

The Mightiest Little Peasant Chapter 303

Tang Hao was surprised when he saw the person in front of him.

The person was extremely attractive. He was tall, well-built, and had a sculpted face and long and wavy hair. He was dressed in a pure white suit.

You could even describe him as the perfect man.

His appearance was dazzling, as though his entire body sparkled.

Then, there was that incredibly cool sports car.

By now, Tang Hao was more well-versed in luxury cars. He could recognize that the car was a Pagani, one of the most luxurious sports cars in the world. Each of them cost tens of millions.

The female workers leaving the factory shrieked uncontrollably when they saw the impeccable combination of a handsome man and a sports car.

That person seemed to enjoy the attention. He casually waved at them.

Tang Hao smirked when he saw that. He thought that the guy was such a show-off.

Soon, he noticed that something was amiss. 'This guy is parking his car in front of the factory. Don't tell me he's here to look for Sis Xiangyi?'

Tang Hao's expression sank. He slowly drove over, then blared his horn.

That person looked around for the source of the noise. He glanced condescendingly at the A8.

The mere A8 was trash in his eyes. His Pagani was worth at least a dozen A8s.

He chuckled, then turned around and ignored it.

“Dammit!” Tang Hao was getting frustrated. He blared the horn again.

Beep beep!

The piercing noise of the horn was heard far and wide.

That person furrowed his brows frustratedly. He walked toward Tang Hao’s car and cursed. “Are you stupid? Why are you blaring your horn?”

“Can’t you see that the road is so wide? Are you blind, or don’t you know how to drive? Dammit, are you trying to show off your stupid A8? No wonder, you’re just an uncultured Mainlander! Trash!”

That person was ruthless with his words. He even knocked hard on the car window.

‘Mainlander?’

Tang Hao was surprised by that appellation. Then, he understood that the person must be from Southport.

Southport people have a weird sense of superiority and think that they are somehow better than those from mainland Huaxia.

To Tang Hao, those people were no better than idiots.

Tang Hao's expression darkened and he blared his horn hard one more time.

Beeeeeeep!

That person furrowed his brows and covered his ears.

"F*ck your mother. Are you crazy?" He cursed loudly and lifted his leg in preparation to kick the car.

Tang Hao's gaze sharpened. He activated the jade talismans in the car. A translucent light shield appeared and instantly dissipated. The person's foot landed at the exact moment the light shield was on.

A shockwave sent the person flying backward. The back of his head struck the ground with a heavy thud.

That person was utterly confused. He did not know what just happened.

He could vaguely remember that a burst of energy from the car door had pushed him backward.

How was that possible though?

The car that he kicked was an A8 with a normal door and not some spring-loaded trap.

He got up as he rubbed the back of his head. His expression was extremely dark and his scattered hair made him look flustered.

“What just happened?” He mumbled, then touched the car door.

He became even more confused after touching the door. There was nothing special about it.

“I don’t believe it. Don’t tell me that the car is sentient?”

He gritted his teeth, then kicked at the car again.

He was once again sent flying and his head struck the ground. His head was spinning and he did not know what was going on.

‘What the hell just happened?’

The female workers were confused when they saw the scene.

“F*ck this, I don’t believe it!” He got off the ground again. His teeth were gritted and he looked somewhat crazed.

He rushed forward and kicked at the car for a few more times, and each time he was sent flying. He was losing his mind.

The female workers shook their heads. ‘There must be something wrong with that guy!’ They thought.

“Sigh, too bad! He’s such a handsome man, but too bad he’s a lunatic!” The female workers talked among themselves.

The person heard that, and he nearly popped a vein.

Qin Xiangyi's voice was heard from the factory. "What's going on? Why are you all crowded there?"

"Come here and see, Boss! There's a lunatic in front of the factory."

Qin Xiangyi came out to take a look.

'That's Lil Tang's car. So who's the other guy?' She was surprised.

That person had just got on his feet again and was stunned when he saw Qin Xiangyi. He frantically tidied his clothes and hair. Then, he displayed an eager smile on his face and walked over.

"Long time no see, Xiangyi!"

He examined Qin Xiangyi closely as he walked toward her. "Xiangyi, I haven't seen you for five or six years. You've become more beautiful," he said earnestly.

Qin Xiangyi was surprised. She looked closely at him and said, "It's you!"

Then, her expression sank. "Why are you here, Xue Kai?"

"I've returned just for you, Xiangyi!" Xue Kai said with a smile.

Qin Xiangyi glared coldly at him. "Don't call me Xiangyi, I'm not that close to you. Also, haven't I told you that I have a boyfriend? You can stop looking for me!"

“You’re the one who didn’t treasure our relationship before, and now you’re here and acting all friendly. What’s the point?”

Then, she walked around him and went toward the A8. She opened the car door and sat inside.

“He is...?” Tang Hao asked.

Qin Xiangyi hesitated. “His name is Xue Kai, my ex.”

Tang Hao was surprised.

‘That handsome idiot is Sis Xiangyi’s ex?’

Qin Xiangyi noticed Tang Hao’s weird expression. “He’s my ex, but it didn’t last for more than half a month. I’ve already forgotten about him. He went to Southport with his family and we haven’t been in contact.

“Don’t you know? That guy is a douchebag. He confessed to several girls at once. I was so stupid back then to trust him and fall in love with him.

“I found out about his two-timing after half a month. What’s more disgusting was that he sent the same confession letter to each of the girls.

“Back then, he was the most popular guy in school. I truly liked him, and I was sad for a long time after we broke up.

“That person is a pervert. He tricked many girls and claimed their virginity with that face. Fortunately, I left him early... Because of that, I’ve stayed single since then, and I didn’t have a boyfriend while in college.

“After that, I stopped having an interest in guys until I met you!”

Then, she reached out and grabbed Tang Hao’s hand.

Tang Hao displayed understanding. “So he’s not a Southport native and is from the mainland. Looks like the years spent there has rotted his brain!”

Qin Xiangyi was shocked. ‘I’ve talked so much about my past and that’s the only thing he cares about?’
