

## The Mightiest Little Peasant Chapter 3048

Devil Heart sect.

They only had one golden immortal in charge, and their strength was about the same as that of the mysterious Palace.

It just so happened that he had some grudges with that demoness, so he was the perfect target.

“In the white bone continent, this name is quite scary. I guess they are all evil people!”

Tang Hao began to find out more about the devil Heart sect.

Very quickly, he was able to figure out the location of Devil Heart sect and its specific strength.

A few days later, Tang Hao left the Dragon Mountain and went to the immortal City further away. He teleported to the white bone continent.

He changed his appearance and aura along the way. He arrived at the periphery of Devil Heart sect and began to inquire about information.

He needed to figure out the structure of the mountain Gate, the distribution of the great formation, and the traces of that golden immortal old monster.

“No problem!”

Tang Hao was relieved after he made some inquiries.

This Devil Heart sect was even more confident than the divine wonder Palace. Usually, they would only have one layer of the array open, and it was half open. They probably thought that with their fierce reputation, no one would come to their door to die.

Not only in the white bone continent, but even in the entire immortal world, this Devil Heart sect was rather famous and had a fierce reputation.

As for that demoness, she was also extremely famous. She was a golden immortal disciple and had long reached the peak of the heaven immortal realm.

Over the years, she had done many sensational things and became a famous demoness.

Even the people of the white bone continent had a change in expression.

“This demonic woman actually wants to kill me and take advantage of me. I can’t tolerate this anymore. Today, I’ll empty their Devil Heart sect’s Treasury and her Palace. I’ll empty it out as well. Not a single hair will be left.”

Tang Hao clenched his fists as he looked at the mountain Gate in the distance, which was filled with monstrous demonic Qi. His expression was fierce.

She could kill him, but she could not take advantage of him.

Today, he was going to take revenge.

He immediately found a remote place and put on his gold fighting suit.

Then, he walked straight to the mountain Gate.

He walked in very smoothly.

He first went to explore the location of the treasure vault, but he did not immediately make a move. Instead, he went to a sky-floating island.

This Island was filled with palaces, and it was the place where the demoness lived.

“Let’s look for it first. Maybe she has her own small treasure house. Even if she doesn’t have a treasure house, there will be a lot of treasures. I have to look after it first. When I Rob that treasure house, I will immediately come over to collect it.”

“Waa! This bottle is a celestial artifact!”

“And this painting is also a celestial artifact! And it’s a gold immortal artifact!”

Tang Hao walked through the main gate grandly. Along the way, he would occasionally exclaim in surprise.

The demoness was quite rich. Almost all the ordinary-looking decorations were immortal artifacts, and they were all quite good-looking. Even Tang Hao had to admit that the demoness had good taste.

After walking around, Tang Hao gradually headed toward the palace in the center.

Whoosh!

Suddenly, he heard the sound of water coming from not far ahead.

“Is it that demoness?”

Tang Hao was surprised.

He paused for a moment and walked over.

In front of him, smoke gradually appeared, ethereal and illusory.

Fortunately, his golden fighting suit was magical. Even if it came into contact with the smoke, it would not reveal itself.

After walking for a while in the smoke, the sound of water grew louder.

After a few more steps, a pool appeared in the smoke. The smoke was coming from the pool, and through the smoke, a figure could be seen swimming in the pool.

“It’s her!”

Tang Hao narrowed his eyes and saw her face clearly.

She was gorgeous and alluring. Her long and narrow Phoenix eyes were filled with a strong Foxy charm and an evil aura. Wasn’t she the demoness he had met in the lower realm?

Previously, he thought that this demoness was thousands of years old, even older than Fei Wan. However, he had wrongly blamed her. In fact, she was only 400 years old.

Even so, Tang Hao still felt that he was at a disadvantage.

“I’m enjoying it!”

Tang Hao looked into the pool. The water was green. It was clearly some kind of divine water. There were flower petals floating on the surface of the water, and the fragrance assailed his nostrils.

She was swimming back and forth in the pool. Through the water, one could vaguely see her plump, enchanting figure, which was extremely fiery.

Tang Hao was stunned. He turned around.

At this moment, they heard a crash.

She suddenly emerged from the water, and her impressive figure was instantly revealed.

She shook her head slightly and squinted her Phoenix eyes, which were full of laziness and confusion.

“Mm! It smells so good!”

She raised her arm and sniffed it lightly. She couldn’t help but reveal an intoxicated expression.

She had to take this petal bath every few days to maintain the strange fragrance on her body.

“It’s so hard to come back. A bath is so comfortable!” Then, she leaned back and dove back into the pool, closing her eyes in comfort.

“Where is that kid hiding? I’ve searched dozens of continents, but I can’t find a single trace of him. Damn it.”

Suddenly, she mumbled, a little angry.

The thought of that kid made her angry.

She had been looking everywhere for this period of time, but she couldn't find a single clue.

"You brat, just you wait! When I find you, I'll teach you a lesson!" She snorted and slapped the water with her palm, causing the water to splash.

"This kid is quite interesting. I won't kill him! However, the punishment will be unavoidable. Just punish him to stay in my Palace and serve me."

She suddenly lifted the corner of her lips and smiled playfully.

However, she thought of the incident in the immortal Emperor's ruins. It was really interesting to tease such a little brother.

Moreover, this little brother's talent was so high that he would be of great use if he stayed and nurtured him.

"F \* ck! To serve you, you wish!"

Tang Hao could not help but roll his eyes when he heard that.

If he hadn't sneaked in, he would have punched him right now.

"I'll endure!"

He snorted and turned around to leave.

He went to the Treasury and squatted down.

When someone went in, he followed. When they left, he began to search.

This Devil Heart sect was indeed an evil sect. They had many more treasures than the divine wonder Palace. Just the amount of immortal materials alone was twice as much, which made him very happy.

However, it was a pity that there was no such thing as a connate spirit item.

This was normal. He was lucky to have gotten that spiritual stone.

After looting all the treasures, Tang Hao continued to wait for the others to come in so that he could sneak out.

As soon as he left the Treasury, he went straight to the demoness 'Palace and began to search.

His speed was extremely fast. He swept through the halls like the wind and took all the treasures. Then, he ran out of the mountain.

Not long after he came out, the great array behind him was activated. At the same time, there was an ear-piercing bell ring.

Very quickly, the entire Mountain Gate was in chaos.

Tang Hao turned around and grinned. Then, he put on his golden fighting robe and ran away.

He wanted to go to the next state and steal from another Treasury.

One continent, one power. Stealing seven or eight like this would be enough to gather the materials for an immortal spirit body.
