

The Mightiest Little Peasant Chapter 3003

“He ... Who is he?”

Everyone was extremely shocked.

The president of the spiritual Toad Chamber of Commerce was actually so familiar with this person, as if they were brothers.

What kind of extraordinary background did this person have?

“How did this happen?”

The wondrous sect’s disciples were especially shocked.

Just now, they all thought that this person was from a big force and had come to buy with their own money!

But now, it seemed that things were not like that!

This person was actually so familiar with someone like President Xu and even had him affectionately call him brother Shi. His identity must be extremely extraordinary.

“Guild leader ... This is?”

The innkeeper was stunned for a long time before he came back to his senses and asked slowly.

He couldn’t believe that this person was so familiar with Chairman Xu that the chairman would welcome him so warmly.

“Oh! You might not know him, but I’m sure you’ve heard of him!”

Said President Xu with a smile.

“Oh, really?”

The shopkeeper was even more puzzled.

“Haotian Guild, haven’t you heard of it?” President Xu smiled and pointed at Tang Hao. “This is the president of the clear sky Association. He founded the clear sky Association!”

“Haotian faction?”

When the shopkeeper heard this, his body trembled and he was stunned.

His eyes widened as he looked at Tang Hao in shock.

The Haotian faction!

This name reverberated like thunder in the ears!

In the current spirit Toad continent, who hadn't heard of this name!

In just a few months, they rose like a comet and expanded their business to every corner of the spirit Toad continent. They became popular everywhere and created miraculous Chambers of Commerce one after another!

As the head manager of the Chamber of Commerce, he had naturally studied the clear sky Association and held this magical Chamber of Commerce in high esteem.

He didn't expect that this ordinary-looking earth immortal, who was only in the early stage, was the founder of this magical Chamber of Commerce!

"It's the president of the clear sky Association! I've been disrespectful! I've been disrespectful!"

When he came back to his senses, he took a deep breath and suppressed the excitement in his heart. He bowed deeply to the figure and spoke in an extremely respectful tone.

With this person's achievements, his status in the business world was extremely high, and he was worthy of such a big bow.

"Haotian faction? He's the president of the clear sky Association?"

"That's impossible!"

The group of mysterious sect's disciples was once again stunned.

Even long Xiaozi's eyes were filled with shock.

He had naturally heard of the Haotian faction and had bought some products before. He looked at the guy in front of him and could not associate him with the Haotian faction at all.

The current Haotian faction was extremely famous and their business was booming. Furthermore, they had recruited many agents and guest experts. Their strength was already very strong, and even the divine wonders Palace did not dare to underestimate them.

How could this guy be the leader of such a force?

He couldn't believe it, but he knew that President Xu couldn't have mistaken him for someone else. The nearly 100 million immortal crystals in this guy's bag also proved his identity, and he was indeed the president of the clear sky Association.

His face gradually darkened and he looked a little embarrassed.

He was a disciple of a golden immortal, while this guy was in charge of a huge new Chamber of Commerce with amazing wealth. In terms of status, the two were almost the same.

“Brother Shi, I heard that you want to buy a lot of cultivation! I’ve just calculated that the Chamber of Commerce can get nearly 3000 pills, and this is all we have. I can’t get more in a short time, so please forgive me!”

Director Xu cupped his fists at Tang Hao and apologized.

“Then three thousand it is! I’ll take as many as you have!” Tang Hao said.

“Alright! Brother Shi, if you have any needs in the future, you can let me know in advance. I’ll prepare more for you. I see that the Haotian club’s business is so good now, and you don’t lack money!”

Said President Xu with a smile.

“Aiya! Speaking of the Haotian faction’s business, I have to admit that I’m impressed! He’s really too powerful!” Then, he sighed.

Even he was envious of the Haotian club’s booming business.

“President Xu, you’re too kind. No matter how good our Haotian club’s business is, it can’t be compared to your ten thousand seas Chamber of Commerce!” Tang Hao replied politely.

“Ah! Little brother, you’re too humble!”

President Xu laughed.

After chatting for a while, he finally noticed Long Xiaozi again.

“By the way, what does young master want to buy?” Seeing that Long Xiaozi wasn’t leaving, he asked.

“It’s nothing! President Xu, I’ll take my leave!”

Long Xiaozi’s face was cold. He raised his hand and bowed, then turned around and left with the rest of the people behind him.

If he stayed any longer, he would only be asking for humiliation. It was better to leave early and save face!

“This is ...”

President Xu was a little puzzled.

Seeing that the people from the divine wonder Palace had left, he turned around and said, “I don’t know what’s wrong with young master Long Xiao today. He’s probably in a bad mood! Brother, come, let’s talk inside!”

Then, he turned to the side and led Tang Hao and the two girls into the room.

After about two hours, someone came in and presented a golden jar.

“Brother, there are a total of 3200 pills. Count them!”

Chairman Xu said as he pushed the can in front of Tang Hao.

“That’s right!”

Tang Hao nodded after counting the numbers.

“That’s 25.6 million. I’ll give you a 10% discount, so 23 million. How about it?” Said President Xu with a smile.

“Alright!”

Tang Hao nodded. He took out some money and paid the bill.

He chatted for a while longer before he got up and left.

After leaving the thousand seas Chamber of Commerce, he went to the Hongtu Chamber of Commerce and bought over 2000. Then, he went to the heaven seeking Pavilion and bought over 4000. He then went to a few larger shops and bought more.

He went around all the Chambers of Commerce in the city and emptied their inventory. He bought a total of 13000 Dao attainment pills.

This was enough for him to advance to the mid-stage.

With Dao attainment, he returned to Dragon Mountain through the teleportation formation.

As soon as he returned to his own Hall, he took out his Dao attainment and began to swallow and refine it.

He opened his mouth and sucked in a deep breath. The Dao turned into a torrent and was swallowed into his stomach, then refined.

As he refined more and more Dao attainment, the aura on his body continued to soar.

“Finally, I’ve reached the middle stage!”

After refining all his Dao attainment, he couldn’t help but smile.

It was already very fast for him to enter the mid-stage from the early stage of earth immortal in more than seven months. As long as Haotian continued to develop, he would soon enter the late stage, or even the celestial immortal realm.

The standard for a heaven immortal was 50000 Dao attainments.

At that level, he could be considered to have a firm foothold in the immortal world and a little bit of strength.

He got up and went to the peach Garden. After cleaning it up, he returned to the hall and continued to refine divine lightning, instant transmission talismans, and various series of underwear.

At the same time, he began to think about his next product.

Only selling four products was too little. The more products he had, the faster he could earn money.

Soon, he had many ideas and began to try to make it.
