

## The Mightiest Little Peasant Chapter 3017

“How dare you!”

Taoist master Chao Yun’s expression changed.

How dare this fellow say that the nine cloud Palace’s weapon-refining skills were mediocre!

“I’m just saying if. If you want the refining blueprint, the world will think so, right?” Tang Hao said with a smile.

“What are you talking about? our nine cloud Palace’s weapon-refining skills are top-notch in the immortal world!”

“My nine cloud Palace is not as good as the Masters of your clear sky Association? Hahaha! What a joke! If you have the guts, then call that master out and let us have a competition!”

The nine cloud Palace’s heaven Immortals cursed excitedly.

The nine cloud Palace’s weapon-refining skills were top-notch and well-known. This fellow was humiliating them by saying that their weapon-refining skills were not good enough!

“That’s right! Call that master out and let us have a match!”

Taoist master Chao Yun said.

He did not believe that master Haotian’s weapon-refining skills could really surpass the nine cloud Palace ‘S. He was probably just lucky to have obtained some ancient techniques and refined the quaking divine Thunder!

“Alright! Then let’s have a competition!”

Tang Hao shouted.

“Then go back and call that master out. We’ll compete here!” Taoist master Chao Yun said.

“No rush!”

Tang Hao said, waving his hand.

“Are you going to regret it?” Taoist master Chao Yun said angrily.

“Of course not. Since it’s a competition, it’s natural to make it grander. In my opinion, we should hold the competition in Nantian city seven days later. Let the world see who’s more powerful, your nine cloud Palace’s law of crafts, or the Masters of our Haotian faction!”

“Seven days should be enough for you to go back and ask for help!”

Tang Hao said.

“There’s no need. I’m a master of craftsmanship. In the nine cloud Palace, my craftsmanship can be ranked in the top five!” Taoist master Chao Yun said with a proud face.

He was extremely confident in his craftsmanship.

“Good! Then it’s settled. ” Tang Hao said.

“Alright!”

Taoist master Chao Yun also nodded.

It was just waiting for another seven days, so it was nothing.

He could use this competition as an opportunity to test master Hao Tian’s level.

“You two, wait a moment!”

Just as both parties were about to leave, they heard a delicate shout from not far away.

“It’s her?”

Tang Hao stopped in his tracks and looked up. He was stunned.

It was Feng Qingyan.

“Greetings to President Shi and Reverend ashuayun!”

Feng Qingyan flew over and smiled at the two of them.

“You’re ... From the Feng clan?”

Taoist master Chao Yun sized her up and when he saw a certain mark on her body, his pupils shrank slightly and a hint of fear appeared.

The Feng clan was much more powerful than the nine cloud Palace.

“My name is Qing Yan, and I am the president of the heaven seeking Pavilion’s spirit Toad Island.” Feng Qingyan said in a sweet voice.

“Guild leader Feng, I’ve been disrespectful! I’ve been disrespectful!”

Taoist master Chao Yun hurriedly cupped his hands and returned the greeting.

The bloodline of the Feng clan, and the position of the head of the heaven seeking Pavilion’s headquarters. This woman’s identity was quite extraordinary, and he had to show her some respect.

“May I know why guild leader Feng is here?”

Then, he furrowed his brows in curiosity.

What a distinguished person he was. Why would he appear in this small Nantian city?

“I came to this branch to deal with some Affairs. I didn’t expect to run into you.” Feng Qingyan smiled. “I saw what happened just now.”

“Then guild leader Feng ... What do you have to say?”

Taoist master Chao Yun asked doubtfully.

“I’m not interested in the conflict between the two of you, but I’m very interested in the competition between the nine cloud Palace and master Haotian. So, I would like to let the sky seeking Pavilion host the competition.”

Feng Qingyan said, “with the reputation of my heaven seeking Pavilion, the two of you do not need to worry about which side I will side with.”

“This ...”

Taoist master Chao Yun hesitated.

In his opinion, this would be a simple competition and wouldn’t cause too much of a commotion. However, if the heaven seeking Pavilion were to host it, it would definitely cause a huge commotion.

“I think it’s better to let the heaven seeking Pavilion host it!”

Tang Hao said.

To him, the bigger the matter, the better.

“Perfected one, even guild leader Shi has agreed to it ...”

Feng Qingyan laughed.

“Good! Then I’ll let your heaven seeking Pavilion host it. ” After pondering for a while, Taoist master Chao Yun nodded.

“Then let’s do this!”

Feng Qingyan’s smile became even brighter.

“Later, I will find the grandmasters in the heaven seeking Pavilion and set the topic for the competition according to the rules of craftsmanship. We will meet again here in seven days!” After she finished speaking, she turned around and left.

“Perhaps this time, I’ll finally be able to see the master’s true appearance. Even if I can’t see it, I’ll be able to see the master’s true level!”

She was a little happy.

The reason why she was involved in this matter was because of master Hao Tian.

She had admired this master for a long time and had wanted to meet him.

And this was a once-in-a-lifetime opportunity.

“Let’s go!”

After she left, perfected Chao Yun glared at Tang Hao coldly, then waved his hand and left with the rest of the people.

It didn’t really matter if the sky seeking Pavilion joined in. After all, he would not lose this competition.

“President Shi, do you really want to compete?”

Monkgolden light and the others rushed over with worried expressions.

They had all heard of the nine cloud Palace’s reputation. The path of crafts was indeed powerful. Although master Hao Tian was powerful, he might not be able to compete with them.

“Of course we’ll compete! Moreover, we’ll need to publicize it as much as possible. The more people that come, the better!”

Tang Hao said with a smile.

The nine cloud Palace was famous and they had a high standard in craftsmanship. However, he was more confident in his own craftsmanship.

Ever since he came to the immortal world, he had carefully studied the pill, equipment, array, and talismans here. He had a rough understanding of the standards here.

This immortal realm was created by a group of Immortals who rebelled on the ancient Qi Yuan star.

But he had experienced Qiyuan, Pangu, and other realms. He had learned countless crafts and even obtained the inheritance of countless ancient true immortals on Mount fallen Dao. There were even several immortal emperors.

In terms of craftsmanship, there were not many people in the world who could compare to him.

If it was a golden immortal, he would have the advantage in terms of cultivation level and could refine better treasures than him, but how could a mere heaven immortal be his opponent?

“Spread the news of this competition, the wider the better!”

He looked at Daoist Changchun and said.

“Yes! President!”

The Changchun Taoist was a little apprehensive, but he nodded in agreement.

Since the president was so confident, perhaps Grandmaster really had a chance of winning.

If he won, the difficulties of the Haotian faction would naturally be solved.

Then, he left in a hurry.

Soon, the news that nine cloud Palace was going to compete with Haotian faction in craftsmanship spread throughout the spirit Toad continent. In just one day, it had spread to all places and caused a huge sensation.

The spirit Toad continent was boiling again!

In an instant, countless people moved and rushed to Nantian city.
