

The Mightiest Little Peasant Chapter 3077

“Whoosh!”

The surroundings were once again in an uproar, and an earth-shaking clamor erupted.

Everyone was a little excited. At first, they did not think that President Shi would be able to beat ye Futian, an outstanding disciple of Daluo, and get this piece of innate spiritual Jade.

“Hahaha! Guild leader Shi, congratulations!”

On the side of the Xuanyuan clan, Xuanyuan chengfeng laughed heartily.

He didn't have much of a relationship with this person, but as long as he could make ye Futian suffer, he would be happy. He wasn't stingy with his compliments.

“Guild leader Shi, congratulations!”

The crowd also said one after another, all somewhat enthusiastic.

“Fellow Daoist, here are 250 million immortal crystals and 24000 Dao cultivation. Count them!”

Tang Hao said to the itinerant immortal as he threw the storage bag in his hand.

“That's right!”

The loose immortal took it, opened it, and his hands trembled.

He had never seen so many immortal crystals and cultivation before!

“Many thanks, guild leader Shi!”

He kept the items and thanked Tang Hao with cupped hands. Then, he tossed the innate spiritual Jade to Tang Hao.

Tang Hao reached out and grabbed it.

“Good treasure!”

He grabbed the spiritual Jade and examined it carefully. His heart was burning.

Now that he had all three connate spirit items, he could finally condense the Golden Flower of Dao and prepare to break through to the gold immortal realm.

“Guild leader Shi, congratulations!”

Feng Qingyan pursed her lips and smiled.

“I have to thank you, guild leader Feng!” Tang Hao cupped his hands at her and thanked her.

If it were not for this person’s identity, he would not have been able to successfully obtain this piece of innate spiritual Jade.

“Guild leader Shi is too polite!”

Feng Qingyan laughed.

“Everyone, farewell!”

After bidding farewell to everyone, Feng Qingyan steered the ship and returned to the spirit Toad continent.

Tang Hao went into seclusion as soon as he returned to the mountain.

He was going to condense the three great Dao golden flowers first so that he could transcend the Tribulation as soon as possible.

The previous two items had dubious origins. One was stolen, and the other was robbed. He couldn’t explain the origin of the spiritual items, but this one was bought by him, so its origin was very clear.

In this way, even if someone could sense the Golden Flower Aura on his body, it would not arouse any suspicion.

“I’ll first condense my Dao attainment and give birth to the wood of the great Dao!”

In the hall, he sat down cross-legged.

With a thought, the 100000 Dao attainment points in his immortal abode immediately surged. Waves of golden Dao accumulation surged out from these Dao attainment points and gradually gathered together.

At first, it was just a small stream, but it soon became a Lake.

It continued to expand and became a Golden Ocean.

This vast ocean surged in the immortal abode, making a splashing sound and surging momentum.

The Taoist connotation was still gushing out and accumulating. The entire immortal abode was almost swallowed up by this vast ocean.

“We can start now!”

When his Taoist connotation was almost fully accumulated, Tang Hao’s mind flickered. In the middle of the vast ocean, a wave suddenly surged and transformed into the shape of a seed.

It was a golden seed that was engraved with mysterious and complicated Dao patterns, and it was emitting a bright divine light.

Whoosh! Whoosh!

The ocean began to surge violently, and waves rose up, fighting to rush toward the Golden seed to be absorbed.

Soon, the seed began to expand, crack, and grow a tender shoot.

Then, it continued to grow and turned into a tree sapling.

By the time the entire ocean had been completely absorbed, the sapling had already grown to a height of three meters, with many branches and leaves.

Tang Hao flicked his sleeve, and three beams of light shot out. They were the stone, the Pearl, and the Jade.

He scanned through it and reached out to retrieve the spiritual Pearl, placing it into the immortal abode.

As soon as it entered the immortal abode, the Golden Tree of the great path sensed it. It gently shook its branches and leaves, producing a suction force that pulled the spiritual Pearl over and hung it on a branch.

At the same time, a large amount of Taoist connotation was produced and absorbed by it from the 100000 beads.

Not long after, a flower bud grew out of the branch. It was a little light in color, like it was translucent. Then, it gradually opened and produced a three-petaled divine flower.

Each petal had a divine light flowing around it.

“The first Golden Flower is done!”

Tang Hao was overjoyed.

Everything was going smoothly!

Not long after, the second and third flowers would bloom.

At this time, he still couldn't cross the Tribulation. He needed to nurture them and wait for these golden flowers to gradually become more solid and powerful. Only then could he try to cross the Tribulation.

Right now, these flowers all had three petals. In the future, there would be a fourth and a fifth petal.

For example, the mysterious old Daoist was a five-petaled Golden Flower!

In the blink of an eye, two months had passed, and he had also successfully bloomed three golden flowers.

His current cultivation base was already at the half-step golden immortal level, much stronger than a peak heaven immortal.

“Not bad!”

Tang Hao smiled happily and stood up.

What happened next couldn't be rushed. He needed time to nurture the three golden flowers.

When Fei Wan reached the peak, he could absorb more Dao attainment to speed up the process.

“Congratulations, young master!”

When he left the hall, he saw the two girls, Chun Xuan and Qiu Ci, rushing over and bowing.

They knew that their young master had been in seclusion to condense the Golden Flower. Now that he had come out, it meant that he had succeeded.

In that case, young master would be able to transcend his tribulation and become a golden immortal soon.

“Young master, you're too fast!”

Ji Qiuci laughed. “He's only a little over a hundred, and he's already condensed three golden flowers. He's about to break through to the Golden immortal stage!”

At the side, Ji Chunxuan nodded her head. She looked at her young master with a look of passion and admiration.

In the immortal world, there were many monstrous talents, such as the disciples of golden Immortals and zenith heavens. However, none of them were as young as the young master!

” 101 years old!”

Tang Hao did some calculations.

When he ascended to the immortal world, he was 97 years old. Now, four and a half years had passed, and he was 101 years old!

“He's over a hundred years old! I'm not young anymore!”

Tang Hao sighed. He was a little disconsolate.

Unknowingly, he had already stepped into the age of a hundred.

Although this was a very young age in the world of cultivation, to him, he felt that he was a little old and not as young.

“He’s not young?”

The two girls were speechless.

The young master actually thought that he was old. Did he want to let the other monsters live?

“Alright, you guys can go back to work!”

Tang Hao smiled at them and waved his hand.

He went to look for his origin core clone, took the immortal crystals he had accumulated over the past three months, and used them all to buy Dao attainment.

Last time, he had prepared all his cultivation for Fei Wan. Most of it had been used to buy connate spirit items, so he had to make up for it now.

With Dao Xing, he went to the Li Water Tribe continent to see Fei Wan.

When he returned, he settled down on Dragon Mountain with peace of mind. He refined weapons, planted peaches, raised fish, and nurtured golden flowers. When he had free time, he would spend it with the two girls. His days were quite relaxed and comfortable.
