

The Mightiest Little Peasant Chapter 3084

“Hahaha! This time, it’s definitely foolproof!”

In the crack in the void, ye Futian laughed out loud, his expression very relaxed.

This time, even if that mysterious person came again, so what!

That guy couldn’t even touch the edge of the treasure!

When the people he arranged to escape with the treasures, he would spread the news again. He did not believe that the demon would not take the bait.

Once he took the bait, this matter would be settled!

Two immortal Emperor Supreme treasures!

Just the thought of it made him excited.

“It’s almost time, we can start!” The great void sovereign said.

“Alright!”

Ye Futian nodded and threw out a jade talisman.

In the mountain range below, the white-bearded old man received the Jade talisman, turned around, and gave a look to those people.

The few of them immediately rushed out and stood guard in all directions, waiting to snatch the treasure.

The white-robed old man turned around again and carefully examined the surroundings. After making sure that no one was closer than these people and no one was investigating the situation here, he waved his sleeve and shot out a divine light.

“The spiritual item has appeared!”

The few people who were guarding the four sides roared and rushed out at the same time, pouncing towards the spirit creature.

They even pretended to fight, as if they were fighting over something.

Then, one of them rushed in front of the spiritual object and reached out his hand to grab it.

The white-bearded old man heaved a sigh of relief.

Fortunately, what he was worried about didn’t happen.

But thinking about it, in such a short time, even if that guy came, he wouldn't be able to react at all.

"It's done!"

He smiled, his face revealing a happy expression.

However, at this moment, the ball of divine light floating in the air suddenly disappeared, and the man's hand missed.

The smile on his face instantly froze.

No more!

It was gone again!

It was exactly the same situation as the last time!

It also disappeared into thin air just as it was about to be taken by someone!

But how was that possible?

Last time, they didn't take any precautions, but this time, they were already on guard. In just a few breaths 'time, how could that fellow discover it and even activate his divine ability to seize the treasure?

No matter how he thought about it, this was impossible!

He stood there in a daze, completely dumbfounded!

Above them, in the void crack, ye Futian and the others were also dumbfounded.

Their eyes were wide open as if they had seen a ghost!

It was the same situation as last time!

They had really seen a ghost!

Who was that guy? how could he be so powerful and so strange?

"No more! It's gone again!"

"The mark has also been erased!"

A moment later, they woke up with a start. After sensing for a while, they all beat their chests and stamped their feet, almost crying out loud.

Another connate spirit item was gone!

What a bloody loss!

“Preposterous! Preposterous!”

Ye Futian clenched his fists tightly. His entire body trembled violently because of his anger.

His handsome face became even more hideous and twisted.

This was the second time that this bastard had stolen his treasure. He was too detestable!

“Just you wait, how dare you steal something from the Yuanshi sect. I’ll make you pay for it. After I take care of that demon, I’ll come and take care of you. When I find out, I’ll make sure you die a horrible death!”

He gritted his teeth and said ferociously.

He had never been so angry before. Even last time, when he was humiliated by that man surnamed Shi, he was not like this.

“This ...”

Supreme Taixu opened his mouth, but he was completely speechless.

Being robbed once was one thing, but being robbed twice in a row, what was this?

He was too unlucky!

“Ye ... Young master ye, it looks like we’re out of luck! Why don’t we ... Change the plan?” He thought for a moment, looked at ye Futian, and said with a bitter smile.

Ye Futian’s face darkened and he did not say anything.

For this plan, they had made a lot of preparations, even the formation. If they changed the plan now, wouldn’t all their efforts be in vain?

This made him really unwilling and he couldn’t take this lying down!

“Daoist great void, you have a point. I’m sure that this fellow has his eyes on us. Even if we change locations next time, he will still be able to arrive and take our spiritual items. If we fail again, our losses will be too great.”

A golden immortal elder said.

“Yup! We’ve already lost two Spirit items. If we lose another one, that’ll be three. ”

The other golden Immortals chimed in.

The sect of Yuanshi was a big sect and had many connate spirit items, but they couldn't afford to waste them like this!

With three connate spirit items, he could already cultivate a golden immortal elder!

"Then let's change the plan! Let's deal with that demon first!"

Ye Futian took a deep breath and shouted.

"What's your plan?"

He looked at sovereign Taixu and asked.

Supreme Taixu frowned and hesitated."Now, it's obvious that using the innate spiritual object to set up a trap won't work. We can only think of another way to lure it out. And it has to be natural. We can't arouse the suspicion of that demon ..."

"That's right, that guy is now the president of the clear sky Association. We can use this identity to do something. For example, we can invite him, the president, to attend some banquet. It will not arouse his suspicion."

"Banquet? That's a good idea!"

Ye Futian nodded.

"Then let's go back and discuss this!"

He looked down at the mountains and snorted. Then, he returned to the primitive sect with his people.

"Another piece of Jade!"

"Good treasure!"

Tang Hao had already run far away. He found a place to squat down and took out the treasure to examine it.

There was no problem!

It was a genuine connate spirit item. There were many imprints inside, but he had erased them easily and wouldn't be tracked.

"Two connate spirit items, we're rich!"

He put the Jade away and grinned in joy.

Although he still didn't know what the purpose of those people was, it didn't matter. He had already snatched two connate spirit items anyway.

“I wonder which family they’re from. They’re really a group of good people!”

Tang Hao grinned, then sighed.

To be able to take out two connate spirit items, it must be the top force, such as the Xuanyuan clan, the primitive sect, and the heaven desolate Hall. It was just unknown which one it was.

“Let’s go!”

Tang Hao stood up and left happily.

When he returned home, he refined the spiritual item and bloomed the fifth Golden Flower.

After that, he continued to refine weapons, raise fish, nourish the Golden Flower, and maintain the Haotian faction’s business to earn immortal crystals.

“It’s almost time!”

When he had accumulated some immortal crystals, he went to the major Chambers of Commerce and scanned his Dao attainment as usual.

He took his Dao attainment and sneaked out of the Dragon Mountain to the Lishui continent. He gave his Dao attainment to Fei Wan and raised her cultivation to the peak of heaven immortal.

He had stayed in the Li water continent for half a month before he returned.

A few days later, he received a message from Changchun Taoist that someone had invited him, the president of the clear sky Association, to attend a grand event.

He immediately left for Nantian city to meet the Changchun Taoist.
