

The Mightiest Little Peasant Chapter 3031

Tang Hao was in a good mood as he stepped out of the hall.

He could finally breathe a sigh of relief.

With his current cultivation level, he could even protect himself from a golden immortal.

If he was given another year, he would be able to reach the peak of the heaven immortal realm.

“I’ll go to the Holy beast Palace to take a look after a while!”

He looked into the distance and muttered.

It had been many years since Fei Wan ascended to this world, and he didn’t know how she was doing.

He walked around and then returned to the hall.

Seven days later, he went to Nantian city, passed through the exclusive passage of the heaven seeking Pavilion, and arrived at the headquarters of the heaven seeking Pavilion in the spirit Toad continent.

“This myriad immortal gathering is actually nothing much. It’s just a treat to drink and chat in the middle of the clouds. The people who are going are all great forces and famous people in all aspects. It’s a good place to expand our network.”

Feng Qingyan took out an immortal boat and boarded it with Tang Hao.

The immortal boat started and sped away.

A few hours later, a mountain range appeared in the distant sky.

“That’s Mount Yunshan!”

Feng Qingyan pointed at the mountain and said.

When they got closer, they saw divine lights flashing from time to time in the void around them. Some were on immortal boats, and some were riding on all kinds of strange beasts.

“Hello, fairy Feng!”

“Greetings, fairy Feng!”

These people looked over from afar and noticed their immortal boat. They all greeted them warmly.

“Who is this?”

They were confused when they noticed Tang Hao.

Fairy Feng was an extremely noble figure. Anyone who could sit with her and chat with her was definitely not an ordinary person.

“Oh! This is guild leader Shi! You’ve all heard of it, right?”

Feng Qingyan stood up and made the introduction.

“President Shi? Oh! I know, the president of the clear sky Association, right? Aiya! I’ve been disrespectful! I’ve been disrespectful! I’ve long heard of President Shi’s achievements. You’re truly amazing!”

“So it’s guild leader Shi! Nice to meet you!”

When they heard this, they were all slightly moved.

Now that the clear sky Association was popular all over the world, as its President, this person’s weight was not low.

“Everyone is too polite!”

Tang Hao returned the greeting.

“President Shi is the one who’s being too polite. We’ll have to have a good drink later.”

“Yup! Guild leader Shi, see you later!”

The people laughed heartily. Their tone was extremely enthusiastic, and the way they looked at Tang Hao was even more passionate.

This Haotian Association was now in high demand. Everyone wanted to be on good terms with them and have some relationship with master Haotian.

After all, he was a big Shot in the Dao of crafts.

“President Shi, you’re so popular!”

After these people left, Feng Qingyan couldn’t help but tease him, “I’m afraid you’ll be busy later!”

“Guild leader Feng, you must be joking.”

Tang Hao laughed.

“Welcome fairy Feng and guild leader Shi to Mount Yun! I’m Yun Chengzi!” When it came close, a divine light swept out from inside and turned into a white-robed man, who came to greet it.

“This fellow Daoist Yun Chengzi is a second generation disciple of Yun Zhongshan, and he has a cultivation base of heaven immortal.”

Feng Qingyan introduced them to Tang Hao in a low voice.

Tang Hao was surprised when he heard that.

If the second-generation disciples were already heaven Immortals, then wouldn't the first-generation disciples be in the late-stage, or even the peak-stage?

“Greetings, fellow Daoist!”

Tang Hao cupped his hands and bowed.

He was now a celestial immortal and the president of the clear sky Association, so he could be friends with this person of the same generation.

“President Shi, there's no need to be so polite! Come, come, come, let's hurry in! Oh right, I heard that Grandmaster has been busy recently? What a pity! When Grandmaster heard of Grandmaster's reputation, he was also quite impressed and wanted to meet him!”

Yun Chengzi led the two of them inside.

He said as he flew.

“Yup! I'm not free!”

Tang Hao said with a smile.

Who would want to meet such a golden immortal old monster?

He cursed in his heart.

“What a pity!”

Yun Chengzi sighed and did not say anything else.

“We've arrived at the hundred flower garden!”

A moment later, a garden appeared in front of them. It was filled with all kinds of strange flowers and plants. There was a dense immortal aura. Immortals with different temperaments and wearing immortal robes of various colors were gathered in the garden in groups of two or three.

They held wine glasses in their hands, chatting and tasting the wine, occasionally letting out a hearty laugh.

The entire garden was filled with a cheerful atmosphere.

“That’s ...?”

Tang Hao’s eyes swept across the area and saw immortal peaches floating in the air. They seemed to be his heaven’s equal peaches.

“It’s Qi Tian Tao of your noble Association. ”

Yun Chengzi said with a smile.

“Oh,” Tang Hao replied. He was not surprised.

Now, his Heavenly Peach had become a must for all kinds of gatherings and banquets, so it was not strange to see it here.

“Look, who’s here!”

“Guild leader Shi, you’re finally here!”

After they arrived, many people in the garden had already noticed them. They came up one after another and greeted them warmly.

“That’s the president of the clear sky Association?”

When the other people who didn’t know him saw this, they were all slightly surprised, and then they also came forward enthusiastically.

“President Shi, I’m Reverend Huo mo. You should have seen me before. I was one of the judges of that competition!”

“President Shi, I’m an elder of the heavenly dawn Palace. Nice to meet you!”

Tang Hao greeted them one by one.

“President Shi, I heard from fairy Feng that most of the lingerie series were designed by you? How many sets did you order for her?”

In this garden, there were not only male Immortals, there were also many female Immortals, all of them were dignified and luxurious.

They also surrounded him and were very enthusiastic.

“President Shi, I don’t want to make a set. As for the style, as long as it’s different from others, it’s fine!”

“President Shi, look at my body. Which series is suitable for me?”

They squeezed past the group of male Immortals and gathered around Tang Hao. They chattered non-stop. Some of them wanted to have their undergarments custom-made, and some of them wanted advice on how to dress.

“Yes! Of course you can!”

“Fairy, you should wear this. As for the outside, you should wear this kind of gauze dress, purple, with some earrings and bracelets. This will suit your temperament!”

Tang Hao agreed to their requests and patiently guided them.

“President Shi, your taste and insight are truly extraordinary!”

“Guild leader Shi, please give me some guidance as well!”

The group of female Immortals quickly discovered that President Shi had an extraordinary taste in fashion, causing them to be shocked.

“This person is also a master! He’s a Master in Design. No wonder he can design so many amazing products!”

They looked at Tang Hao with admiration in their eyes.

When more female Immortals heard this, they all came over.

Tang Hao’s place was bustling with noise and excitement.

“This guild leader Shi is too popular!”

When the male Immortals saw this, they were all a little speechless, and there was a faint trace of envy and jealousy in their hearts.
