

The Mightiest Little Peasant Chapter 3021

“Looking at the quality, it’s indeed 99%!”

“This is unbelievable! I clearly saw that he was using ordinary fire. How could he be so fast?”

The judges opened their eyes wide and stared at the Phoenix marrow gold.

And their expressions became more and more shocked.

They couldn’t believe that he had refined a piece of Phoenix marrow gold with 99% purity in the same amount of time with the most ordinary fire!

They were all Masters of crafts, so they knew that it was impossible!

“This ...”

Feng Qingyan stood at the side and looked at the piece of Phoenix essence gold. Her rosy little mouth was also wide open.

She was also in disbelief.

“Impossible! The fire you use is definitely not ordinary. What kind of fire are you using?”

Perfecting being Chao Yun was a little stunned as he muttered to himself.

“Didn’t you see what kind of fire I used?”

Tang Hao chuckled.

Of course, he couldn’t admit that he had used another fire. If the void divine fire was exposed, he would be finished.

“Impossible! This is impossible!”

Taoist master Chao Yun muttered, his expression becoming more and more dazed.

Previously, he thought that this fellow had chosen the most ordinary fire to lose with dignity. Now, it seemed that this fellow was clearly trying to humiliate him.

This guy used the most ordinary fire, but just like him, he refined materials with 99% purity. Wasn’t this just stepping on his face?

Behind him, the nine cloud Palace’s heaven Immortals finally came to their senses, and their faces were extremely ugly.

Although the result of this round was the same, they were one step ahead of Taoist master Chao Yun and the purity was the same. In that case, the nine cloud Palace would still win.

However, in the eyes of others, nine cloud Palace was the one who had lost this round.

“Fellow Daoist, although I admire your strength, according to the rules, nine cloud Palace is still the winner of this round.”

At this time, one of the judges said.

“Is that so?”

Tang Hao said noncommittally.

“In a situation where the purity is the same, whoever is a step faster will naturally win,” the man said.

“Who said the purity is the same!”

Tang Hao laughed.

“Isn’t it 99%?” The man was stunned and asked in confusion, “you see ...”

As he spoke, he lifted his hand and took the Phoenix essence gold. He held it in his hand and examined it again.

However, in the next moment, his entire body trembled, and his expression changed.

“This ...”

His eyes were wide open as he looked at the red divine gold in his hand in disbelief.

This wasn’t just 99%!

It was clearly 100%!

There were no flaws at all, it was perfect and flawless!

It was too unbelievable!

It had clearly only been six hours, and he had used ordinary fire. Just what secret technique had this person used to cultivate it to such a perfect level?

Seeing his strange expression, the other judges took the piece of divine gold and examined it carefully. They all revealed shocked expressions.

Upon seeing this, the people from nine cloud Palace were stunned and their hearts sank.

From the expressions of the judges, they could tell that it was not 99%, but an even higher purity!

“It’s really 100%?”

Feng Qingyan’s little mouth opened even wider, and she couldn’t close it.

“Just how powerful is this person’s craftsmanship?”

She looked at master Haotian beside her again, and her heart was in turmoil.

In the beginning, she had also thought that this person would not be master Chao Yun’s match. When she saw him using ordinary fire, she was even more certain that he would lose.

However, she had never imagined that this person would actually use ordinary fire to refine a perfect material, shocking everyone!

This level of craftsmanship was truly unfathomable!

“I was wrong!”

When she came back to her senses, she felt even more remorseful and ashamed.

“It’s indeed 100%! It’s our eyes that were blind and misjudged!”

“Fellow Daoist’s level is truly beyond our reach! Respect! I’m impressed!”

The judges looked over and bowed apologetically to Tang Hao.

Seeing this situation, the surrounding people started to boil.

100%!

It was a perfect 100%!

Master Hao Tian was too powerful! Even with the most ordinary flame, he had defeated the nine cloud Palace’s master. From this, one could see how powerful he was!

“I knew it, the master would definitely win!”

“Master, you’re awesome!”

Everyone was excited.

Those who didn’t think highly of master Hao Tian immediately threw themselves into his camp.

“Look! Master Hao Tian was so powerful. Others used Immortal Fire while he used ordinary fire and still won. What did this mean? This means that from the start, master didn’t put this master Chao Yun in his eyes!”

“Look, those people from nine cloud Palace are so listless. They were so arrogant just now!”

Many of them even sneered at the nine cloud Palace.

“Ahem!”

Tang Hao coughed lightly when he heard the praises from everyone around him. He was a little embarrassed.

He was actually not using an ordinary fire, but the Taixu divine fire.

However, he couldn't explain, so he was too lazy to explain.

“Gentlemen, after the discussion of the judges, we have unanimously agreed that master Haotian will win the first round. Do you have any objections?” After a while, Feng Qingyan announced to the two.

“No, I didn't!”

Master Chao Yun shook his head. His face was still unsightly.

He had seen that piece of Phoenix marrow gold and it was indeed 100%. He did not lose in vain.

“Do the two of you need to rest for a while? Or are you going to enter the second round soon?” Feng Qingyan continued.

“No need! Let's continue!”

Master Chao Yun said.

He took a deep breath, and his expression became solemn.

This time, he had to be serious. He couldn't lose again.

If he were to lose, he would lose the entire competition and embarrass nine cloud Palace.

“Then, master Chaoyun, please come up and take the question!”

Feng Qingyan took out another small box.

“The topic of the second round is to carve talismans. The material used ... Is a silver needle!” When master Chao Yun came forward and took out a scroll, she opened it and announced.

Then, two women stepped forward, each holding a plate.

On the plates, there was a tiny silver needle that was barely visible.

“This is too thin!”

“How many formations can be carved in such a small space?”

Everyone looked at it and frowned.

Usually, when making this kind of needle-type treasure, the material would be at least as thick as an arm. The Ruyi method was used to shrink it before turning it into a needle. This was because the space inside would be bigger and it would be easier to inscribe formations.

But right now, the raw material was so small, like a strand of hair. It was hard to carve many formations.

“This round of competition has twelve hours. Whoever inscribe more formations and is stronger will be the winner!”

Feng Qingyan then said, “you two, please!”

With that, she flicked her sleeves and two silver needles flew up, to the left and right.

“A formation!”

Tang Hao took the silver needles. He raised an eyebrow and smiled.

Wasn't this his specialty?

“It's time to show my true strength!”

He muttered to himself and sat down cross-legged.

In the first round, he didn't dare to reveal his divine flame and could only hide it. But in this round, he had nothing to fear and could use his true strength!
