

## The Mightiest Little Peasant Chapter 3036

Tang Hao stood where he was for a long time without moving.

His emotions were a little complicated.

Out of all the women he had been in a relationship with, this woman was the most special.

For the other women, most of them only had a relationship after they developed feelings for each other. However, this woman was the exact opposite.

After a long time, he shook his head and laughed bitterly.

This relationship was really a little strange!

“Let’s go back first!”

He mumbled to himself, turned around, and headed for the nearest Immortal City.

He wanted to go to the great Immortal City through the nearby teleportation array before returning to the spirit Toad continent.

This time, he had come to see Fei Wan to see how she was doing. Seeing that she was doing well, he was satisfied.

Soon, he was close to the nearest Immortal City.

“Eh? What’s going on?”

Just as he was about to reach the immortal City, the spiritual truth Dharma Eye on his body trembled slightly, sending out an early warning.

He was stunned at first.

The next moment, his expression changed.

In the void beside him, a figure suddenly appeared. He was wearing a golden immortal robe and holding a sharp spike in his hand.

This man was the assassin of the red dust World, shadowless!

“Hmph! He actually chased me all the way here!”

Tang Hao immediately understood. The assassins knew that he had come to the Li Water Tribe continent and followed him. They also knew that he had been to this city before, so they had set up an ambush near the immortal City.

He snorted, somewhat angry.

The assassination last time had failed, but this group of people still didn't give up!

Last time, he was still an earth immortal, so he was not afraid of these assassins. Now that he was a mid-stage heaven immortal, why would he be afraid of them?

Even if he didn't use the two treasures, he still had the ability to deal with these assassins.

His eyes turned cold, and his body swayed slightly, dodging the stab.

The assassin was shocked. He didn't expect to fail again. Apparently, he had been discovered in advance.

"Hmph! This time, you don't have a formation or so many heaven Immortals to help you. I'll see what you can do!"

Shadowless snorted coldly and changed the direction of the spike.

"You're looking for death!"

"Die!" Tang Hao shouted. His body swayed as he raised his hand and struck out with his palm.

BOOM!

In his body, a surge of qi and blood surged, and the 80000 Dao attainments in the immortal abode suddenly shook. Shocking energy burst out and all rushed toward the palm.

"You ... You are ..."

Feeling the terrifying Chi from his body, shadowless's face changed. His eyes widened in disbelief.

This aura ...

There was no mistake!

It was the aura of a celestial immortal!

Moreover, it was an aura that was close to the late-stage heaven immortal realm, which was even stronger than his!

But how was that possible?

A few months ago, this guy was only a mid-stage earth immortal with 20000 Dao attainment. But now, this monstrous aura was clearly close to 80000 Dao attainment, which surpassed him!

This ... This is too F \* cking scary!

In just a few months, he had increased his cultivation by more than 60000!

This sounded like a fantasy!

Without waiting for him to come back to his senses, this palm brazenly arrived, precisely smacking his chest.

Bang!

A deafening explosion.

His body trembled and his face twisted. He couldn't help but let out a cry and spit out immortal blood.

In the next moment, his body was sent flying backward like a cannonball.

"This ... This power ... How is this possible?"

His mind was blank and he couldn't believe it.

One palm!

With just one palm, he had caused him to vomit blood. How terrifying was his strength?

One should know that he was also a mid-stage heaven immortal, and he was wearing a Celestial King robe. How could someone of the same cultivation level make him spit blood with one palm?

This ... Was too ridiculous!

Just how strong was this guy's physical body and divine arts?

When he came back to his senses, he felt waves of numbness on his scalp!

He was wrong!

Everyone was wrong!

When the assassination failed, they thought that this guy only had a few rare treasures, such as the Golden Pearl, to avoid their assassination. He wasn't that powerful.

But now, he realized that this person's strength was simply terrifying!

He could be considered a powerful figure, but this guy still managed to make him vomit blood with a single palm strike. He had crushed him in the same cultivation level, which showed how strong he was!

"That's true! That master Haotian must have a shocking background for him to be on the list of Immortals. How could the people around him not have some ability?"

He mumbled to himself, his heart filled with regret.

He regretted that he had been too careless. He had attacked alone without waiting for the others to catch up.

Whoosh!

In front of him, a black shadow flashed and a cold face appeared. In that pair of eyes, there was a monstrous killing intent.

“Oh my God!”

Shadowless looked over and couldn't help but scream.

What a terrifying pair of eyes!

How many people must he have killed to have such a terrifying killing intent!

This guy was a terrifying god of death!

Bang!

Another palm strike came!

His entire body trembled violently, and he spat out another mouthful of blood as he flew backward.

“It's too F \* cking terrifying!”

He was so scared that he almost peed himself.

Not far away, the red dust assassins who had heard the commotion and were rushing over were also scared out of their wits.

They were all stunned on the spot, their eyes almost popping out of their sockets.

What did they just see?

Shadowless, a mid-stage heaven immortal, was sent flying by that guy with his immortal blood spurting out. This scene was simply too terrifying! This was too ridiculous!

“I ... I must have seen it wrong, right?”

“Yeah! Is there a mistake? is this guy really that Shi guy?”

They mumbled, extremely puzzled.

They really couldn't associate this fellow in front of them with the Shi guy from a few months ago.

At that time, the cultivation of the man surnamed Shi was still very weak and he needed the protection of a group of heaven Immortals. Later on, he even mobilized the entire spirit Toad continent to block the attack of the red dust World.

However, only a few months had passed, and he had become so fierce!

This ... This was a ghost!

“Everyone’s here!”

Tang Hao sent shadowless flying with another palm and looked into the distance.

With so many auras, the entire world of mortals was probably mobilized. They really thought highly of him.

“You ... Are you really that Shi guy?”

A demon-faced man stood out and shouted.

Even he was somewhat suspicious of whether this person in front of him was the one with the surname Shi.

“You’re blind, can’t you see?”

Tang Hao said coldly.

The demon-faced man squinted his eyes and looked at it carefully. The face under the mask gradually sank and became extremely serious.

The person in front of him should be that surnamed Shi.

As for why his cultivation had soared, it was probably because he had bought the attainment. With the current business of the Haotian club, he could afford so many attainment. Master Haotian probably didn’t need the attainment anymore, so he gave it all to this person.

As someone close to master Haotian, it was normal for this person to be so powerful.

This is troublesome!

He thought to himself, feeling that the situation had become extremely troublesome.
