

## The Mightiest Little Peasant Chapter 3033

“Wonderman? Wonderman? I think he’s just an individual immortal!”

Long Xiaozi said indignantly, “furthermore, this person’s background is very strange. I don’t know where he came from.”

“Nephew Long Xiao, how could you say that!”

“Yeah! He’s following master Haotian, so what’s wrong with him? don’t you know master Haotian’s status? They must be from another continent!”

When the surrounding people heard this, they were all unhappy.

Their faces darkened as they chided.

Long Xiaozi looked left and right, and immediately fell silent.

His face grew gloomier.

He looked in front of him and felt more and more uncomfortable. His chest felt extremely tight.

“Seniors, I still have matters to attend to, so I’ll take my leave first!”

A moment later, he said goodbye and turned to leave.

He didn’t want to stay a second longer.

“Senior brother, why did you come out?”

Outside the mountain, the few disciples of the divine wonder Palace were surprised to see him.

“Let’s go!”

Long Xiaozi’s face darkened as he boarded the immortal boat.

The few disciples didn’t dare to say anything. They could tell that senior brother Long Xiao was in a terrible mood and would explode at the slightest provocation.

They were even more curious now. When they had just entered, their senior brother had clearly been overjoyed and in high spirits. But in the end, when he came out, his face was ashen.

“It seems like it’s time to contact the people of red dust again. They must be like me, hating this guy to the core. They can’t wait to pull out his tendons and bones and chop him up alive.”

Long Xiaozi stood on the immortal boat, looking at the celestial mountain in the clouds in front of him and murmured.

His squinted eyes were filled with killing intent.

-----

“Hu!”

In the hundred flower garden, Tang Hao breathed a sigh of relief.

He had finally dealt with the group of female Immortals.

“President Shi sure is popular!”

At this moment, Feng Qingyan walked up to them and teased them.

“It’s not a good thing to be too popular!”

Tang Hao said with a bitter smile.

“You’re so popular! This proves how charming you are, President Shi! Isn’t this good?” Feng Qingyan laughed.

Tang Hao shook his head and smiled wryly.

“Guild leader Shi ...”

At this time, many male Immortals came up and greeted him.

They stayed in the flower garden for almost a day before Tang Hao and Feng Qingyan bade farewell and left.

He had also gained a lot. He had met a lot of people and received a lot of orders. He would be busy when he returned.

After returning to the headquarters of the heaven seeking Pavilion, Tang Hao said goodbye to her and returned to Nantian city.

When he returned home, he continued to work.

He planned to go out for a while. While traveling, he would also go to the sacred beast Palace to see Fei Wan. So, he needed to make a batch of goods in advance and distribute them to the agents to support the business in the Association.

In the blink of an eye, another three months had passed.

He refined a large number of goods and distributed them. The money he received was used to buy Dao attainment.

He had bought almost all the goods from the various Chambers of Commerce. He had even asked guild leader Feng to buy a lot from other continents.

He had bought a total of 30000 Dao attainment pills and refined all of them.

His total Dao attainment had reached 80000.

This standard was the mid-stage heaven immortal realm, not far from the late-stage heaven immortal realm.

“That’s fast!”

Tang Hao was quite satisfied with the speed.

If he didn’t rely on the Haotian club’s business to earn hundreds of millions of immortal crystals, it would be impossible for his cultivation to improve so quickly. It was not reliable to condense his own cultivation or to kill and steal his cultivation. Only making money was the way to go.

In the future, he would continue to expand the Haotian club.

Even if he reached the peak of heaven immortal and no longer needed Dao attainment, Chun Xuan, Qiu Ci, and the others still needed it. In the future, if there were old friends who ascended, or if he found the way and returned to the lower realm, he would need more Dao attainment.

“I should be thinking about what to do after I reach the peak!”

He even began to consider the matter of advancing to the Golden immortal realm.

With his current speed, the peak was not far away. It was time for him to think about it. It was not easy to advance to the Golden immortal realm.

“Let’s go and see Fei Wan first!”

He went to see Chun Xuan, Qiu Ci, and the others. He brought them along and left behind a clone that took the appearance of master Hao Tian to guard dragon Mountain.

“The Holy beast Palace ... Is quite far away. It’s in the Li Water Tribe continent!”

After he left the mountain, he took out the map and looked again.

The distance between the spirit Toad continent and the water Tribe continent was too far. If they flew, even if they were on an immortal boat, it would take a few months.

Fortunately, there were teleportation arrays between the continents. As long as he went to the great immortal cities, he could go there through the teleportation array.

“Let’s go to silver wall city!”

When he had first come from the Tianling continent to the spirit Toad continent, he had used the teleportation array of silver wall city.

After confirming the direction, he put away the map and headed for silverwall city.

He quickly arrived at silverwall city.

He headed toward the city center and entered the teleportation Hall.

“Where are we going?”

“The Li Water Tribe continent!”

“Li water continent! It’s a little far, five hundred!”

“So expensive?”

“Of course, the water continent is several continents away. Don’t you know that the further you are, the more expensive it is?”

“Alright! Five hundred it is then!”

Tang Hao took out the money and paid for it.

He didn’t just come here and only had a few thousand immortal crystals. He didn’t even want to spend 100 immortal crystals. Now that he had tens of millions of immortal crystals, he didn’t care about 500 immortal crystals.

When the teleportation array was ready, he stepped in.

With a flash of light, he disappeared from the teleportation array.

About an hour after he left, a few figures entered the teleportation Hall. The first one was long Xiaozi.

He chatted with the immortal court’s personnel for a while, then gave him a bag of immortal crystals and left, satisfied.

“The Li Water Tribe continent!”

Long Xiaozi stepped out of the teleportation Hall and sneered.

As far as he knew, the Haotian society’s power had not yet expanded there. If red dust made a move again this time, that guy would have no reinforcements.

This time, he would die without a doubt!

“Go!”

He flicked his hand and shot out a jade talisman, which pierced through the void and left.

“That guy went to the Li Water Tribe continent? This is a good opportunity!”

In the red dust headquarters, the demon-faced man received the Jade talisman. When he opened it, he was overjoyed.

“Shi, let’s see how you’re going to dodge this time. Will there still be so many people helping you? Only your death can wash away the shame of the mortal world!” He clenched the Jade talisman tightly and muttered hatefully.

After the failed assassination attempt, he, Hong Chen, had almost become a joke and lost all his dignity.

Only by killing this guy would he be able to save his face and restore the prestige of the world of mortals.

“Set off immediately to the Li Water Tribe continent!”

He took out Jade talismans and sent them out. Then, his figure flickered and he disappeared from the spot.

He changed his appearance and went to the Li Water Tribe continent through the nearest teleportation formation.

Very quickly, many people from all over the spirit Toad continent also took action and rushed to the Li Water Tribe continent.
