

## The Mightiest Little Peasant Chapter 3010

“This is too abnormal!”

In a certain mountain range in the spirit Toad continent.

A figure tore through the void and landed.

He cursed, his face a little ugly.

He actually failed and was played by a small earth immortal!

“What’s wrong with this guy? It feels a little strange!”

He thought about it carefully, and his brows furrowed into a knot.

Not only was that fellow a little perverted, but he had also set up so many formations in his own house. Moreover, his methods were also a little strange.

Logically speaking, it was impossible for that guy to discover him in advance.

What means did that guy have to be able to see through his Celestial King treasure?

“I’m afraid this guy ... Is not ordinary! I’ve underestimated him!”

He sighed with some regret.

In the beginning, he really didn’t take this guy seriously. He thought that he only had to break a few layers of formations and a mid-stage earth immortal.

But who would have thought that this guy was so abnormal!

“Why don’t we just give up? after this, he’ll definitely strengthen his defenses and make it harder to attack!”

He shook his head, feeling a little dejected.

He was a mid-stage heaven immortal and a famous top-tier assassin, but he had never expected to be defeated by a puny mid-stage earth immortal.

What made him even more worried was that his treasure, which had always been successful, was actually not working.

“Forget it. If I’m embarrassed, so be it. I can’t help it. I’m not going. Let someone else go!” He mumbled to himself as he took out a jade talisman and quickly sent it out.

He watched as the Jade talisman tore open the void and flew away. He then turned around to leave.

“He’s there!”

At this moment, a loud shout exploded not far away.

He looked up and was dumbfounded.

In that direction, a group of people tore open the void and descended. All of them had extraordinary auras and were at the heaven immortal realm. Moreover, they were all looking at him with fierce and cold expressions, as if they wanted to swallow him.

“Who ... Who are you?”

He opened his mouth and asked weakly.

That expression was like a little white rabbit that had suddenly seen a pack of Big Bad Wolves, extremely scared.

“Fellow Daoist, you’ve forgotten me so quickly?”

Tang Hao said with a smile as he walked out.

“You ... It’s you!”

Shadowless was dazed and in disbelief.

How could it be this guy?

How did he catch up?

“You’re so bold! How dare you come to our territory to kill people! If I don’t skin you alive today, I’m not called golden light!” The chubby monk golden light roared and raised his hand, sending a Golden Pagoda flying out.

The pagoda buzzed and trembled. It instantly expanded and smashed down.

“Kill him!”

It was unknown who shouted, but everyone followed suit, each of them erupting with a shocking aura. One after another, Immortal Weapons soared into the sky. There were flying swords that shone with divine light, and sword Qi that was tens of millions of feet long. There were also seals that expanded to the size of covering the sky, and there were golden dragons coiling around them ...

All of these Immortal Weapons were of extraordinary grades. In the hands of celestial Immortals like them, they were able to unleash their full power.

Shadowless looked up and his face went pale.

F \* ck!

How could he be a match for so many heaven Immortals? with so many people smashing him, he would definitely vomit blood!

He made a prompt decision and turned to run.

“If you have the guts, don’t run!”

“Coward!”

Monk golden light and the others immediately sneered.

They chased forward, mocking and cursing all the way. The killer’s veins were bulging and his blood pressure rose, but he didn’t dare to stop. If he stopped, he would be surrounded by the group of Wolf-like itinerant Immortals, and he would be miserable.

“Damn it, why did he catch up again?”

“Still chasing? this group of people is poisonous!”

In the blink of an eye, seven days had passed.

In these seven days, he had used everything he had. He had used all kinds of disguises and escape methods. He had also shaken off those guys for a while, but soon, those guys would catch up with him again, and he could not shake them off no matter how hard he tried.

He was also caught up a few times and was smashed to the point of spitting blood.

“Damn it, why did I accept this mission? that guy is too evil!”

He was filled with regret.

He had even put on the primordial gold battle robe, but he still couldn’t shake it off. It must be that Shi guy. He had a golden bead in his hand. It must be that thing that could break his Immortal King treasure robe.

“No! I can’t take it anymore! I’m going to die of exhaustion if this continues!”

After running for a few more days, he finally couldn’t take it anymore. He took out another jade talisman and sent it out.

Very quickly, on the other side of the spirit Toad continent, a demon-faced man received the Jade talisman.

“It’s shadowless again, did he succeed?”

He was a little surprised.

Ten days ago, shadowless sent a message saying that the assassination failed and he quit, asking him to find another Gao Ming.

This was the first time shadowless had failed.

This also meant that the target was very well prepared. Even a master like shadowless didn't have a chance to attack. So, he had been contacting other Masters these days and was prepared to let them try again.

Before he acted, he received shadowless's news.

He felt that shadowless probably attacked again and succeeded. Otherwise, how could there be news?

"Like I said, he's just a small earth immortal, what's so difficult about him! I'm a top-tier assassin in the world of mortals, how could there be any loss?"

He smiled smugly and opened the Jade talisman.

The next moment, his body froze, and the smile on his face froze.

Then, his eyes under the mask widened in disbelief.

What did he just hear?

It was a cry for help!

It was a hysterical, almost desperate voice!

This ... How could this be possible!

Didn't shadowless give up? why was he still being chased to this extent?

He was shadowless!

Not only was he a mid-stage heaven immortal, but he was also a professional assassin. He should be able to get rid of those itinerant Immortals with a few tricks.

"How did this happen?"

He clenched the Jade talisman in his hand, and his expression became extremely serious.

Not only did he fail the mission, but the assassins he sent out were also being hunted down, and he had no choice but to send a message to ask for help ... Such a thing had never happened since the establishment of red dust.

If this matter were to spread, his reputation as the red dust World would be destroyed, and he would be ridiculed by his peers!

“What a disgrace! What a great humiliation!”

He clenched his fists, and his eyes were burning with anger.

“Surnamed Shi, it seems that you are quite capable! You actually forced me, Hong Chen, into such a state. If I don’t kill you, what face would I, Hong Chen, have left?” He said with hatred.

When he accepted the mission, he didn’t promise that he would definitely kill this person. It would be fine as long as he was seriously injured. It would be even better if he could kill him. But now, this was no longer a simple mission. This guy was provoking him, Hong Chen.

If he didn’t kill her, he, Hong Chen, would lose all his face.

Therefore, he had to kill this person at all costs.
