

The Mightiest Little Peasant Chapter 3076

“The president of the clear sky Association?”

Ye Futian’s face was a little gloomy.

He glanced at the warship and snorted in disdain.

He had heard of this fellow before.

He did have some status, but in the eyes of an accomplished disciple of the zenith heaven like him, he was nothing more than a small loose immortal! It was the puppet that master Haotian had pushed out!

Such a small character dared to compete with him for the treasure?

What a joke!

On the other side, the geniuses of the Xuanyuan clan also looked at the heaven seeking Pavilion’s warship and frowned.

He had hoped that this guy could help him defeat ye Futian, but could this guy really take out more than 300 million celestial crystals?

Although he was the president of the Haotian Association in name, everyone knew that the real master of the Haotian Association was still master Haotian.

“President Shi, the sect of primordial beginning has offered three hundred million. How much can you offer?”

The loose immortal below raised his head and shouted.

“I don’t have that many immortal crystals ...”

Tang Hao said loudly with a smile.

Whoosh!

The surroundings immediately burst into an uproar.

Many people booed.

If he didn’t have that much money, then why did he stand out? Wasn’t this just asking for a snub?

“Hahaha!”

The people from the sect of Yuanshi burst into laughter.

“Shi, are you kidding us?”

“Hahaha! What the hell, how dare you fight with the premier sect!”

They laughed, their faces full of mockery.

Ye Futian also laughed out loud, and the disdain in his eyes became more and more intense.

Tang Hao looked around and was not angry. He continued, “In terms of immortal crystals, I don’t have 300 million indeed. I only have about 250 million! However, I still have a lot of cultivation. Fellow Daoist, since you’re going to buy cultivation with the money, why don’t I just give you cultivation?”

With that, he looked at the loose immortal and smiled.

In an instant, the boos and laughter from all directions stopped.

The group of people from the sect of Yuanshi froze.

Then, their faces turned ashen.

250 million immortal crystals, he was only 50 million less than them. If this guy had more than 6000 immortal crystals, he would exceed the price offered by the primordial origin sect.

Ye Futian’s face also stiffened, and then it sank.

This Shi fellow could actually offer a price higher than the primordial beginning sect’s!

“Alright! It’s better to give Dao attainment!”

Below, the loose immortal was somewhat excited.

To him, it was better to give Dao attainment than immortal crystals. Once he took Dao attainment, he could immediately refine it and improve his cultivation.

“That’s good! There are 250 million immortal crystals and 7000 Dao cultivation!”

Tang Hao took out a storage bag.

“Hahaha!”

On the side, the genius of the Xuanyuan clan laughed out loud. “Ye Futian, ye Futian, you didn’t expect this, did you? You’re not even as good as a little loose immortal! I’m dying of laughter!”

He looked at the people of the Yuanshi sect and sneered.

Behind him, a group of Xuanyuan clan’s people also jeered at him.

Ye Futian gritted his teeth, his face ashen.

He was furious, but he also felt helpless.

They did have a lot of immortal crystals, but none of them had extra Dao attainment, not a single one, because ordinary Immortals would not have extra Dao attainment.

“All of you, immediately give me 7000 Dao attainments!”

Hearing the sneers in front of him, he couldn't hold it in any longer. He turned around and shouted at the group of people behind him.

“This ...”

The group of people's expressions changed slightly.

They didn't have any extra Dao attainment. If they wanted to take it, they could only cut off the Dao attainment that had already been refined.

“What are you waiting for? I'll immediately return it to you when we get back!” Ye Futian shouted.

The members of the sect of Yuanshi looked at each other and nodded. Each of them cut off some of their Dao attainment and gathered seven thousand of them.

“I bid 300 million, plus 7000 Dao attainment!”

Ye Futian looked around and shouted.

Then, he raised his head and looked at Xuanyuan's side provocatively.

“Ye, you're ruthless!”

The monstrous talent of Xuanyuan clan said in embarrassment.

Seeing this, ye Futian burst out laughing.

Would ye Futian lose?

This was impossible!

“Shi, do you still have any cultivation? If you don't have it, then quickly take your money and get lost!” He looked at the heaven seeking Pavilion's warship and sneered.

It was already not easy for this Shi guy to take out seven thousand Dao attainment. It was impossible for him to have more Dao attainment!

Tang Hao looked at him with a strange expression.

“Actually, I'm quite skilled, so I'll add another 7000!” Tang Hao flicked his sleeve, and another storage bag flew out.

“What? There are more?”

Ye Futian was stunned. He could not believe his ears.

How could this guy have more skills? Moreover, he added 7000 crystals at once?

How much Dao attainment did he have left?

250 million immortal crystals, 14000 Dao attainment!

How could this guy have such a huge net worth?

“Another seven thousand?”

“This is crazy! It’s 14000 Dao attainment, which is almost 400 million immortal crystals!”

Everyone was also stunned.

They burst into an uproar, their faces full of shock.

To bid close to four hundred million in one go, this President Shi was really too rich. It seemed that most of the clear sky Association’s wealth was on this person.

Thinking about it, master Hao Tian was such a master. Why would he be interested in money? the money he earned would definitely be used by him.

“Four hundred million at once! That’s amazing!”

“Did you hear that? he said he still has a lot, but he’s only taking out 14000 for now. Few golden Immortals can compare to him in terms of wealth!”

The crowd discussed, all extremely excited.

“Take! Give me another 7000! I don’t believe that he has more skills!”

Ye Futian snapped back to his senses and shouted.

The people from the sect of Yuanshi hesitated for a moment, but they still did as they were told and gathered another 7000 Dao attainment beads.

“Actually, I have more ... How about another ten thousand!”

Tang Hao smiled and took out another storage bag.

Si si si!

This time, everyone was not only shocked, they all sucked in a breath of cold air, their faces full of horror.

In a casual sentence, he added 10000 Dao attainment points!

His expression didn't change, and he was calm and composed!

This person's boldness was really too great!

"You ..."

Ye Futian's face turned red in anger.

He gritted his teeth, his face full of unwillingness and shame.

He had already asked his disciples to withdraw 14000 Dao attainment stones. If he were to withdraw another 10000, it would be too much. When he returned, he would not be able to make up for it in a short time, and it would inevitably make his disciples dissatisfied.

However, it would be too embarrassing to give up just like that!

He was a member of the primeval sect and an accomplished disciple of the zenith heaven, so how could he lose to a mere itinerant immortal?

"Let's go!"

After struggling for a long time, his expression changed several times. He gritted his teeth, turned around, and led the way.

Behind him, the people of the sect of Yuanshi were stunned for a moment. Then, they followed him with a dazed expression.
