

The Mightiest Little Peasant Chapter 3064

“Guild leader Feng, are you satisfied with this?”

Tang Hao said with a smile.

“I’m more than satisfied!”

Feng Qingyan said happily.

She lowered her head and looked at the chiffon dress she was wearing, her face full of joy.

She didn’t expect that not only was the quality of this dress so high, it was ranked ninth on the armor List. Even the design was so perfect.

In this world, there were definitely higher grade immortal clothes, but there was no one as beautiful as this.

“Master Haotian, he ... Is really too powerful. I really don’t know how he refined it?”

She sat down and exclaimed.

The achievement of ninth place on the armor board was too shocking!

“I’m also a little surprised. I didn’t expect master to be so powerful!”

Tang Hao’s face did not turn red, and his heart did not beat faster.

“Of course, President Shi, you’re amazing too. You were able to design such beautiful clothes.” Feng Qingyan laughed again. “I don’t even know how to thank you.”

“If you really want to thank me, then get me some good immortal materials,” Tang Hao said. “Grandmaster loves immortal materials the most. The more precious, the better.”

“I think so too, so I prepared a lot of immortal materials. President Shi, take a look, do they still meet the eyes of Grandmaster?”

Feng Qingyan smiled as she took out a ring and placed it on the table.

Tang Hao took it and opened it.

In the next moment, he raised his eyebrows in surprise.

The immortal materials here ... Were a little too much.

“Guild leader Feng’s net worth is really not small!”

He exclaimed in admiration.

“Guild leader Shi is too kind. What do you think ... Is it alright?”

Feng Qingyan was a little nervous.

Even though there were many immortal materials in the ring, they weren't as rare as immortal tear gold, so she was a little worried that Grandmaster wouldn't be interested.

“No problem!”

Tang Hao put away the ring and smiled. “As long as it's an immortal material, Grandmaster will like it.”

“That's good!”

Feng Qingyan heaved a sigh of relief.

After a pause, she was about to continue when her expression suddenly changed. She had sensed the situation around Nantian city.

“I won't disturb you any longer, President Shi.” She looked at Tang Hao and smiled. “You'll be busy from now on.”

“Yup!”

Tang Hao also sensed that there were many divine lights coming from all directions of Nantian city. They were obviously here to ask the Grandmaster to refine some treasures for them.

He was going to be busy for a while.

“Then, guild leader Feng, I'll take my leave!”

Tang Hao stood up and left.

When he arrived at his restaurant, the first force had already arrived.

“I am the sect leader of the reliance sect. Greetings, President Shi!”

A green-robed old man saw Tang Hao and welcomed him warmly.

The reliance sect?

Tang Hao was slightly surprised. He thought for a while and then remembered.

The reliance sect wasn't a major power. It only had a few celestial Immortals, and could be considered a mid-tier power.

However, even if it was a mid-tier power, it might have some good treasures in its hands, so it could not be neglected.

“So it’s the reliance sect leader. Nice to meet you!” He said politely.

“You’re being too polite, President Shi. I’ve come on behalf of the reliance sect to congratulate the Grandmaster, as well as all of you from the clear sky society. The Grandmaster has ascended the list of Immortals twice in a row, and this time he’s even gotten ninth place. It’s truly worthy of congratulations!”

The reliance sect master laughed, his face full of respect.

“I also heard that master is willing to take on commissions, so I have prepared some treasures this time. I don’t know if master will take a fancy to them. President Shi, why don’t you take a look first? if it’s not enough, I can prepare more.”

As he spoke, he took out a ring and respectfully handed it over.

“Good! I’ll take a look!”

Tang Hao took the ring and opened it.

“Not bad!”

After a moment, he nodded and said.

There weren’t many immortal materials in this ring, but there was a piece of immortal level aged gold of good quality.

Seventh metal was a very high-grade material with an extremely hard texture. It was a necessary material for refining flying swords and other treasures.

Seeing this, the reliance sect master let out a sigh of relief.

“I wonder what you want to refine and what materials you have prepared?” Tang Hao said as he put away the ring.

“The reliance sect has always liked mountain-shaped treasures. Inside is a divine mountain we’ve prepared. We’ve already refined it. Grandmaster, you just need to refine it a bit more, and it’ll be complete.”

The sect master produced another ring and handed it over.

Tang Hao opened it and saw an enormous divine mountain inside. It was a million feet tall and was crystal-like, with five colors.

“Sure!”

Tang Hao nodded.

This mountain-shaped treasure was actually similar to a seal type treasure. It was usually used to smash people. It was very simple and crude. Because of its huge size, it was also easy to refine.

“That’s great!”

The reliance sect master was overjoyed.

When he had first arrived, he had been a bit apprehensive, afraid that the master would look down on the reliance sect’s reputation. Now, he was relieved.

“However, I’ll say this first. The quality of the divine mountain you’ve prepared isn’t high enough. Even a Grandmaster can’t refine it too well, let alone get on the immortal list.” Tang Hao said.

The reliance sect master couldn’t help but be startled.

Get on the immortal list?

He didn’t even dare to think about this kind of thought!

Besides, the master had already gone up twice and broken the record. If he were to go up again, how terrible would that be?

“I know! I know!”

He laughed bitterly and nodded his head like pounding garlic.

“Alright, I’ll accept this Commission on behalf of the master. You can go back first and wait for the news!”

Tang Hao said.

“Then I’ll be counting on President Shi and master!”

The reliance sect master repeatedly expressed his thanks. He respectfully bowed, then left.

As soon as he left, people from another force came in immediately. The first one was a man in his fifties wearing a starry immortal robe.

“Hahaha! Long time no see, guild leader Shi!”

As soon as he entered, he laughed heartily.

“It’s elder li!”

Tang Hao recognized him immediately.

Previously, he had been invited to Mount Yun to participate in the myriad immortal gathering. He had gotten to know many upper-class figures of the spirit Toad continent, and this was one of them. He was a heaven immortal elder of the Nebula immortal Palace.

The strength of this Nebula immortal Palace was the same as that of the divine wonders Palace and the devil Heart sect. They both had a golden immortal expert.

In the spirit Toad continent, this kind of power was already at the top.

“I didn’t expect President Shi to still remember me!”

Elder li came forward and said with a warm smile.

“President Shi, I really want to congratulate your Haotian faction for such a big happy event. Master Haotian is really a God! Now, everyone is praising him for being unparalleled in the history of crafts. I think they’re right.”

“President Shi, take a look. Are you satisfied with these things?”

He complimented her, then took out a ring and gave it to her.

“I’m satisfied! I’m so satisfied!”

Tang Hao’s eyes brightened when he opened it.

The immortal materials inside were so many! Moreover, there were many rare species. He did a quick calculation and compared them to the Treasury of the divine wonder Palace, he was a little speechless.

The star Cloud immortal Palace must have taken out a third of their immortal materials and put them in this ring.
