

## The Mightiest Little Peasant Chapter 3038

“Come on!”

“Die!” Tang Hao howled. The divine spear in his hand shot out like lightning.

The demon-faced man used his turtle shell to block the attack, but his body trembled and he retreated.

Under the mask, his expression was already somewhat pained.

This Shi guy was simply a madman. His aura was so strong that he couldn't even breathe!

Seeing him in such a sorry state, everyone was even more shocked.

A late-stage heaven immortal was being suppressed by a middle-stage heaven immortal without even a chance to catch his breath. This was truly absurd!

Gulu!

Someone swallowed a mouthful of saliva, and his expression became somewhat flustered.

“Did we ... Stir up a hornet's nest?”

He said in a low voice.

When everyone heard this, they were stunned at first, and then, their faces revealed a bitter expression.

That's right!

Wasn't this guy hornet's nest?!

Putting aside his terrifying strength, what was even more terrifying was the speed at which he was improving. It would not be long before he reached the peak of the heaven immortal realm.

“Why don't ... I run! I don't think we can kill him today. If we keep fighting and he remembers our characteristics and recognizes us, we'll be finished!” Someone said weakly.

“Yup! Let's just run!”

“It's not worth it to fight with his life!”

Many people agreed.

They were all afraid. As Immortals, they cherished their lives very much. At first, they thought that this guy was only in the earthly immortal realm. With so many of them attacking him, they could smash this guy to death with one hit each.

However, he had never expected that this fellow was already a mid-stage heaven immortal and was still so fierce.

What's the point of fighting!

Didn't you see the leader in the later stage? he couldn't block it either!

"You guys ... What are you waiting for? attack!"

The demon-faced man blocked a few more shots. When he turned around, he almost vomited blood.

F \* ck!

The group of people stood there in a daze, and no one helped.

"That ... Why don't we ... Retreat!"

"Yup! It's not worth it!"

Everyone mumbled in low voices.

"You guys ..."

The demon-faced man's face twitched in anger.

After blocking a few more shots, he started to waver.

Perhaps it was time to retreat!

This guy was too fierce. If they wanted to kill him, they would need to work together with their full strength, which was obviously impossible.

However, he was unwilling to retreat.

After two consecutive failures, he, Hong Chen, was going to lose all his face.

"Motherf \* cker! Let's go!"

He hesitated for a moment, but he still gritted his teeth and made a decision.

So what if he lost face? he had already lost face once anyway.

Hearing this, the assassins were overjoyed and almost cheered out loud.

"Let's go, let's go!"

They dispersed in all directions.

“Shi, we’ll meet again!”

The demon-faced man shouted, put away the tortoiseshell, and turned to leave.

“You want to leave?”

Tang Hao’s cold eyes scanned the surroundings. He snorted when he saw the assassins running away.

“Let’s see where you can run to!”

He stretched out his left hand, and a golden divine Pearl appeared in his palm.

There was a flash of light and an image appeared. There was a figure running away. It was shadowless.

Tang Hao put away the divine Pearl, then his body flickered and he disappeared.

“Motherf \* cker! Why did it fail again?”

“That guy is so F \* cking abnormal!”

In the distance, shadowless kept running and cursing.

He had thought that he could take revenge this time, but he did not expect to be defeated so miserably and even spit out so much blood. It was a huge loss!

“That guy is really strange!”

He sighed.

He liked to set up hundreds of arrays in his own house for no reason. He was so strong and even improved so quickly. He was a complete monster!

He had never seen such a person before!

If he had known earlier, he would not have provoked them.

“I won’t provoke him in the future. When I go back, I’ll live my life well!”

He mumbled to himself as he walked towards the nearest Immortal City.

“You still want to go back?”

At this moment, a figure tore open the void not far away and stepped out with a cold snort.

He looked up and was stunned.

Wasn’t this the pervert?

How did this guy catch up again?

It's finished!

His heart thumped and sank.

The last time, he had been chased by this guy for a few days and nights. If it wasn't for the kill warrant that came out and helped him get out of the situation, he wouldn't have been able to escape.

When he thought of that situation, he shuddered and shuddered.

Let's go!

He made a prompt decision and turned to run.

Then, he tore open the void and entered.

He kept tearing open the void and running around, trying to avoid being tracked.

However, every time he thought he was safe, that guy would appear like a ghost.

"How did this guy track me down?"

He was about to go crazy!

He simply couldn't think of how he had been caught.

Could it be that this guy was proficient in the way of heaven divination and could figure out his location?

But that was impossible!

This kind of thing was very troublesome, and it would take a lot of time to calculate it once.

"My fellow cultivator, I was wrong!"

"Fellow Daoist, I'm begging you, please let me go! I still have the elderly, the young, and many disciples and Grand-disciples to feed! Just wake up and let me go! I can give you whatever you want!"

After this situation repeated itself dozens of times, he finally lost all hope and collapsed.

"I want ... Your life!"

Tang Hao said coldly.

"My ... My fellow cultivator, don't ... Don't be like this. I'm a little scared!"

Shadowless shivered and almost peed.

This guy wanted his life the moment he opened his mouth. He was too brutal!

“You want to kill me, so I want your life. Isn’t that natural?” Tang Hao said coldly as he looked at him.

“That’s different. I was entrusted with this! Besides, I didn’t really kill you!”

Shadowless mumbled.

“In my opinion, it’s all the same!” Tang Hao shouted.

“M-fellow Daoist, can you not be so brutal? let’s discuss this and find a suitable price.” Shadowless said.

“I don’t lack money!”

Shadowless was dazed and almost wanted to slap himself.

That’s right!

This guy was so rich, he was a damn rich man, how could he be short of money!

“Actually, it’s not that I can’t let you go. As long as you give me one thing, I’ll let you go immediately. In the future, as long as you don’t provoke me again, I won’t look for you or expose your identity.”

Tang Hao said.

Shadowless “face changed.

Hearing this, how could he not know what this guy wanted!

But that thing was too important to him.

“Think about it carefully, is your life more important than your status, or is a treasured garment more important? With your current cultivation, even if you don’t have this treasured clothing, you won’t have to worry about your life!”

Tang Hao said.

“Good! I’ll give it to you, but you have to swear on your Dao heart that you won’t come looking for me again. ”

Shadowless struggled for a long time and said.

Indeed, a treasure was not as important as his life.

With his current cultivation base of mid-stage heaven immortal realm, he could still live well without the treasured clothing.
