

The Mightiest Little Peasant Chapter 3009

“Eh? What is this guy doing?”

The hidden assassin, shadowless, was suddenly startled.

However, he saw that fellow come out of the mountain with his hands behind his back. He strolled around in a circle and suddenly flicked his sleeves, sending out array flags.

“There seems to be too few formations here. I don’t feel safe enough. Let’s set up a few more!”

That fellow muttered in a low voice as he controlled the array flags to fly in all directions.

The assassin was dumbfounded when he heard that!

He shrank back and stood there in a daze for a long time.

Then, his body twitched and he almost spat out a mouthful of blood.

F * ck!

There were more than 140 F * cking arrays! Do you still think it’s too little? is it not enough to give you a sense of security?

You’re a F * cking demon!

“Pervert! He’s really too abnormal!”

When he came back to his senses and looked at that fellow again, his gaze was already somewhat aghast.

He had never seen such a perverted guy!

“It’s already 150, but it’s still not enough. Why don’t we add a few more layers? every Palace on this mountain needs to have a few more layers. That’s right. The business of the Guild is getting better and better recently, and I have more and more money on me. I won’t be at ease if I don’t add a few more major arrays!”

“Al! How much money do I have? I can’t seem to count it anymore. Let me count again ... Ten million, twenty million ...”

That guy started to mumble again after setting up a few great formations.

As he spoke, he took out a bag. When he opened the bag, endless golden light poured out.

The golden light was so bright that it almost lit up the night sky.

The killer was dumbfounded again!

He stood there in a daze, his face twitching uncontrollably.

Those golden lights ... Were all F * cking immortal crystals!

Countless immortal crystals piled up in the air, forming mountains. It was a magnificent sight.

His eyes were about to turn red!

He really wanted to rush out immediately and kill this guy who was showing off his wealth.

“Al! He had just spent a hundred million Yuan, and now he had tens of millions. Why couldn’t he spend all this money? I’m so vexed! Other than money, what else do I have left in My Immortal life? All that’s left is emptiness!”

The guy counted the immortal crystals in the air and sighed.

As he spoke, he grabbed a handful of immortal crystals and threw them in all directions.

The veins on his forehead were about to pop out as he watched.

This bastard was clearly showing off his wealth!

This damn rich man!

He gritted his teeth and cursed in his heart.

He was a mid-stage heaven immortal expert, so he naturally had a lot of money, but not to this extent, where he could easily spend tens of millions or even hundreds of millions.

“This is a good opportunity! This is the time to kill him!”

His mind flickered, and his killing intent rose.

At this moment, this guy’s mind was in a state of emptiness, loneliness, and coldness, so it was a good time to make a move.

He immediately dashed out and in the blink of an eye, he was behind that guy.

His body trembled and his mid heaven immortal aura burst forth. A Golden Spike materialized in his hand and shot forward with a shocking aura.

This was the immortal crushing awl, a Supreme magical treasure for assassination, refined by gold Immortals.

As long as he was hit, with this fellow’s cultivation, he would definitely die!

“It’s done!”

He was overjoyed when he saw the immortal vanquishing awl and almost cheered.

However, at this moment, the figure suddenly disappeared.

“What’s going on?”

He couldn’t help but turn pale with fright. He looked left and right and saw the figure materializing not far away, hands behind his back, looking at him with a smile.

“You ...”

Seeing this, he was even more shocked.

Why wasn’t this guy surprised at all? it was as if he had already known of his existence?

But how was that possible?

Even a heaven immortal or a golden immortal might not be able to notice that he had an Immortal King treasure like the primordial gold battle suit, let alone an earth immortal.

It was absolutely impossible for a puny earth immortal to do that!

However, this fellow’s performance was indeed as if he had already seen through him. This was truly unbelievable!

“Your clothes are pretty good!”

The man said with a smile, his eyes darting back and forth over his body, seemingly a little green.

“You ... What do you want to do?”

He subconsciously shivered. He didn’t know why, but he actually felt a huge pressure under this gaze.

It was really like seeing a ghost!

He’s just a little earth immortal, why should I be afraid of him!

“President Shi, you’re so capable! You can actually find me!” He snorted coldly and said, “since you’ve found out, I’ve failed my mission. See you again!”

After he finished speaking, he raised his hand and was about to leave.

Since he had failed in his first attack, he had no chance to kill this guy. It would be dangerous for him to stay here. There were more than 150 formations down there. Moreover, this guy’s men were all in the mountain range.

He wasn't afraid of earth Immortals, but he was afraid of those loose immortal experts at the celestial immortal level. That would be troublesome.

"Fellow Daoist, why are you in such a hurry to leave? why don't you stay and have a chat?"

Tang Hao said with a smile.

"Hmph! What's there to talk about?"

"Of course we're here to talk about your purpose today!" "I don't think ... You're here for the money," Tang Hao said."You're more like you're here to kill me. I'm curious. Who are you and who ordered you to do so?"

"A mid-stage heaven immortal can't hire many people, only those major forces. I think you were ordered by the divine wonder Palace to kill me!"

"I don't know anything about the mysterious Palace. I just received a Commission to take your life! Goodbye!"

The assassin snorted and turned into a divine light. He rushed up and quickly disappeared into the night sky.

Tang Hao stood where he was without moving.

This was a mid-stage heaven immortal, and it would not be easy to stop him. If they were to fight here, it would undoubtedly cause great damage.

"You think you can run away just because you've left? Hmph! I'll deal with you later!"

He snorted coldly as he looked in the direction that the man had gone.

This person wanted to kill him, so he would not be polite. He would definitely take revenge ruthlessly. Otherwise, there would be more people coming in the future.

"What? Someone wants to kill you? You didn't even notice that he had broken through hundreds of great formations?"

He sent out a ring of Jade talismans, and soon, divine lights swept over from all directions and landed on the sky above Dragon Mountain. They all looked nervous.

This was their current financial backer, nothing could happen to him!

Therefore, as soon as they heard that he had been assassinated, they immediately rushed over as fast as they could.

"Who hired the killer? He accepted a Commission and has such a powerful divine skill. He is a professional killer. I have heard of such people. There are several forces like this in the spirit Toad continent. "

Daoist watermoon said with a slight frown.

“Assassin? Such courage! He dares to come to our territory to kill people. Don’t let me find him, or I’ll be the first to kill him!”

Monk golden light said angrily.

Tang Hao smiled when he heard that.””I can really find him! Everyone, let’s go together!”

All the cultivators were stunned and couldn’t believe it.

That was a mid-stage heaven immortal, and a professional assassin at that. How could President Shi have the means to track him down?

“Let’s go! Kill him!”

Monk golden light quickly regained his senses and shouted.

“Right! Kill him! Let those people know that we are not to be trifled with!”

The crowd followed and shouted excitedly.

“This way!”

Tang Hao took out his spirit truth Magic Eye and scanned the area. Then, he flew out, and the others followed closely behind him. The group of people chased after him.
