

The Mightiest Little Peasant Chapter 3039

“Alright!”

Tang Hao nodded.

Then, he made an oath.

“Take it!”

Shadowless gritted his teeth and threw his Immortal King treasure robe over.

What a huge loss!

He was in so much pain that he could not breathe when he saw the robe being refined in Tang Hao’s hands.

This treasured garment had accompanied him for tens of thousands of years, and in the end, it was gone just like that!

“We’ll regret it forever!”

He turned around and left.

He didn’t want to have anything to do with this pervert anymore. He didn’t want to be an assassin anymore. When he returned, he would turn over a new leaf and live a good and stable life.

“What a great treasure!”

Tang Hao put on the robe and touched it left and right. He grinned.

He had specially inquired about this treasure. It was the primordial gold battle suit, a treasure of the immortal King. It was of the same level as his primordial Jade bottle, and even its name was a bit similar.

Of course, it shouldn’t have been refined by the same person. The words “primordial chaos” were too common. Many treasures had this name.

“Now I have two treasures, two Supreme treasures!”

The Golden fighting robe and the plain Jade bottle were two rare treasures of the two great celestial Kings.

The great void divine furnace and the ten thousand laws divine mountain were the two Supreme treasures of the immortal Emperor.

Even a great eternity immortal would drool at his equipment.

After touching it for a while, he put it away.

Such a rare treasure could not be revealed.

“Those assassins still have a lot of treasures, such as the sky-stealing sun-switching painting. It’s also a powerful treasure. If there’s a chance in the future, we’ll take them all.”

Tang Hao remembered the other assassins’ treasures.

All assassins had good stuff.

However, those people had probably already returned to the spirit Toad continent, so he couldn’t do anything. He could only think about it later.

“Let’s go back first!”

He muttered to himself and took out the map to confirm his location.

Then, he found the nearest Immortal City and rushed there.

“What’s that?”

After flying for a short while, he noticed a strange mountain range in the distance.

The mountain was covered in a purple mist, and it was vast and boundless.

However, the aura of this purple Qi was a little strange. He had never seen such an aura before.

He paused and took a closer look. He was even more puzzled.

It was obvious that this was not the mountain Gate of any force, but more like a dangerous place, a forbidden land.

He swept forward and sensed carefully again.

“My divine sense can’t penetrate it. This purple Qi ... What is it?”

He frowned.

He stood far away, not daring to enter rashly.

This was the immortal world. There were many dangerous places and deathtraps here. Even though he was already a mid heaven immortal, he could not just go to any place he wanted.

“Fellow Daoist, may I ask what that place is?”

He looked around and saw a divine light passing by in the distance. He rushed over, stopped it, and asked.

“Greetings, senior!”

The man was only an earth immortal. When he saw Tang Hao and sensed the celestial immortal’s aura from him, he was shocked and bowed respectfully.

He looked in the direction Tang Hao was pointing at and said, “Senior, you’re not from the Li water continent, right? This place is quite famous in our Li water continent, it’s a famous forbidden land.”

“A land of extremis?”

Tang Hao raised an eyebrow.

The danger level of a forbidden land was far greater than that of a dangerous land.

“Yup! It’s very famous, and basically no one dares to go in, because once you go in, you can’t come out again. That’s why it’s a land of death.” The man said respectfully.

“This place ... How is it so dangerous?”

Tang Hao said.

“Well ... No one knows what’s inside, but there are many speculations. Some say that there’s a great primordial fierce beast at the level of a gold immortal, and some say that there’s some kind of ancient fierce weapon hidden inside. No one can say for sure.”

That person said.

“A great evil at the gold immortal level?”

Tang Hao raised an eyebrow.

This was a little scary.

In the immortal world, there were also many primitive beasts, which were generally stronger than the human race of the same level. Once they reached the Golden immortal level, they were truly terrifying.

“Senior, this is also a guess. No one has seen it before!”

That person laughed.

“When did this place appear? Has it been here since ancient times?” Tang Hao thought for a while and asked.

“Not really!”

That person pondered for a moment and shook his head, “I heard that this place was originally fine. About a thousand years ago, something happened suddenly and it became like this.”

“At that time, many people went in to investigate, thinking that there was some treasure. But in the end, no one came out. Gradually, no one went in, and this place became a forbidden land.”

“A thousand years ago?”

Tang Hao furrowed his brows.

This was not a long time.

“Senior, although you’re a heaven immortal and have powerful divine abilities, this place is too dangerous. It’s better if you don’t go in. I heard that there were heaven Immortals who died in there and never came out.”

That person said.

“Good! Many thanks!”

Tang Hao smiled at him, then took out a thousand immortal crystals and gave them to him.

“Senior, you’re ...” The man was shocked. He couldn’t believe it.

Even an ordinary heaven immortal wouldn’t be this rich! This person must have a very big background!

At that moment, he was even more in awe.

“Take it!”

Tang Hao waved at him.

This person was very warm and polite. He even kindly reminded him that it was worth him giving so much.

“Then this junior will be bold enough to accept it. Many thanks, senior!”

The man bowed deeply and accepted the money.

After he had left, Tang Hao turned his gaze back to the mountain range shrouded in purple mist.

All dangerous places had their own secrets, especially those that were formed suddenly. It was more likely that there would be a great opportunity.

“Why don’t we go in and take a look?”

He pondered.

He was already a mid-stage heaven immortal and had two Supreme treasures of the immortal Emperor. Even if there was a great evil of the Golden immortal level inside, he could escape.

“Let’s go!”

A moment later, he moved and headed straight for the mountain range.

When he arrived at the mountain, he took out his battle armor and divine spear. He even prepared the ten thousand laws divine mountain in his body. If there were any changes, he would immediately activate it.

After he was done with his preparations, he walked forward and entered the purple clouds.

“I’m fine!”

After walking for ten steps, he was safe and sound.

He didn’t dare to be careless. He continued to be vigilant and walked toward the mountain.

The path was filled with purple mist, and nothing could be seen clearly.

“There’s a fragrance. It’s like a flower’s fragrance ...”

After another hundred steps, he smelled the fragrance of flowers in the purple mist.

He identified the direction and quickly walked over.

A few minutes later, he arrived at a Mountain Valley. When he fixed his eyes on it, he was stunned.

In this Valley, there were many exotic flowers and rare herbs. They were all shrouded in a dazzling immortal radiance, and their auras were all at the immortal level.

“Why are there so many?”

Tang Hao was shocked.

A thousand years ago, there shouldn’t have been any immortal level plants here. It must have been because of this accident that they were born in the past thousand years.
