

The Mightiest Little Peasant Chapter 2997

“We’re here!”

In the sky above a mountain range, a stream of light swept over.

A figure appeared in front of him. It was a man in a green robe. His aura was at the mid-stage human immortal realm.

He looked down and revealed a look of joy.

He had been to the mountain below a few times to buy things.

The master of this mountain was an agent of the now popular clear sky Association.

Speaking of the Haotian faction, everyone in this land knew about it!

With extremely high quality and low prices, he quickly opened up the market and rose like a comet, making his business extremely popular. It could be called a miracle!

Now, even those loose Immortals at the celestial immortal level had joined the clear sky Association.

There were even many people who fought to join them and become their agents, because once they became an agent, they would definitely make a lot of money.

“Fellow Daoist, what do you want to buy?”

As soon as he landed, he saw the agent come out to welcome him.

“Taozi!”

The green-robed man laughed, “the goods should have arrived, right?”

“We’re here! They’re here! I got a lot this time, enough to sell!” The agent chuckled.

These peaches were really selling like hotcakes. The last time, they were sold out early, causing him to be urged countless times.

“Give Me Five!”

The green-robed man said.

“Alright!”

The agent took out five heaven’s equal peaches and handed them over.

“Arg! By the way, fellow Daoist, I’m launching a new product this time. I believe you’ll be interested in it.” He suddenly chuckled and said mysteriously.

“Oh? A new product? Let me see!”

The Azure-robed man was rather excited.

Before this, the Haotian club only had three products. The first was the divine Thunder, the second was the instant-teleportation talisman, and the third was the heaven’s equal peach. They were all good things and he had bought them all.

The new product must be something good!

“Come! Look! Is it explosive enough?”

The agent took out a black box, held it in front of him, and slowly opened it.

“This ... This is ...?”

In the beginning, he didn’t understand.

This looked like clothing, but the fabric was too little!

After being stunned for a while, he finally understood, and his face turned red.

“How is it? it’s explosive, right? You don’t have to be shy! We’re all men, what’s there to be shy about!”
The agent laughed.

“This ... How much are you selling it for?”

The green-robed man stared at it for a long time, swallowing his saliva several times.

“It’s not expensive, just twenty! It’s so cheap!” The agent said.

“It’s quite cheap!”

The man nodded, his eyes burning.

“Then buy a few more sets? This thing is fragile, and it’ll be gone if you tear it a few more times!” The agent chuckled and gave a look that said, “you know.”

“Alright! Then give me a few sets!”

The man didn’t even think and nodded.

“Don’t worry, there are more designs here. You can choose first, don’t get dazzled!” The agent smiled again and took out boxes one after another. He opened them in front of his eyes, almost dazzled by them.

“These ... These were all designed by the master?”

The green-robed man was shocked!

The designs of these clothes were extremely bold and sexy. At first glance, some people might find them gaudy and unsightly, but upon a closer look, they would have a different feeling!

That was art!

He could see the unparalleled artistic quality of each set, which could display the charm of women to the extreme.

“Of course! Other than master Haotian, who else can design such a thing?”

The agent said proudly.

Master Hao Tian was his idol!

“One set of each!”

The green-robed man said excitedly.

“Alright!”

The agent laughed, took a set each, and put them away.

The green-robed man took it and left excitedly.

Not long after he left, another divine light swept over and landed on the mountain.

When he saw the master’s new work, he was also shocked!

“I want it! I want it! I want all of them! Give me five sets of each!” He patted his chest and said heroically.

When he got the goods, he left excitedly with a fiery face and a look of impatience.

At this time, the same scene was happening all over Nantian city.

The master’s new works were selling like hotcakes!

Within three days, all the goods were sold out.

“Guild leader, it’s too explosive!”

“All sold out! Everyone downstairs was asking for goods! President, hurry up and urge the master to quickly produce a batch!”

Jade talismans were sent to Dragon Mountain one after another.

Even Tang Hao was surprised by such a lively scene.

He knew that this item would sell well, but he did not expect it to be so popular!

Not only the male series, but even the female series was selling very well.

There were many female Immortals among the agents of the Haotian club. After their promotion, this thing was sold out. Even if it was more expensive, the supply was still in short supply.

Tang Hao could only speed up and do his best.

When the goods were out, they were quickly sold out again.

At this time, the news of the master's new work had gradually spread, causing a sensation everywhere.

Regardless of male or female cultivators, they were all eager to have a new set of master's skills.

"What? Haotian will release a new product?"

The news naturally spread to the various Chambers of Commerce.

"What kind of product will it be?"

In the ten thousand seas Chamber of Commerce, President Xu was extremely confused when he heard the news.

He really couldn't think of anything else he could sell.

"What ... What is this?"

When he asked someone to buy it and presented it to him, he couldn't help but be dumbfounded.

He just stared at it for a long time, not coming back to his senses.

He was completely stunned!

Was that master Hao Tian a monster?

What was in his head? how could he think of such a thing?

Looking at the clothes in front of him, he just wanted to slap the table and exclaim.

In the past, no one had thought of making this kind of underwear because no one would buy it. The female cultivators were used to making it themselves. But now, the master had designed these clothes and made them so gorgeous and beautiful that they could capture the hearts of the female cultivators in an instant. Naturally, they could sell.

Such a unique business vision and amazing design ability ...

It was too powerful!

“How much are all of these?”

His heart was burning with excitement. If his ten thousand seas Chamber of Commerce also seized this opportunity to launch a batch of products, they would definitely sell like crazy.

“These are all twenty, and these are more expensive. They’re all sold to female cultivators. The lowest is a hundred, and this is two hundred. They’re all made of the best materials and have many functions.”

After hearing this, President Xu was stunned.

After picking up the clothes and thoroughly examining them, he bitterly laughed.

“As expected of master Haotian. It’s still the same style as before. It’s of extremely high quality, but it’s sold at such a low price. If we were to sell it, we would have to sell it for at least 1000 Yuan to make a profit. How can we compete?”

He shook his head and immediately gave up on the idea of copying it.

He picked up the clothes and looked at them carefully. He was amazed.

Even he had to admit that this master Haotian was really powerful!
