

The Mightiest Little Peasant Chapter 3024

"I don't mind!"

Tang Hao said, his hands behind his back.

It didn't make a difference to him whether he competed in the third round or not.

"Then ... What about fellow Daoist Chaoyun?"

The judge looked at the nine cloud Palace.

"I ..."

Taoist master Chao Yun stood there in a daze. After a long while, he smiled bitterly and nodded. "Let's compete!" We have to finish it, don't we!"

The competition of craftsmanship usually had to end before the competition was over. If they didn't, the world would laugh even harder.

Moreover, he also wanted to see just how strong this fellow was.

This was because the third round was usually about refining a complete treasure. It was the best way to tell a blacksmith's overall level.

"Good! Then let's continue!"

"Fellow Taoist Haotian, it's your turn to choose the question!"

Feng Qingyan took out a small box and said to Tang Hao.

"The topic of the third round is a! There's no limit to the materials and time. The final quality will determine the winner!" She took out a scroll, opened it, and announced.

"Two masters, the materials for the competition will all be provided by the heaven seeking Pavilion. You can ask for anything you want, as long as it's something that the heaven seeking Pavilion has, you can ask for it!"

She looked at the two of them and said.

"A? Then, we'll have to refine the famous Nine Heavens divine Thunder banner of the nine cloud Palace. I'll have to trouble you to prepare these materials, Guild Master Feng!"

Chao Yun seemed to have recovered, his expression had returned to normal.

He pondered for a moment, then took out a piece of paper and wrote down a few materials, then handed it to Feng Qingyan.

“Then ... What about you, master Hao Tian? What kind of armor do you want to forge?”

“Clear sky gang!”

Tang Hao said indifferently.

As he spoke, he took out a pen and paper and wrote down a few materials.

“Hao Tiangang?” Feng Qingyan raised her eyebrows in surprise.

From the name, it seemed to be a godly armor that Grandmaster had created himself. He wondered what the quality was like.

The judges at the side were also surprised.

They had never heard of this name and did not know what kind of godly armor it was. However, the nine Heavens divine Thunder banner of the nine Heavens Palace was famous.

If it was before, they would have definitely looked down on him, but after the first two rounds, they didn't dare to look down on him anymore.

Since this person dared to forge the godly armor that he had created, it meant that the godly armor must be extraordinary. It might even be comparable to the godly Thunder armor of the nine cloud Palace.

“These materials ... Are not ordinary!”

Feng Qingyan took the paper, glanced at it, and was shocked.

Be it immortal grade nine-colored heavenly crystal or immortal tear gold, all of them were top-notch materials.

“Fortunately, my heaven seeking Pavilion is a big business, or else, you really wouldn't be able to gather all these materials!” She said with a bitter smile.

Only her heaven seeking Pavilion was able to gather all the materials on this paper in such a short time.

“Go! Go to the main warehouse and get the materials!”

She called a person over and instructed.

The man left and only returned a few hours later.

“Two masters, please!”

She gave two sets of materials to the two of them.

Tang Hao took the materials and inspected them one by one. He nodded after he confirmed that the quality was correct.

He returned to his side and sat down cross-legged.

First, he took out the cauldron, threw all the materials in, and refined them to get the purest materials. Next, he shaped them and engraved the talismans ...

He had already forged the clear sky gang several times. Every time he forged it, he would improve. This time, he had changed a lot and added even more formations.

“With the best materials and countless talismans, this clear sky armor might not lose to the godly Thunder armor of the nine cloud Palace!”

“Yup! With master Haotian’s talent, I also believe that he can create a famous piece of silk that will be passed down for generations!”

The judges sat on their seats and observed carefully. From time to time, they let out a sigh.

They were still in the forging stage, so they didn’t know the power of the armor. But they could see that master Hao Tian was carving countless formations inside. There were so many that they couldn’t count them.

On the other side, master Chao Yun also began to refine the pill after receiving the materials.

His momentum was even greater, and his entire body was covered in lightning. This was because the materials he used were all top-notch materials of the lightning element.

The crowd looked to the left and right, all somewhat excited.

The name of the nine Heavens divine Thunder banner was like thunder to the ears. It would definitely not be bad. As long as it was refined, it would definitely be a top grade immortal armor.

And that clear sky gang, with Grandmaster’s superb talisman Dao level, presumably would not be bad.

These two would both be top-grade immortal armors!

This refining process took three days.

“It’s done!”

Reverend Chao Yun suddenly shouted. In front of him, a purple divine armor shook and burst out with a shocking divine light.

Whoosh!

The divine armor shot up into the sky, and endless lightning surged out of it.

Boom! Boom! Boom!

The next moment, the color of the sky changed. Thunderclouds rose and accumulated, turning into a sea of Thunder.

“It’s the weapon tribulation!”

“It actually attracted a weapon tribulation. It’s really a Supreme-grade item!”

Everyone looked up and exclaimed in surprise.

The fact that it could trigger a weapon tribulation meant that the quality of this immortal armor had reached an extremely high level, and only a master could do it.

“It should be a sixfold lightning!”

“This is too incredible! It’s probably because the materials used to make this immortal armor are of the best quality. Coupled with master Chao Yun’s artifact refining skills, this immortal armor is of the best quality!”

After observing for a while, everyone praised.

Weapon tribulations were also divided into different levels. Generally, there were three levels, and six levels of lightning were extremely rare.

“What? CAW!”

Soon, bolts of lightning struck the purple lightning armor.

After six strikes, the sea of lightning above finally dissipated.

The lightning armor in the air was undamaged, but its aura was even stronger.

“Hu!”

Only then did perfected being Chao Yun heave a sigh of relief.

He had already brought out his best and refined the famous godly Thunder armor of his nine cloud Palace. The immortal armor in front of him was already the highest quality among all immortal armors. It was like a ceiling.

Only a golden immortal would be able to make a better one.

No matter how powerful that guy was, he was probably the same as him. In that case, even if this round was a draw, he could also save some face for nine cloud Palace and not lose so badly.

He sat down cross-legged and began to wait.

This wait lasted another half a day.

“I’m done!”

Tang Hao heaved a long sigh of relief. He flicked his sleeve, and the valiant armor in front of him soared into the sky.

Buzzzzzz!

The armor shook slightly, and a blinding divine light bloomed from his chest.

In an instant, the entire world was engulfed by the divine light, turning white.

This divine light was like an explosion of stars, extremely bright.

“Argh! It’s so eye-piercing!”

“What kind of light is this!”

Everyone in the square was shocked and covered their eyes.

When they got used to it and looked again, they were all stunned.

In the sky, there was a dazzling armor that was covered in divine light. Above the sky, there was a shocking lightning that surged and turned into a huge sea of lightning.

The aura of the Thunder sea was clearly stronger than the last time.

It was obvious that this was the more powerful ninefold lightning than the sixfold lightning!

“Swish!”

Just as everyone was still in shock, a loud buzzing sound suddenly came from the sky. The next moment, an extremely powerful divine sense swept down from the sky.

“This ... This is ...”

“Heavens! Even this thing was alarmed! What is the quality of this immortal armor?”

Everyone looked up, and their expressions became more and more horrified. They were in complete disbelief.

This spiritual sense was a unique treasure. It was the most mysterious treasure in the immortal world, also known as the immortal list. Whenever an expert advanced in this world, a treasure would be born, and this unique treasure would be alarmed.
