

The Mightiest Little Peasant Chapter 3047

“Have you heard? something big happened in the divine wonder Palace!”

“There’s a peerless thief who sneaked into their treasure vault and stole all the treasures. The people of the divine wonder Palace are all crazy now, looking for clues everywhere. They’re looking for someone!”

The news that the divine wonder Palace had been robbed spread very quickly.

The spirit Toad continent instantly boiled over.

When everyone heard the news, they were in disbelief and thought it was just a joke!

After all, that was the divine wonders Palace!

A great power with a golden immortal Almighty!

Which force wasn’t heavily guarded? with their means, how could someone sneak into their Treasury, steal all their treasures, and escape?

The people of the divine wonder Palace were not pigs, were they that stupid?

However, as the news spread, they had no choice but to believe it when they didn’t see any signs of denial from the divine wonders Palace.

“Where did this thief come from?”

“He’s too bold!”

They were all extremely shocked.

It was the first time they had heard of such a large faction being robbed.

This Bandit must be an extremely powerful figure!

“I heard that they’ve been investigating for a few days, but there are no clues at all. I’m afraid they won’t be able to get it back!”

“How tragic! Such a big treasure house, but not even a strand of hair was left. If I were that wondrous old Daoist, I’d probably vomit blood!”

There was no lack of gloating voices around the spirit Toad continent.

A major force like this was usually quite overbearing and had formed some grudges in all directions. Now that they were in trouble, they naturally had to jump out and mock them.

“How tragic!”

In Nantian city, the Taoist of eternal spring sighed.

“Yup! It’s too tragic!”

“I’m sorry,” Tang Hao said, pretending to be sympathetic.

He had returned a long time ago and acted like nothing had happened, doing what he was supposed to do.

He checked the treasures again and confirmed that there were no tricks.

“President, tell me, who in this world has the guts to go to the divine wonder Palace and steal a treasure? and he even succeeded!” Daoist Changchun’s face was full of disbelief.

“Who knows! Maybe it’s not that he’s powerful, but that the people of the divine wonder Palace are stupid!”

Tang Hao said with a smile.

“That’s true! If they weren’t so stupid, they wouldn’t have been so cleanly stolen!” The Changchun Taoist nodded in agreement.

“I’m quite envious of this thief. The divine wonder Palace’s 10000-year-old collection must have many treasures! I don’t even dare to think about it!”

Then, he smacked his lips, his face full of envy.

“I’m quite envious too!”

Tang Hao said with a smile, but he was elated inside.

He had become rich in an instant.

In the past, his net worth was at most a few hundred million, but now, with the collection of the divine wonder Palace for 10000 years, it was more than a few hundred billion. Many treasures, such as that primordial spirit stone, could not be measured in immortal crystals at all.

“You guys can split these things!”

Tang Hao took out batches of goods and distributed them to the agents.

After receiving the money, he returned to his residence.

“Fellow Daoist!”

When he returned to Dragon Mountain, he happened to see Daoist Shang Qing, who seemed to be heading to Nantian city as well.

“It’s sect fellow Shi!”

Daoist Shang Qing smiled at him.

Tang Hao said his goodbyes, then headed toward his mountain peak.

Daoist Shang Qing turned around and continued to head towards Nantian city.

After flying for some distance, he was suddenly stunned. The recent news of the divine wonder Palace being robbed had caused a sensation. Of course, he had heard of it, but he didn’t think much of it at first. However, when he saw President Shi, he remembered something.

More than a month ago, he had mentioned to President Shi that there was a connate spirit stone in the divine wonder Palace. Then, the divine wonder Palace was robbed. What a coincidence.

“Hey! I’m just overthinking it!”

After a moment, he shook his head and laughed.

What was he even thinking!

That was the divine wonders Palace, a place where even golden Immortals wouldn’t dare to barge in. President Shi was only a peak heaven immortal, so how could he have the ability to sneak in and Rob the treasure vault of the divine wonders Palace?

In the end, he even managed to escape unscathed!

This was simply impossible!

Guild leader Shi wasn’t so foolish as to take such a huge risk to steal from the Treasury.

He smiled and shook his head, throwing these thoughts to the back of his mind.

Tang Hao took out his clear sky ring and began to count the treasures in it.

He had placed all the treasures in their respective areas.

As for the connate spirit stone, he had saved it for a long time. He didn’t plan to use it now. It wouldn’t be too late to use it together after he had found the three connate spirit items.

If he used it now and the aura of the great path Golden Flower was discovered, he would not be able to explain the source of the spiritual item.

“There are quite a lot of immortal materials ...”

After he was done, Tang Hao counted the immortal materials again.

Immortal materials were very important, he valued them greatly.

Because there was one thing that required a heavenly amount of immortal materials to refine, and that was the misty immortal spirit body!

In the ancient times, Immortals had invented a secret technique to create a second body for themselves to match the huge body of a God. This was the immortal spirit body!

Later on, when he fought against the Dragon count divine clan, the immortal spirit body was also the main force.

In the spiritual illusion Mystic realm, he had seen the great battle of the ancient Qi Yuan. He had seen many immortal spirit bodies, and each of them was extremely huge. In front of them, the stars were like toys, and they could be crushed with a wave of their hands.

The immortal estate in his body was refined from the remains of an immortal spirit body.

This immortal spirit body was extremely powerful, but it was also very difficult to cultivate because it required an uncountable amount of immortal materials.

In the primordial era, there were many immortal materials, so the immortals could naturally afford to refine them.

But now, there weren't as many immortal materials as before. When this immortal world was created, many immortal materials were born, but they had long been divided up and were all in the hands of the top figures.

The immortals at the bottom level could not get many immortal materials, so in the immortal world, immortal spirit body was an extremely rare thing. At least, he had never seen or even heard of anyone who could refine immortal spirit body.

That was why Tang Hao had never thought of using the refined immortal spirit body.

However, now that he had obtained the 10000-year-old collection of the divine wonder Palace and a sharp weapon like the gold fighting cloak, he began to think about it.

He definitely had to cultivate this immortal spirit body.

Once he succeeded, his strength would skyrocket. If he succeeded now, he wouldn't have to fear even a golden immortal.

This was a Supreme secret technique that had gathered the wisdom of countless ancient Immortals.

Even strong immortal emperors like Sky Destroyer and Jiu Ming had refined it and had their own immortal spiritual bodies.

"To refine an immortal spirit body, these immortal materials are not enough at all. They're too little!"

Tang Hao looked at the immortal materials in the ring and furrowed his brows.

Even with the 10000-year-old collection of the divine wonder Palace, it was far from enough to refine an immortal spirit body. Even the smallest one would require more than 10 times the amount of materials.

“I have to go to a few more treasure vaults. The spirit Toad continent is no good. The news is too tight now. I have to go to other continents. Oh right, to the devil Heart sect!”

Tang Hao’s eyes glowed as he thought of an ideal target.
