instant transmission talismans that his clone had refined with him and left for Nantian city.

In the restaurant’s private room, he saw a group of representatives.

He first took out three old things and distributed them.

“Next, I’ll show you something good!”

Tang Hao chuckled and said mysteriously.

“Oh! Is it a new work by the master?”

Everyone was excited.

What brilliant idea did Grandmaster come up with?

For a time, they were all filled with anticipation.

“This one!”

Tang Hao extended his hand. A light flashed in his palm, and a black box appeared.

“What is this? Could it be a new type of celestial artifact that I’ve never seen before?”

“It’s possible! A master’s product is definitely not ordinary. ”

They discussed fervently.

Tang Hao smiled. He reached out and opened the box. A set of black clothes was revealed.

Everyone looked at it and was stunned.

“What ... What is this?”

Someone said blankly, unable to figure out what was going on.

There were also some who understood and stared at it, their eyes as big as copper bells.

Gulu!

Some people swallowed their saliva dryly, their eyes almost shining.

“This ... This is too explosive!”

“Art! It’s simply art!”

They slapped their thighs and were so excited that they were incoherent!

They had never seen such a thing before. It felt like they had opened up a new world.

“Master is truly a God!”

“High! It was really high! They were all men, how could master be so outstanding! I really want to give master a few kowtows!”

They leaned closer and admired it carefully, then sighed.

Their faces were flushed red with excitement.

“F \* ck! This works too!”

Those who didn’t understand it took a while before they understood and almost knelt down.

It was really too awesome!

That master could even invent such a thing. He was really the idol of men!

“It’s so exciting!”

The Changchun Taoist covered his nose and almost had a nosebleed.

“I can’t think about it, I have to calm my heart!”

He closed his eyes and muttered a few words. Only then did he rid himself of all distracting thoughts and restore the tranquility of his bier.

“President, this is a great invention! I think this thing will be popular all over the world!” He said seriously, his eyes clear and he looked like a Saint.

“I also think that it will sell well!”

The others chimed in.

“This is just one of the sets. I call it the bewitching Fairy series. The other set is called pink temptation. The name is a little vulgar, but the style is more explosive. And this one ...” Tang Hao took out one set after another and placed them on the table.

Everyone looked over, and their eyes widened.

It was really too explosive!

How did that master come up with such an explosive design?

“These eight sets will all be sold for 20 yuan each. There are all kinds of sizes suitable for different body types. Also, these are specially sold to female Immortals. You need to find the female immortal agents below and let them sell them.”

“This is going to be expensive. The lowest is 100 yuan. The most expensive one is more than 200 yuan ...”

As Tang Hao said that, he took out the female series and showed it to them.

When everyone saw this, they almost knelt down again.

This master was truly a genius!

They were full of admiration.

Then, they distributed the clothes and left excitedly.
