

The Mightiest Little Peasant Chapter 3052

In the spirit Moon Mountain, a group of seven people was currently traveling.

In all directions, miasma filled the air and everything was misty.

Occasionally, there would be gazes peeking over from the depths of the miasma, but they would disappear in a flash. By the time they looked over, they could no longer find any traces.

There were many ferocious beasts in the immortal world, and there were even more of them with primordial bloodlines. However, they were different from the lower realm. The ferocious beasts here were exceptionally cunning and good at disguises.

They would hide their huge bodies and become extremely small, escaping at the slightest sign of trouble.

Very few fierce beasts would reveal their true forms, unless they were so powerful that no one could do anything to them, such as the fierce beasts at the level of gold Immortals.

“They all ran away!”

“It’s really too smooth!”

As they went deeper and deeper, they did not encounter any fierce beasts, and the female Immortals could not help but be happy.

In the past, they would have been ambushed by many fierce beasts when they entered this area.

“This is all thanks to elder su! Elder su is so powerful, how would those fierce beasts dare to come to our door!” The purple-robed female immortal said with a smile.

“Yup! It’s great to have elder su here!”

The few female Immortals were shocked again.

“Hahaha! They’re just nobodies at the earth celestial stage. It’s not a big deal to scare them away. They’re not worth mentioning!”

Su changgong waved his hand as if it was nothing.

But in his heart, he was secretly pleased.

He glanced at Tang Hao as he spoke.

Tang Hao’s mouth twitched when he heard that.

But he didn’t say anything and just followed Fei Wan.

“Look, what’s that?”

A female immortal suddenly pointed to a place not far away and called out in a low voice.

Everyone looked over and saw a ball of colorful divine light.

“It’s the Xianxia grass! Judging from its aura, it should be at the immortal level soon. It’s a treasure!” Su changgong looked over and immediately revealed a happy expression.

This kind of plant that was almost at the immortal level was also a very valuable treasure. If he brought it back and cultivated it a little, it would become another immortal herb and could be sold for a good price.

“Elder su, please!”

The female immortal who found the Xianxia grass said to him.

“Al! There’s no need for that. I’m an elder, how can I snatch the treasure from you! Besides, I don’t need a half-immortal level plant. ” Su changgong smiled and refused.

In order to maintain his decorum, he couldn’t take this immortal cloud grass.

“That’s true! Elder su is a celestial immortal expert and an elder of our sacred beast Palace. Why would he be short on money?”

“I heard that elder su is very rich. He has a net worth of tens of millions!”

A few female Immortals started discussing in low voices.

From time to time, they glanced at su changgong with burning eyes.

Not only was elder SU’s cultivation high, but he also held real power in the palace and was rich. He was truly the perfect candidate for a Dao companion.

On the other hand, the fellow surnamed Shi was far inferior.

They looked left and right, shaking their heads from time to time.

They still couldn’t understand why Fei Wan would like this guy. No matter how they looked at him, this guy couldn’t be compared to elder su!

“Sect fellow Shi, why don’t you do it?”

Su changgong looked at Tang Hao and smiled politely.

“No need! I don’t need it!”

Tang Hao said indifferently.

Su changgong was stunned. He had only asked out of courtesy and had expected that this guy would definitely reject him. However, he did not expect that this guy would actually say that he did not need it. It was as if he looked down on this Xianxia grass.

This tone was a little too big!

“Fellow Daoist, although this Xianxia grass hasn’t reached the immortal grade yet, it’s very close. If you sell it, you can sell it for at least a hundred immortal crystals.” He said.

100 immortal crystals was actually quite a lot for an earthly immortal, especially for an itinerant immortal like him. How much wealth could he have?

“I’m not interested in money!”

Tang Hao shook his head and said indifferently.

Su changgong’s mouth opened wide when he heard this.

What was this guy saying?

Was he hallucinating just now? did he hear wrong?

This puny earth immortal rogue cultivator actually said that he was not interested in money?

This ... This was simply the biggest joke in the world!

It was absurd!

It was extremely laughable!

The female Immortals at the side were also stunned and in disbelief.

Not interested in money?

This tone was too big!

Who did he think he was? A golden immortal puppet?

He was just a little earth immortal, but he dared to say such big words. It was really ridiculous!

“And you’re not interested in money! That’s too much!”

“Even elder su doesn’t dare to say such big words, and he? Are you even worthy?”

When they came back to their senses, they frowned and their expressions became more and more contemptuous.

Hahaha! Brother, you're a little too pretentious! His bull's skin was about to break!

Su changgong laughed in his heart when he saw this.

"Hey! What sect fellow Shi means is that he might really not love money. Don't think too much about it!"

He spoke with a hint of mockery in his tone.

"Since you all don't want it, I'll take it."

Seeing that no one was going up, he made a move and collected the Xianxia grass."There will definitely be more gains later. I'll take them all and share them with you when we get back!"

"Let's go!"

He continued to lead the way and went deeper.

"There it is!"

Suddenly, his eyes lit up with joy.

He could sense the aura of many celestial immortal beasts in front of him.

Different from the earth immortal realm beasts, some heaven immortal realm beasts would not deliberately hide their aura. Instead, they would deliberately release a trace of their aura to frighten others.

"This way!"

He deliberately picked a path with more ferocious beasts' auras and swept over.

"Not good! It's a heaven immortal level vicious ape!"

Under his lead, the group of people directly crashed into the territory of a fierce ape.

With a roar, a black vicious ape with blood-red eyes rushed out. Its body swelled up and became a thousand feet tall. Then, it slapped out fiercely.

"This beast is ferocious. Quickly hide behind me!"

"Woof! Bastard, don't be so insolent!"

Su changgong put on an act and took out a golden immortal sword, striking forward.

Clang!

The immortal sword collided with the vicious ape's palm and exploded with boundless light.

In an instant, the immortal sword was blown away and shot into the distance. Coincidentally, it just happened to enter the territory of another heaven immortal fierce beast.

Aooo!

There was another long howl.

A ferocious and mighty Golden Tiger rushed out and pounced over.

"Not good!"

Su changgong's facial expression changed at the perfect time. He acted very naturally.

In his heart, he was happy.

With his strength, it was more than enough to block the fierce ape in front of him. And this man surnamed Shi was only at the earth celestial stage. Facing the Golden Tiger, he must be very embarrassed, and may even be injured.

He would have achieved his goal.

"Sect fellow Shi, why don't you hide behind me?"

He pretended to call out again.

"Yup! Fei Wan, you come over too!"

The female Immortals had already hidden behind su changgong and called out to the two people not far away.

"Thank you for your kindness, Brother Su, but I don't think there's a need! It's just an early heaven immortal little tiger!"

Tang Hao turned around and smiled at them.

Then, he took a step forward and slowly walked towards the Golden divine Tiger.
