

The Mightiest Little Peasant Chapter 3006

“Hurry up and go!”

Long Xiaozi berated.

“Yes! Senior brother!”

The disciple responded and hurriedly turned around to leave.

“That guy is at most a mid earth immortal now. As long as we invite the experts of the mortal world, even if we can’t kill him, we can at least severely injure him and take revenge!” He mumbled, his eyes extremely ruthless.

In the immortal realm, there were many assassin organizations. Most of these organizations were hidden in the dark and were very mysterious. It was difficult for others to find them.

However, he was a core disciple of the divine wonder Palace and a disciple of a golden immortal, so he had naturally come into contact with such an organization.

The members of these organizations were all skilled in assassination and had extraordinary abilities. Red dust was one of the best, and his success rate was as high as 50%.

This was a very shocking number!

As for the other organizations, most of them only had 20 to 30 percent.

Because the targets of the assassination were all Immortals, it was not easy to kill them. Thus, it was already very impressive to be able to reach 50%.

“Senior brother, I’ve contacted him. He said that he’ll meet you in yunguang city in three days!”

Not long after, the disciple returned.

“Alright!”

Long Xiaozi nodded, his face revealing a happy expression.

After three days, when the negotiations were settled, that fellow would have to suffer. With the experts of the red dust World taking action, that fellow would be crippled if not dead.

Three days passed by in a flash.

In a restaurant in yunguang city, long Xiaozi met Hong Chen’s contact person. He was dressed in a black robe and had a ghostly face, so it was impossible to see his appearance clearly.

“It’s really rare for young master Long Xiao to actually have a time when he needs me, Hong Chen!”

That person laughed.

“Isn’t that normal? Everyone has times when it’s inconvenient for them to make a move. Shouldn’t you be happy that I’m patronizing your red dust world’s business?” Long Xiaozi said.

“I’m happy! Naturally, I’m happy!”

The man said, “young master, I’m sure you know that I, red dust, don’t take on just any job. Tell me your goal and your requirements first. I’ll think about it before I make a decision.”

“Naturally!” Long Xiaozi nodded and said, “fellow Daoist, have you heard of the Haotian faction that has been very popular recently?”

“I’ve heard of it. It’s so popular. Who hasn’t heard of it? this clear sky Association is not ordinary! It’s a miracle that he has risen to this level in just half a year!” That person asked, “why? has the divine wonder Palace taken a fancy to the clear sky Association?”

“No! It’s just a personal grudge. The one I want to deal with is the clear sky Association’s President. ”

Long Xiaozi said.

“President?”

The man was startled and muttered to himself.

“Young master, this job isn’t easy to take on!” A moment later, he said in a deep voice, “that area is the territory of the individual Immortals, and all the powerful individual Immortals there have joined the Haotian faction.”

Long Xiaozi laughed. “There are many itinerant Immortals. This also means that it’s easier to sneak in and make a move, right?!”

“Young master, if you put it that way, then there’s no way to talk about this business!”

That person said coldly.

“Fellow Daoist, we are all smart people. Let’s cut the crap and just state your price!” Long Xiaozi said.

How could he not see that this guy was just trying to raise the price?

It was easy to sneak into the territory of an itinerant immortal, much easier than assassinating those big sects and families. Besides, that guy was only a mid-stage earth immortal, not a big deal.

“Fixed price, five million!”

That person muttered.

“Alright!”

Long Xiaozi slammed the table and shouted.

Although five million was a little expensive, it was worth it.

“Here’s five million, count it!” Then, he took out a storage bag and threw it on the table.

The man took a look and nodded. “That’s right! Exactly five million, young master is really forthright!”

“Young master, I’m sure you know that even I, Hong Chen, don’t have a 100% success rate. There’s a huge risk of failure. But don’t worry, I’ll make your five million well spent.” Hong Chen said.

He said after keeping the money.

“I’m naturally aware of that. I’ll leave this matter to you then! I’ll be waiting for your good news!”

Long Xiaozi stood up, cupped his hands, and left.

“Clear sky Guild ... President!”

The man did not leave. He sat in place and muttered to himself.

He didn’t know much about the Haotian faction, because it had risen too quickly. He knew even less about the president.

“Send some people over to find out the situation first! We’ll decide who to send then!”

A moment later, he stood up and left.

Soon, pieces of information were sent back from Nantian city to him.

“I don’t know who this person is. I only know that his surname is Shi. He appeared in Nantian city seven or eight months ago and joined the Shang Qing Grotto-heaven. At that time, he was only an early Earth immortal ...”

“After that, he roped in a group of individual Immortals and established the Haotian Association, which gradually grew stronger.”

“Behind him, there’s a mysterious master Haotian. All the products of the Haotian club are made by that master. We don’t know how powerful he is, but we know he’s very accomplished in craftsmanship and has a great talent in business.”

“Dragon Mountain ... It’s a mountain created by Daoist Shangqing. The formation was also created by him. It’s a divine immortal level formation!”

“According to the current information, there are only four people on the mountain. President Shi, the mysterious master Haotian, and a pair of women.”

After reading all the information, he began to consider.

The biggest unknown now should be the mysterious master Haotian. No one had seen him before, and no one knew what his realm was.

“Let’s eliminate the Golden immortal first. It’s impossible for him to be a late heaven immortal either. He’s at most a mid-stage heaven immortal. I’ll send someone of the same level over, and that’ll be enough to complete the mission. ”

He pondered.

This mysterious master Haotian might be an early or middle stage heaven immortal. The formation of Dragon Mountain was also set up by a heaven immortal. To complete this task, a middle stage heaven immortal had to be involved.

“As long as a mid-stage heaven immortal can sneak into Dragon Mountain and kill a mid-stage earth immortal, he’ll have a high chance of success. It’ll be easy for him to escape.”

“There are quite a few people at this level, who should I choose?”

“He will do! Shadowless! He’s the best at breaking formations and hiding, so he’s the most suitable person to take on this task. ”

He pondered for a moment and made a decision.

He quickly sent out the assassination mission.

Not long after, somewhere in the spirit Toad continent, a white-faced man caught a jade talisman that flew from the sky. He opened it and his brows twitched.

“Clear sky Guild’s ... President? This is an interesting target!”

“It seems that the Haotian faction’s business is too good. Some people don’t like them!”

He chuckled.

“Mid-stage earth immortal? As long as I can sneak in without being discovered, I’m 100% sure that I can kill that guy. Or, I can wait patiently for that guy to come out, and then I can kill him. ”

He thought for a moment and came up with a comprehensive plan.

Then, he quickly got up and headed for Nantian city.
