

## The Mightiest Little Peasant Chapter 3013

“Hurry up! Kill him!”

“Kill him!”

The group of people had not even arrived in front of him, but they already made their moves anxiously.

In an instant, beams of divine light shot into the sky, carrying a monstrous killing intent as they attacked.

Behind him, a group of people also caught up, blasting a divine light.

The killer’s face twitched, and he wanted to curse.

These people are F \* cking crazy!

All of their eyes were bloodshot, as if they had been injected with chicken blood!

“Damn, didn’t I say that there were only a group of loose Immortals? Where did this group of people come from?” He was cursing in his heart.

He took out his treasure and blocked a few of them. Then, he turned around and escaped to the side.

However, before he could escape far, he saw a group of people rushing over from that direction. When they saw him, they were stunned for a moment, and then they revealed ecstatic expressions.

“Look, he’s being chased. It must be an assassin from red dust!”

“Hurry, go!”

They exclaimed in surprise and attacked again.

The killer was stunned again.

Why was there another group?

These people ... Could they all be members of the clear sky Association?

He didn’t have time to think about it. He hurriedly blocked it and then turned around to escape.

But every time, he would run into a group of people before he could escape far. They were all very excited to see him, and then they would swarm him.

Even though his cultivation was high, he couldn’t stop so many people!

Very quickly, he was exhausted and was in a sorry state under the pursuit and interception of the crowd.

“Phew! We’ve finally arrived!”

At this time, in the distance, ripples appeared in the void, and a figure emerged.

As soon as he appeared, he heaved a sigh of relief.

Ever since he had received The Kill Order, he had rushed over without stopping.

“I’m the closest, so I should be one of the fastest. Let’s give it a try and see if we can succeed!” He murmured and activated his divine eyes to scan the surroundings, trying to find the traces of the group of bodiless Celestials of the clear sky Association.

It didn’t matter if he didn’t look, but the moment he did, he was shocked.

With a glance, he could see that there were groups of people in the void. Like him, they were also using their divine eyes to look around.

“So many people! What’s going on?”

He was a little surprised, and he had a bad feeling.

“Al! You, yes, I’m calling you. Are you an assassin from the red dust World?” A group of people rushed towards him and shouted from afar.

Their gazes were somewhat fierce, and their expressions were unfriendly.

“What?”

The killer was so shocked that he almost broke out in a cold sweat.

“We’re asking you if you’re from the red dust World!” The leader repeated, and his eyes became suspicious.

This person’s reaction was a little suspicious!

“No! No!”

The killer looked around and waved his hand. “How can I be from red dust?” As he spoke, he even squeezed out a smile.

But this smile was a little bitter.

It was really like seeing a ghost!

How could Haotian have so many people?

He was cursing in his heart.

According to the information, there was only a group of individual Immortals. Moreover, as far as he knew, although the Haotian faction had recruited many people, there were not that many. Moreover, these people were scattered all over the spirit Toad continent, so how could they rush over so quickly?

The current situation was indeed a little strange.

“Really? Then tell me your name!”

The group of people came closer and coldly shouted.

“Motherf \* cker!”

The killer was annoyed.

He raised his hand, and rays of divine light shot out. Then, with a shake of his body, he tore open the void and escaped.

“It’s an assassin! Hurry up and chase!”

This group of people was ecstatic and shouted loudly.

“Another assassin has appeared, quick! Chase!”

“Don’t let the 100 million run away!”

When the people from all directions heard this, they also revealed ecstatic expressions and rushed over.

“What the hell is this situation?”

The assassin shuttled through the void and saw a group of people chasing after him. There were also countless divine senses searching and tracking him. In all directions, there were people who heard the commotion and were rushing over.

It was like an inescapable net, surrounding him.

“Motherf \* cker!”

He cursed and ran away.

He didn’t want to kill that Shi guy anymore. In the current situation, he couldn’t even protect himself. How could he have the leisure to kill someone?

“Hahaha! I’ve finally arrived. After I kill that Shi guy, I’ll be able to complete the kill-all order!”

“Killing a mid-stage earth immortal is a piece of cake!”

Very soon, red dust assassins arrived one after another.

As soon as they appeared, their expressions were extremely relaxed, as if they could take the dog's life with a wave of their hands and complete The Kill Order.

However, they were soon dumbfounded.

This was because before they could make a move, they had already been targeted. There were people everywhere in this world, and powerful divine senses were sweeping everywhere.

"You're an assassin from red dust, right?"

"Look at how sneaky he is, it must be him!"

These people's gazes harbored ill intentions, and they stared at them until they felt a chill.

Some of them turned around and ran, while some pretended to pass, but they didn't have the chance to kill again.

This was because the moment they showed any signs of abnormality, they would attract countless suspicious gazes.

"How did this happen?"

"Where did so many people come from?"

They looked around and saw the groups of people and the divine light that kept surging in from all directions. They were completely dumbfounded.

This situation was completely different from what they had expected.

Originally, when The Kill Order was issued, red dust assassins were the ones who surrounded and hunted Shi. Now, it was the opposite. Red dust assassins had become the target of the hunt.

"As long as you come over, you'll get a reward of 100000 Yuan. If you injure one, you'll get a reward of one million Yuan ..."

When they understood the situation, they were even more dumbfounded.

"This Shi guy is crazy! Does he want to be mortal enemies with us?"

They were all extremely shocked.

With his reputation, even those powers with golden immortal mighty figures didn't dare to provoke them. But this guy not only chased after shadowless but also gave out a reward.

In their eyes, this was simply audacious!

"This is crazy! He's really crazy!"

They felt their scalps go numb as they looked at the divine light that kept surging over from the horizon.

If this situation continued, there might really be someone from the red dust World who would be killed. This would be a huge blow to the reputation of the red dust World.

“What? A bounty?”

“That Shi guy put out a bounty of hundreds of millions to hunt down the people of red dust?”

When the news reached the headquarters of the red dust World, the devil-masked man clenched the Jade talisman in his hand and was completely stunned.

He didn't expect that the man surnamed Shi would still dare to put a bounty on them, and even offered a price of hundreds of millions.

This was too shocking.

“Madman, he's truly a madman!”

He said with a bitter smile.

First, he chased shadowless and provoked red dust. Now, he did this.

He was starting to regret it. Perhaps he shouldn't have issued that kill order.

But now, he had already sent it out, he couldn't take it back! That would be even more embarrassing!

“As long as we can kill that Shi guy, everything will be over!”

He muttered.

There were many experts among red dust assassins. There must be someone who could kill that guy. As long as that guy died, red dust's face would be saved.
