

The Mightiest Little Peasant Chapter 3000

He strolled around the store for a while before walking to the counter.

“Shopkeeper, do you sell Daoist skills here?”

Tang Hao asked.

He didn't see a single Dao attainment bead on the shelf outside.

“Dao attainment? There is!”

Behind the counter, the shopkeeper glanced at Tang Hao. His expression was indifferent, unlike the enthusiasm he had displayed earlier.

To be able to be the manager of a large Chamber of Commerce like the ten thousand seas Chamber of Commerce, and also the largest headquarters in spirit Toad continent, his eyes were naturally sharp and could see through the identity of different people.

One's attitude would naturally be different when treating different people.

For example, the one just now was a true disciple of the divine wonder Palace, so his status was not ordinary. Moreover, that item was wanted by the Golden immortal disciple of the divine wonder Palace, so he had to treat it with even more enthusiasm.

However, the person in front of him didn't have any identification on him. Judging from his aura, he had just entered the earth immortal realm and was probably an itinerant immortal.

This was because basically, people with power here would have their identity identified. If it wasn't a jade pendant, it would be a badge or other kind of mark to indicate their identity and to reduce trouble.

90% of those without labels were itinerant Immortals.

If this was anywhere else, an earth immortal or a rogue immortal would be treated with respect. But this was the spirit Toad city, the largest Immortal City in the entire spirit Toad continent. In this place, an earth immortal or a rogue cultivator was nothing!

“Then take it out and let me see!”

Tang Hao said.

“How many do you want?”

The shopkeeper said.

“How many do you have here?”

Tang Hao said.

When the shopkeeper heard this, he was stunned for a moment, then he laughed.

This person's tone was really a little arrogant!

He must be joking!

He smiled and did not take it seriously.

This was Dao attainment, so it was very expensive. The current market price was 8000 Yuan per pill. Even an earth level deity could not afford a few at a time. Three to five pills was the maximum!

"Fellow Daoist, be honest and give me a number. Hand over the money and I'll get it for you!" He said, "the current market price is 8000 Yuan for one pill. Do the math and see how many pills you can buy!"

Tang Hao raised an eyebrow when he heard that.

The shopkeeper's tone had a hint of contempt.

"Take it all out!"

Tang Hao said in a deep voice.

"Fellow Daoist, you're making fun of me! How much do you want? just tell me!" The shopkeeper said with a frown.

"I said, take them all out, so I'll naturally take them all!"

Tang Hao said.

When the shopkeeper heard that, he sized Tang Hao up from head to toe. His expression darkened, and even his tone was a little unhappy.

"My fellow cultivator, I have hundreds of cultivation stones in my shop. Do a quick calculation. Eight thousand for one. How much is that? it's not that I don't believe you, but ordinary people can't afford this price." He said.

"Only a few hundred?"

Tang Hao furrowed his eyebrows.

A few hundred was too little.

When the shopkeeper saw this, his face darkened even more.

This guy couldn't be here to cause trouble, right?

A few hundred Dao attainment points were worth two to three million. Not to mention an earth immortal, even a heaven immortal couldn't take out so much money at once.

How could this guy take it out!

He clearly knew that he couldn't afford it, but he still said that. If he wasn't causing trouble, what was he?

"Fellow Daoist, do you know that this is spirit Toad city, and my shop is also the ten-thousand seas Chamber of Commerce, not some small Chamber of Commerce? if you cause trouble here, you'll have a hard time!" His face turned cold and he said unhappily.

"Hahaha! That's right!"

Tang Hao was about to say something when he heard a burst of laughter from outside the door.

The voice sounded familiar.

Frowning, he turned around and saw long Xiaozi walking in with a group of people.

Long Xiaozi strode over with his head raised, his face full of ridicule and mockery.

He had heard everything that had happened just now from outside.

A small itinerant immortal actually opened his mouth and wanted to buy several hundred Dao attainment!

What a joke!

How could a loose immortal who had just become an earth immortal have millions of immortal crystals?

Wasn't this guy here to cause trouble?

This guy must have a death wish to cause trouble in spirit Toad city!

"Yo! Young master Long Xiao is here!"

When he looked up, the shopkeeper's expression immediately changed. He revealed an extremely warm smile and bowed. He hurriedly walked out from behind the counter and went forward to welcome them.

"Why is young master here again? Is there a problem with that guy?"

He asked enthusiastically.

"No!"

Long Xiaozi chuckled. "How could there be a problem with the goods of your ten-thousand seas trading company?"

"Isn't that so! The goods of my ten thousand seas Chamber of Commerce are all of the highest quality!" The shopkeeper patted his chest and laughed.

"I just happened to pass by here and heard someone talking big here, saying that he wanted to buy all the cultivation skills in your shop. I was curious, so I came in to take a look. I thought it was some powerful figure!"

Long Xiaozi turned to look at Tang Hao, his eyes filled with mockery.

"Who would have thought that he was just a puny early stage earth immortal! He doesn't seem to have any status. I'm afraid he's just a loose immortal!"

He raised his voice and sneered.

"Hey! Young master, please don't mind this kind of person. I'll send him away." The shopkeeper said.

He turned around and was about to yell at Tang Hao.

"Al! Shopkeeper, there's no need for this! Even if he's here to cause trouble, it's wrong of you to chase him away. Just let him watch from the side!" Long Xiaozi waved his hand and laughed.

"This ... Is good!"

The innkeeper was stunned and somewhat puzzled.

However, since young master Long Xiao had said so, he couldn't continue to chase him away.

"There are some people who don't have the strength but like to show off. Now, they've even come to spirit Toad city to show off. What a joke and a pity!" Long Xiaozi glanced at Tang Hao from the corner of his eyes and sneered. "I'll show you what true strength is today!"

"That's right. You still dare to pretend here. What a joke!"

Behind him, the group of disciples of the divine wonder Palace laughed mockingly.

Their eyes were filled with mockery.

"Shopkeeper, come, take out all the cultivation skills in your shop for me! I'll take as many as you have!"

Long Xiaozi turned around, looked at the shopkeeper, and shouted.

The shopkeeper was stunned again.

Then, he trembled with excitement and almost jumped up.

“Alright!”

He shouted, extremely excited.

“Young master is so generous!”

He even flattered her, his tone almost flattering.

“Look at him!”

He glanced at Tang Hao from the corner of his eyes and mumbled.

Only a golden immortal’s disciple was qualified to say such words. How dare this puny early Earth immortal say such words?!

“Young master, look. This is all the cultivation in the shop. There are three hundred pills in total. If we sell them at eight thousand each, that’s two million and four hundred thousand. You’re a distinguished guest of our Chamber of Commerce, so you can get a discount ...”

The manager took out a golden jar and placed it on the counter.

“No need! What discount? do I need this little money?”

Long Xiaozi sneered.

“Ai! Good! Young master is so generous!”

The innkeeper was stunned for a moment, then he broke into a smile.

He flattered and pushed the jar in front of long Xiaozi.
