

The Mightiest Little Peasant Chapter 3072

“President Shi, long time no see!”

Tang Hao met Feng Qingyan on the third floor of the heaven seeking Pavilion.

Feng Qingyan was a little surprised to see him.

It had been a long time since she had seen guild leader Shi. She had sent out several message talismans, but there had been no response at all. She had no idea what he was busy with.

“I’m sorry! I was too busy before!”

Tang Hao said apologetically.

“I’m fine too!”

Feng Qingyan smiled.

Although he was already at the peak of heaven immortal, he might still need to refine some immortal artifacts, special secret techniques, divine powers, and so on. It was very normal for him to need to go into seclusion.

Moreover, it had only been less than two years, which was too short for an immortal.

“I was just looking for President Shi to help me design a few more custom-made designs. It’s nothing important, so it’s fine.” She continued, “if President Shi is free now, you can help me design some.”

“Alright!”

Tang Hao nodded in agreement.

“Guild leader Feng, I wonder if I’ve missed out on any news regarding the connate spirit items?” He asked, somewhat nervous.

“President Shi, don’t worry, I didn’t! If there’s really such news, I’ll definitely inform you. If you don’t reply, I’ll go directly to your door.” Feng Qingyan laughed.

“That’s good! That’s good!”

Tang Hao patted his chest and breathed a sigh of relief.

He was afraid that he would miss out on the connate spirit item during this period of time when he was not around. That would be a pity.

“By the way, guild leader Feng, how much cultivation does your heaven seeking Pavilion have?”

Tang Hao asked again.

This time, he was mainly here to buy cultivation.

In the past 600 days, he had accumulated a large number of immortal crystals and was in urgent need of Dao attainment.

“Don’t worry, I’ve kept them all for you!”

Feng Qingyan smiled, took out a storage bag, and placed it on the table.

Tang Hao took it and opened it. He was delighted.

There were a total of 100000 beads of Dao attainment inside. As long as he went to the other Chambers of Commerce and bought tens of thousands of Dao attainment, he would be able to raise Chun Xuan and Qiu Ci to the peak of heaven immortal.

“Thank you, guild leader Feng!”

Tang Hao cupped his fists and thanked him.

“Guild leader Shi, with our relationship, is there a need to be so polite?” Feng Qingyan waved her hand and said with a smile.

“I still have to thank you!”

As Tang Hao spoke, he took out eight hundred million immortal crystals and gave them to her.

After chatting for a while more, he left and went to the other shops to buy 50000 worth of cultivation experience.

In total, he had 150000 Dao attainment points.

The two girls both had more than 30000 Dao attainment, so he only needed 130000 Dao attainment to raise them to the peak. He could give the remaining 20000 to Fei Wan.

Fei Wan was in the Holy beast Palace and wasn’t in any danger, so she wasn’t in a hurry.

After returning to the Dragon Mountain, he summoned the two girls and assigned them some of his cultivation. Then, he went to the Li Water Tribe continent.

After he returned, he planted peaches, refined weapons, and maintained the Haotian faction’s business.

At the same time, he was also looking for information about connate spirit items.

Now that his immortal spirit body had been formed, the next step was to find his third spirit item and prepare to breakthrough to the Golden immortal stage.

Tang Hao also missed the people in the lower realm.

It had been four years since he came up here. In these four years, his strength had soared. Now, he had the capital to establish himself in the immortal world, but he had no way to go down to the lower world.

“Maybe I’ll be able to find a way when my cultivation is higher!”

He didn’t believe that there was really no way to go to the lower realm in the immortal world. He would definitely find it in the future.

Just like that, another three months passed.

Tang Hao had spent all the money he earned on cultivation.

That day, Tang Hao was crafting artifacts as usual. He was designing a new immortal court when he received Feng Qingyan’s message.

When he opened it, he suddenly stood up with an excited expression.

It was news about the connate spirit items!

A few days ago, in a distant continent, a connate spirit item appeared and was taken by an earthly immortal. This earthly immortal was an individual immortal, so it attracted many people’s covetous eyes.

Many major forces had their eyes on him and were now tracking him all over the immortal world in an attempt to seize this connate spirit item.

“Right now, there are many forces involved in this. There are people from various continents and even some top forces. The situation is very complicated. However, President Shi, you can still give it a try. It’s best to bring more people.”

Feng Qingyan said when they met.

“That loose immortal has some magical powers. It’s not easy to find or catch him, so you’ll need a lot of people to help you. You won’t be in any danger if you have more people. After all, there are too many forces involved this time.”

She then explained.

“Forget it, I’ll go with you!”

She frowned slightly, still a little worried. She stood up and said, “I’ll take some people from the heaven seeking Pavilion, you take your people from the clear sky Association. There won’t be any danger if we go together.”

“That’s for the best. Thank you, guild leader Feng!”

Tang Hao stood up and said happily.

With this identity, no one would dare to attack Haotian.

“I’ll go and gather some people.”

Tang Hao left the heaven seeking Pavilion and went to his restaurant. He asked Changchun Taoist to summon a group of heaven immortal realm guest Masters.

“Guild leader, how many do you need?”

Daoist Chang Chun asked.

“A hundred!”

Tang Hao said after some thought.

Since they were going to Rob, they naturally had to have more.

“A hundred? And they’re all celestial Immortals?”

Daoist Changchun was speechless.

What was the Guild leader doing? was he going to pick a fight with some force?

“Let me see, just our spirit Toad continent alone has a hundred. I’ll send a message and gather them over.” Taoist Chang Chun took out a scroll and unrolled it. It was full of the registered honoured guests of the Haotian faction.

After the message was sent out, the surrounding itinerant immortal experts arrived first. Shui Yue, Jin Guang, Daoist Shang Qing and the others were the first to arrive.

“I heard that they’re going to send over a hundred celestial Immortals. What are they going to do? Are you fighting?”

Daoist golden light was somewhat excited.

“It’s to snatch the treasure!”

Tang Hao laughed.

Then, he briefly told them about the connate spirit item.

“This is going to be interesting!”

Hearing this, everyone was slightly speechless.

The birth of a connate spirit item had fallen into the hands of a small earth level deity, and there were even top forces joining in the pursuit. This was certainly a lively event. Presumably, in a few days, the entire immortal world would be shaken.

“It’s fine. We have more people. Whoever wants to snatch it from us, we’ll just fight them!”

Daoist golden light patted his belly and said forthrightly.

When almost everyone was here, Tang Hao brought them to the heaven seeking Pavilion to meet up with Feng Qingyan.

On Feng Qingyan’s side, there were more than ten heaven Immortals. After the two sides met, they rushed to the continent where the incident happened through the teleportation formation of the heaven seeking Pavilion. Then, they took the heaven seeking Pavilion’s ship and rushed to the area where the itinerant immortal was last seen.
