

The Mightiest Little Peasant Chapter 3002

“Shopkeeper, take the money!”

Tang Hao held the bag and looked at the shopkeeper.

The shopkeeper responded and quickly took out a storage bag.

A warm smile had already appeared on his face. “Fellow Daoist, I’m really sorry for what happened just now! I was blind and didn’t see how extraordinary you were! How about this, I’ll apologize to you and give you a 10% discount?”

“No need. Do I look like I’m lacking that little bit of money?”

Tang Hao said indifferently.

As he spoke, he glanced at long Xiaozi.

Long Xiaozi’s face turned even redder.

He clenched his fists tightly, and his entire body trembled from extreme shame and anger.

This was what he had said just now. If this guy said it, wasn’t it humiliating him?

“This ... Is fine too!”

The shopkeeper was stunned for a moment. He sneaked a glance at long Xiaozi with a strange expression on his face.

Previously, he had thought that this guy was reckless and dared to provoke a golden immortal disciple like young master Long Xiao. But now, it seemed that this wasn’t the case. This person must have some background to be able to carry nearly 100 million immortal crystals with him. Perhaps he could really compete with young master Long Xiao.

He didn’t dare to get involved in such a grudge.

He nodded, opened the bag, and took the immortal crystals from the other side.

“Just in time!”

He counted again and nodded.

Tang Hao closed his storage bag and took the Golden jar. He counted the number of jars and put them away after making sure that the number was correct.

“Shopkeeper, is this all you’ve got?”

He asked.

300 Dao attainment points were too little for him. What he wanted was tens of thousands.

Hearing his words, the disciples of the mysterious sect were all shocked.

Three hundred pills were not enough. It seemed that there was more than two or three million in the purse. There must be more than ten million. That was why the shopkeeper and senior brother were so shocked.

“Who is this guy?”

“How could he have so much money? Didn’t he say last time that he was only a loose immortal?”

They discussed in low voices, their expressions extremely puzzled.

Only a ghost would believe that he was an ordinary itinerant immortal who could carry tens of millions of immortal crystals with him!

The shopkeeper smiled and said apologetically, “fellow Daoist, it’s not that I don’t want to sell it to you. It’s just that I really only have this much left in my shop. Although this shop is expensive, there are many people who buy it. One or two pills can be sold every day. There won’t be much stock left!”

“But you don’t have to worry. Although my shop is gone, there are still some at other shops. There are also some at the headquarters. If you want them, I’ll transfer some over for you. You can give me a number first!”

“Ten thousand!”

Tang Hao said in a deep voice.

“Ten ... Ten thousand?”

The mysterious sect’s disciples at the side were all stunned, unable to believe their ears.

“What is this guy saying?”

“Is he crazy?”

Then, they cried out in shock.

“Senior brother, listen, is this guy crazy? He wants to buy 10000 cultivation stones!” A disciple looked at Long Xiaozi and laughed.

However, the next moment, his laughter stopped abruptly.

That was because senior brother Long Xiao didn’t laugh with him. His face was still ashen.

This also meant that the guy was not bragging. The money in the bag was really enough to buy ten thousand Dao attainment pills!

“Heavens!”

His eyes widened as he looked at the money bag. He was extremely shocked.

There were more than 80 million immortal crystals in the purse!

This guy ... What exactly was his background?

The other wondrous core disciples also realized this and were extremely shocked.

“Ten ... Ten thousand!”

Even the shopkeeper was shocked.

This number was a Little Big.

“What’s wrong? You don’t have any?”

Tang Hao said coldly.

“This ... There might really not be one!” The shopkeeper said with a bitter smile.

Even with the headquarters ‘stock, it was estimated that there were only two to three thousand pills, which was not enough to satisfy this person.

“Aren’t you the second largest Chamber of Commerce? You don’t even have ten thousand Dao attainments!” Tang Hao furrowed his brows in disappointment.

The shopkeeper was speechless and could only smile.

“Alright! Then take out all of your stock, take as much as you have!” Tang Hao said.

“Alright!”

The shopkeeper quickly responded, then turned around and walked into the inner room.

This business deal was too big, and he didn’t have the authority to move so many goods. He had to report it.

He returned after a while and said to Tang Hao, “Fellow Daoist, you’ll have to wait for a while. Why don’t you go into the private room and sit for a while?”

“There’s no need for that!”

Tang Hao said, waving his hand.

Long Xiaozi and the rest didn't leave either. They just stood at the side.

"It's impossible for him to have so much money. He's just using it to purchase!"

"I think so too. It's already good enough for an early Earth immortal to have tens of thousands of immortal crystals. How could he have nearly a hundred million immortal crystals?"

They glanced at Tang Hao from time to time and discussed among themselves.

In their opinion, this guy was definitely not an itinerant immortal, but a member of some powerful force. The money naturally belonged to that force, and he was only here to buy things!

"This guy ... Which force does he belong to?"

Long Xiaozi was also sizing up Tang Hao, trying to figure out something.

But after looking at him for a long time, he still couldn't identify this person. There was nothing on this person that could show his identity.

"Manager Gao, who's the honored guest who wants to buy so many cultivation techniques?"

After a while, a voice was heard from the inner room.

Then, a figure walked out.

"It's young master Long Xiao!"

The first thing he saw was long Xiaozi. He immediately cupped his hands and chuckled in a very polite manner.

A disciple of a golden immortal had an extraordinary status, so he was worthy of being so polite.

"Greetings, President Xu!"

Long Xiaozi also cupped his hands and returned the greeting in a very polite manner.

The person who had just arrived was the president of the spirit Toad continent's main branch of the ten-thousand seas Chamber of Commerce. He was in charge of over a thousand shops and was a rather influential person in the entire spirit Toad continent. Even if his teacher had come, he would have to be respectful.

This was because each and every one of these Chambers of Commerce was a Colossus. Ten thousand seas Chamber of Commerce was the second largest Chamber of Commerce in the entire immortal world. The power they held was unimaginable, and even the divine wonders Palace did not dare to offend them.

“That person can’t be young master, right?”

President Xu walked out and said with a smile.

As soon as he finished speaking, he was startled. He caught a glimpse of a figure beside him.

He stopped where he was, and his face revealed a somewhat dazed expression.

He naturally knew this person.

But why was he here?

“Guild leader, that’s him!”

The shopkeeper said in a low voice.

Only then did President Xu come back to his senses. He was a little stunned.

He had never thought that the person who came to his ten thousand seas trading company to do such a large business would be this person.

“Aiya! So it’s brother Shi!”

Then, he greeted Tang Hao with a warm smile. When he reached Tang Hao, he shook hands with him and patted his shoulder as if they were old friends.

The innkeeper, long Xiaozi, and the others were all dumbfounded!
