

The Mightiest Little Peasant Chapter 3001

“Did you see that? this is my senior brother Long Xiao’s strength!”

One of the disciples of the divine wonder Palace sneered at Tang Hao.

“If you don’t have the strength, then don’t act tough. Don’t you feel embarrassed?”

The others laughed as well.

When long Xiaozi heard this, the corners of his lips curled up, and he revealed a smug expression.

No ordinary person could afford more than two million immortal crystals. He was the disciple of a gold immortal with an extraordinary status, which was why he could have so many immortal crystals, while this guy was just a puny itinerant immortal!

Forget about two million, even if it was two hundred thousand, he would definitely not be able to take it out.

This kind of trash dared to go against him and even dared to say such arrogant words like “what’s a golden immortal disciple?”he was really overestimating his own ability!

He glared at them coldly and snorted, his eyes full of disdain.

“Shopkeeper, money!”

Then, he took out a storage bag and placed it on the counter.

“Just nice!”

The shopkeeper took it, counted it, and grinned.

Long Xiaozi nodded and was about to collect the Golden jar.

“Hold on!”

However, at this moment, a low shout came from the side.

He paused, turned around, and shouted coldly, “Why? do you have a problem with me using money to buy things?”

“I asked for it first!” Tang Hao said indifferently, his expression calm.

Long Xiaozi was stunned.

The group of disciples from the divine wonder Palace behind him were also stunned. After a while, they regained their senses and burst into laughter.

“This guy is still pretending!”

“You asked for it first? Hahaha! You’re speaking as if you can afford it!”

They laughed.

The innkeeper was stunned for a moment before he sneered.

This guy was still pretending at this time!

Moreover, this guy was too bold! Didn’t he know that this was a golden immortal disciple? With such a distinguished identity, even a celestial immortal expert did not dare to provoke him. How could he, a mere earthly immortal, dare to provoke him?

“You really don’t know what’s good for you!”

“I’m sorry,” he mumbled. He looked at Tang Hao with pity.

After offending a golden immortal disciple, this fellow’s ending would probably be very miserable!

“You asked for it first? Alright! If you can afford it, I’ll let you have this cultivation. ” Long Xiaozi sneered.

“Good! You said it yourself!”

Tang Hao chuckled. He raised his hand and a bag appeared in his palm. He tossed the bag onto the counter.

Seeing this, everyone was stunned.

The roaring laughter also stopped abruptly.

Their gazes fell on the bag in unison.

Was there really 2.4 million immortal crystals in that bag?

That’s impossible!

How could a puny earth immortal with the status of a loose immortal be able to take out so much money?

To loose Immortals like them, 2 million is an astronomical figure.

“Impossible!”

The shopkeeper hesitated for a moment, then shook his head and sneered.

He absolutely didn't believe that this guy could really take out so much money. He was probably pretending!

At that moment, he reached out and grabbed the bag, trying to poke through it.

However, the moment he opened the bag and sent his divine sense into it, his entire body trembled as if he had been struck by lightning.

His eyes suddenly widened, almost popping out of their sockets. They were filled with extreme shock and horror.

"What's going on?"

Seeing him like this, the group of mysterious sect's disciples all revealed doubtful expressions.

Looking at the shopkeeper's appearance, he seemed to be frightened!

But how was that possible?

This was the head shopkeeper of the ten-thousand seas Chamber of Commerce. What kind of situation had he not seen before? what could possibly scare him to this extent?

"Don't tell me he really has that much money? But, two million is not enough to scare the shopkeeper to this extent!" Long Xiaozi looked at the shopkeeper, then at the bag, and muttered.

He felt that the shopkeeper's reaction was extremely strange.

"Let me see!"

He snorted and took a step forward. He took the bag from the shopkeeper's hand and then entered his divine sense.

In the next moment, his body trembled and his eyes widened.

"This ... This ..."

He blurted out in shock, his face contorted from extreme shock.

Inside the bag, he saw mountains of gold, each of which was extremely tall and dazzling. They were shrouded in a dazzling divine light, and upon a closer look, he realized that they were all immortal crystals!

They were all mountains of immortal crystals!

It was a spectacular sight, one after another!

He couldn't even count how many immortal crystals there were because his eyes were almost dazzled.

“This ... How is this possible!”

He muttered to himself, completely stunned.

“Senior brother, what’s wrong?”

Seeing him like this, the group of mysterious sect’s disciples were even more confused and shocked.

What exactly was in that bag that could shake his senior brother into such a ghostly appearance?

“You ... You ...”

Long Xiaozi only regained his senses after a long while. He raised his head and glared at Tang Hao.

His mind was still extremely shocked.

There were more than a few million immortal crystals in the bag! It was probably tens of millions, or even close to a hundred million!

But this was too absurd!

How could a puny earth immortal have so many immortal crystals?

Even if he was a golden immortal disciple, it was impossible for him to have so much money!

The shopkeeper finally came back to his senses. He raised his head and looked at Tang Hao. His eyes were filled with shock and confusion.

There were so many immortal crystals in the bag that he couldn’t count them all at once, but he could roughly guess that there were close to 100 million.

100 million immortal crystals!

This was a shocking number!

It was impossible for an ordinary person to have so much money! Even those famous celestial Immortals didn’t have that much money on them!

Who was this guy?

He knew that he had made a mistake. The person in front of him was not a mere itinerant immortal at all. He must have a great background. Otherwise, how could he carry nearly 100 million immortal crystals with him?

When he thought of his contemptuous attitude just now, he felt a wave of regret.

If this person really had an extremely powerful background, he would not be able to keep his position as the shopkeeper if he was investigated.

“Have you seen enough? Then let go!”

Tang Hao smiled faintly. He walked forward and took the bag from long Xiaozi’s hands. He glanced at long Xiaozi with a half-smile.

Long Xiaozi’s face instantly turned livid.

This guy was clearly mocking him!

His eyes were wide open, and he clenched his fists tightly. His face gradually turned red.

Behind him, the group of wondrous sect’s disciples also noticed that something was amiss, and they all fell silent.

They knew that there must be a lot of immortal crystals in the bag, at least two to three million. Therefore, both the manager and senior brother were shocked.

Their faces were a little embarrassed. Just now, they had mocked and ridiculed him, but in the end, he really had so much money. It was not an act at all. This slap had slapped their faces swollen.
