

The Mightiest Little Peasant Chapter 3083

“Who is it?”

The Golden immortal of the primordial beginning sect stood in place with a gloomy expression.

He thought about it for a long time, but he had no clue at all.

He really couldn't think of anyone who was so powerful that they could seize spiritual objects out of thin air, find them in a very short time, and even erase the mark left by the primordial beginning sect.

“Where's the treasure?”

“Who is it? Who took it?”

At this moment, everyone was in an uproar.

No one could see clearly who had taken the treasure.

“This ... How is this possible?”

When the Golden immortal returned to the void, he told them about the situation just now. The great void sovereign, Ye Futian, and the others were all dumbfounded!

The treasure ... Was gone?

This sounded too unbelievable!

“How did this happen?”

Ye Futian was stunned for a long time. When he came back to his senses, his face twitched and turned ashen.

He had brought out this treasure to set up a trap to kill that evildoer. But now, he had not even seen the shadow of that evildoer, and the treasure was gone. This was a huge loss!

Behind him, the members of the primordial beginning sect also looked terrible.

“This ...”

The great void sovereign opened his mouth, but he didn't know what to say.

He was really a little dumbfounded!

‘This is ... Too F * cking unlucky!

Why did he have to meet such a powerful person?

“There’s indeed nothing left!”

The group of golden Immortals from the sect of primordial beginning shook their heads in disappointment.

“This person’s methods are truly powerful!”

“Al! How did I meet such a person!”

They sighed and looked dejected.

He had thought that the plan would go smoothly, but who would have thought that he would encounter such an unfortunate incident at the very beginning? a connate spirit item was lost just like that!

“Hahaha! He was fine! Isn’t it just an inborn spiritual item? It’s fine if it’s lost, but once we catch that demon and take back the spiritual item on his body, we can make up for it. ”

Ye Futian laughed out loud and comforted everyone.

“Yup! It’s just an innate spirit item. As long as we can capture that demon, everything will be worth it!”

Everyone nodded and regained their spirits.

This time, they were just a little unlucky. It was nothing.

They would definitely succeed next time.

“In my opinion, we have to wait for at least a month before we can set up another trap. Otherwise, if the spiritual objects appear too frequently, it will definitely arouse his suspicion.” The great void sovereign said.

“Good! Then one month! I’ll let that guy live for another month!”

Ye Futian nodded and said fiercely.

After he finished speaking, he glanced in the direction of the spirit Toad continent, and a cold killing intent emerged in his eyes.

“What a great treasure!”

At this time, in a barren mountain far away, Tang Hao, wearing a golden fighting robe, landed.

He took out the innate glass, looked at it carefully, and praised.

It was a genuine connate spirit item!

With this treasure, he would be able to bloom his fourth Golden Flower.

“This matter ... Is a little strange!”

After playing with it for a while, he put away the treasure and frowned.

Just now, he had found a mark in this colored glass. It was hidden very deeply and very well. If it wasn't for his habit of stealing from treasure vaults, no matter what he took, he wouldn't have found this mark.

There was an imprint on it, and it was hidden so deeply. This meant that this spiritual item had an owner.

How could a spiritual item with an owner appear in a barren mountain?

Furthermore, so many people had searched for it for a long time at the beginning, but none of them had discovered this spiritual object. But suddenly, this spiritual object appeared!

“There's a ghost!”

The more Tang Hao thought about it, the more certain he was of the idea.

However, he didn't really care.

This could indeed be a trap set up by someone with an ulterior motive, but it had little to do with him. Anyway, the treasure was already in his hands, so why did he care so much?

Moreover, he was hoping that this was a trap. If he failed this time, that group of people might try again. At that time, he could even get a spiritual item. How great would that be?

“These people ... They're really good people!”

Tang Hao grinned and sighed.

Then, he rushed back to Dragon Mountain.

When he returned to the mountain, he first refined the spiritual item and successfully bloomed the fourth Golden Flower.

In the blink of an eye, a month had passed.

The appearance of the spiritual object had caused a stir and many speculations, but it died down in less than half a month.

One day, Tang Hao was refining when he received a message from guild leader Feng.

When he opened it, he couldn't help but raise his eyebrows.

Another connate spirit item!

It seemed that his previous guess was right. Those people who set up the trap were unwilling to fail and came again.

“You can go, but you have to be more careful this time!”

Tang Hao thought for a moment, then stood up.

He had stolen the treasure last time, so those people would definitely be more careful and take precautions. Therefore, he had to be more cautious and not reveal any traces.

He first sent the Jade talisman back and told President Feng that he wouldn't be going. Then, he put on his golden fighting robe and sneaked out of Dragon Mountain, heading towards the scene of the incident.

When he arrived, there were many people again, and the situation was similar to before.

Tang Hao looked around but did not find anything. He found a spot and crouched down.

He didn't look for any spiritual beings' auras. Instead, he observed these people.

If he was not wrong, there must be someone among these people who had been arranged by that group. They were waiting for the right time to throw out the innate spirit item. Then, as long as he found this person and got close to him, he would be able to seize the initiative.

“Eh? Those guys seem to be acting sneaky.”

After observing for half a day, he found a few suspicious people in a remote corner. His cultivation level couldn't be seen clearly, and they all hid their auras. Even their clothes were the most ordinary gray immortal robes without any identification marks.

They were different from the others. Instead of searching everywhere, they were huddling there as if they were waiting for something.

“There's a chance!”

Tang Hao slowly made his way toward them in his gold fighting cloak and crouched down near them.

“It's almost time?”

A man looked up at the sky and whispered. He was a middle-aged man in his forties.

“No news yet, let's wait!”

A white-bearded old man by the side raised his head to look at the sky as he said.

“Good! Elder!”

The middle-aged man immediately responded and waited patiently.

“When we move later, you must act naturally and not let anyone see any flaws. Also, you must act fast. Once you get the treasure, put it in my ring and run away. Run as far as you can, understand?”

The white-bearded old man turned around and looked at the others.

“Understood, elder, no problem!”

The few of them immediately responded, their expressions very relaxed.

Wasn't it just a show? when the elder threw out the treasure, they would snatch it at the first moment and then run away with the treasure. It was too simple, how could there be any mistakes!

“There shouldn't be any problems!”

The white-bearded old man nodded and muttered.

It was their negligence last time that caused the treasure to be taken away by the mysterious man. Now, they had changed their method and let their own people take it. It was foolproof!
