

The Mightiest Little Peasant Chapter 3026

“Only 51, that’s a little low!”

Tang Hao mumbled to himself as he looked at the stone tablet above his head.

Hearing this, the group of grandmasters at the side were all stunned, almost thinking that they had heard wrong.

Then, their faces twitched, and they wanted to curse.

Only 51?

Was 51 very low?

Don’t you know that every treasure on this list has a great background? In particular, the ones at the top were all refined by golden immortal mighty figures and even great eternity immortal level figures. Each one was very impressive.

You’re a true immortal. It’s already heaven-defying that you can refine treasures comparable to these mighty figures. What else do you want?

Do you still want to be in the top ten and go straight to the heavens?

Even though they were cursing in their hearts, they didn’t dare to make a sound.

This person’s tone was arrogant, but he did have the strength. He was the first person to be listed on the list in a thousand years. As for them, they couldn’t even touch the edge of the list, let alone be listed. How could they have the right to talk about this person?

Compared to this person, they were simply trash!

“Hahaha! Master, you’re really funny!”

When Feng Qingyan heard this, her face twitched, and she laughed drily.

She felt that the master must have said this on purpose to liven up the atmosphere.

“It’s really low! If you give me a few more days, I can make it even better!”

Tang Hao said.

Feng Qingyan’s face immediately stiffened, and she was stunned.

She simply closed her mouth and did not make a sound.

The grandmasters at the side all laughed bitterly.

He was ranked 51st and was the first person to be on the list in a thousand years. Yet, this person was still not satisfied!

“Maybe all the big shots are like this! She would never be satisfied and would always think about how to do better!”

They sighed in their hearts. Their respect for master Haotian grew.

If they had obtained this result, they would probably be so happy that they would fly and feel proud. But this person seemed to have done something insignificant. Such a realm was really high!

“I don’t believe that this person was not famous at all before. Maybe some Big Shot has changed his identity!”

They had already thought that this person definitely had another identity, and now, they were even more certain.

This was because this person’s craftsmanship was too powerful. He was a peerless master who could be listed on the immortal list. How could such a figure be a newcomer?

“Congratulations, senior!”

Then, they all bowed and congratulated him.

As soon as the list of Immortals was out, his reputation would spread throughout the immortal world, and the Haotian faction would also be famous, which was a gratifying thing!

“Senior, please accept this bow from the clouds! It’s my honor to be able to compete with senior today!”

Taoist master Chao Yun also bowed deeply to Tang Hao. His face was full of admiration.

If it was the previous two rounds, he would still be unconvinced and have the thought of winning back. But now, he no longer had such thoughts. He was completely convinced.

He was also very willing to call him senior.

No matter what his cultivation level was, his shocking craftsmanship skills were enough for him to call him senior.

“Senior, I’ve offended you before. I hope you can forgive me!”

Behind him, the group of heaven Immortals from nine cloud Palace also bowed and apologized.

The nine cloud Palace did not dare to offend a Big Shot in the Dao of crafts who could be listed on the immortal list.

“Senior, this is a little compensation from the nine cloud Palace. I hope you can accept it. In the future, the nine cloud Palace will not disturb you again. You can continue with the business of the divine Thunder.”

Reaching out his hand, he took out a storage bag, took a few steps forward, and handed it over.

Tang Hao took it and examined it with his divine sense. His brows furrowed slightly.

There wasn't a lot of money in it, only a few million, but it was better than nothing.

He would never have too much money.

“Also, senior, does your Haotian faction have some grudges with the divine wonder Palace? we came here to listen to the words of the people of the divine wonder Palace.” Taoist master Chao Yun said.

“There's a small grudge!”

Tang Hao nodded.

He was not surprised. When he heard that nine cloud Palace had come to visit, he had already sensed that something was wrong.

“It's good that senior knows!”

He bowed to Yun Zhenren again and said his goodbyes. Then, he turned around and left with the people behind him.

When they left, their expressions were quite natural, and they were no longer in a sorry state.

Losing to a Big Shot on the immortal list was not an injustice for the nine cloud Palace. There was nothing to be embarrassed about.

After a while, the stone tablet's shadow in the air finally dissipated.

Tang Hao raised his hand and called the clear sky armor back.

“Senior, can you let me touch you?”

“I'll just touch it!”

Seeing this immortal armor, the group of Masters' eyes turned red. They rushed over to touch it and feel the aura of this peerless immortal armor.

“Waa! This luster...This design, it's amazing!”

“What is this thing? why is its aura so shocking?”

They touched it a few times and were so excited that their old faces turned red.

When they saw the dazzling Pearl on the chest of the armor, they were even more amazed. Even with their knowledge of craftsmanship, they couldn't tell what it was or how it was made. It was really unbelievable!

"This immortal armor ..." He muttered.

Tang Hao looked at Feng Qingyan and asked hesitantly.

Although this immortal armor was forged by him, the materials used were all from the heaven seeking Pavilion. Of course, he could not keep it for himself.

No matter which material it was, they were all priceless.

Feng Qingyan looked at the immortal armor, and her brows furrowed.

She was also a little troubled as to how to deal with this immortal armor. After all, this was a peerless immortal armor that was famous on the list of Immortals!

"Master, how about this? My heaven seeking Pavilion will hold an auction for this immortal armor. The final price, after deducting the cost of the materials, will all belong to you, Grandmaster. What do you think?"

She pondered for a moment and said.

"Alright!"

Tang Hao nodded.

To be honest, this immortal armor wasn't of much use to him. He might as well exchange it for immortal crystals.

With immortal crystals, he could buy Dao attainment and improve his cultivation.

Compared to an immortal armor, cultivation was the most important.

"Then it's settled!"

Feng Qingyan was a little excited.

This was an immortal armor that had been listed on the immortal list, so the auction would definitely be extremely lively and unprecedented.

"I'll have to trouble guild leader Feng then!"

Tang Hao cupped his hands and bade farewell. He waved at his clone, Changchun Taoist, and the others and left.

The Changchun Taoist and the others were excited.

They had not expected the mysterious master Haotian to be so powerful.

After today, the Haotian faction's reputation would undoubtedly be stronger and more resounding. No one would dare to provoke them easily. Their business would also be more prosperous, and their wealth would be boundless.
