

The Mightiest Little Peasant Chapter 3091

“Are you going to admit defeat and surrender?”

Ye Futian laughed mockingly.

“What a pity! I won’t let you go, you’ll die today!” He then shouted coldly, his face full of pride.

So what if this kid had two Celestial Emperor Supreme treasures?

In the end, he would still die in his hands!

“Surrender?”

Tang Hao was surprised, then he laughed. “We don’t know who’s going to die today!”

“Hahaha!”

Ye Futian laughed when he heard that.

This guy was already at death’s door, yet he was still being stubborn. It was really ridiculous!

Did he really think that he could escape?

“Continue. Directly blast him into pieces.” His face darkened as he shouted at the people behind him.

Then, he looked at the extreme heaven old Daoist and said, “Senior, you have to be careful. This guy has a lot of magical powers. Don’t let him take advantage of you and escape!”

“Don’t worry!”

Old Daoist Ji Tian waved his hand and said, “the formation of my extreme Sky Island definitely has no loopholes. Even if he has a myriad of divine powers, he can forget about leaving. There is only one way to leave, and that is to use overwhelming strength to tear apart the formation and rush out.”

With that, he glanced at the figure below, smiled, and shook his head slightly.

Even if this brat was given another few hundred years, he probably wouldn’t have the strength to tear apart his extreme Sky island’s great array!

Tang Hao raised his head and looked up.

Suddenly, the corners of his mouth lifted, revealing a somewhat contemptuous expression.

“It’s just a few layers of formations!”

“You ...”

Old Daoist Ji Tian was immediately furious, and his face turned red.

This stinky brat actually dared to say that the great formation he had spent so much effort to set up was only a few layers of formation cracking?

This was preposterous!

He knew that this kid might really have the confidence because he was master Haotian, a god-like figure in the path of crafts. As a craftsman, he was good at talisman, so he must be good at formations.

However, he still couldn't accept it.

He snorted in anger and activated the seal in front of him. Endless divine light poured out from the sky.

Just now, he had only activated one layer of the killing formation. Now, he had activated a few more layers, vowing to completely destroy this kid.

Tang Hao took a deep breath and slowly closed his eyes as he faced the dazzling divine light coming from all directions.

Seeing this, ye Futian was slightly stunned.

Could it be that this fellow had really given up on resisting?

He was a little confused, and a faint uneasiness rose in his heart.

He seemed to have sensed something unusual about this guy.

However, he really couldn't figure out what other means this fellow had to stop so many golden Immortals and the layers of arrays that surrounded them.

If it were him, even if he had two Celestial Emperor Supreme treasures, he wouldn't be able to escape at all. Only death would await him.

"What ... What is this?"

Just as he was feeling puzzled, his eyes suddenly focused on the figure. Suddenly, a brilliant divine light exploded. It was so dazzling that he felt his eyes blur.

For a moment, the vast world was completely swallowed up by the divine light.

Along with this divine light, there was also a monstrous aura that surged violently like a landslide and tsunami!

He was caught off guard, and his body trembled as he flew backward.

When he retracted his body, his expression was one of shock.

What was that aura?

How could he be so powerful!

He squinted his eyes and looked into the divine light.

Like him, the group of golden Immortals and the extreme heaven old Daoist also trembled and retreated a few feet. They also looked at the divine light with surprise on their faces.

They could sense that a terrifying power was rising and expanding in this blinding divine light.

“What ... What is this?”

Extreme heaven old Daoist’s eyes were wide open and filled with extreme horror.

That power ... Was still expanding. It was strong and violent. At the same time, there was a terrifying power that surged over, shaking his mind.

It was as if there was a Supreme God hidden in the divine light.

“Heavens!”

Soon, he saw something in the divine light. His body trembled, and his eyes almost popped out.

His body also started to tremble.

Because in the divine light, an extremely huge body was rising rapidly. In an instant, it had grown to a height of millions of feet, and it was still expanding.

The small square under his feet could no longer contain his body.

Soon, even his extreme Sky Island would not be able to accommodate him.

The group of golden Immortals from the primordial beginning sect looked up at the huge object in front of them, and they were all dumbfounded.

Their brains almost stopped working.

‘What the hell is this?’

Was it a beast?

Or a puppet?

It didn’t seem to be any of those. The aura it emitted was even more terrifying, causing these golden Immortals to tremble in fear.

This ... This was too ridiculous!

They were golden immortal powerhouses, while this kid was only a half-step golden immortal!

“This is ...?”

Ye Futian also raised his head and looked at the huge creature in front of him.

What was this?

Was it the legendary ancient God?

In the legends, there were deities in the ancient times who had incomparably huge divine bodies. They could pluck the sun, moon, and stars, and their divine powers were shocking!

However, that was only a legend. The gods had died out a long time ago, and this fellow was also of pure human blood!

Just as he was in a daze, the figure was still expanding. Soon, he touched the formation above. He raised his huge palm and slapped at the formation. There were a few loud bangs and the entire formation shook violently.

“Heavens! What is this thing?”

“He ... What kind of divine power is this?”

Outside the island, everyone was also dumbfounded.

Looking at the dark golden giant that was tens of millions of feet tall in the formation, their hearts trembled and their faces turned pale.

It was not that they had not seen such a huge thing before. Which golden immortal level fierce beast did not have such a huge body? however, how could an immortal refine such a huge body?

Moreover, the aura of this body was so terrifying that it was definitely not an ordinary object.

“Gulp!”

In the crowd, Yao Xinyue couldn't help but swallow her saliva. Her beautiful face had turned pale at this moment.

What kind of monster was this kid? how could he have such a terrifying thing?

Although she didn't know what it was, she could see its power.

“This ... Could it be ...?”

Xuanyuan lie looked on in a daze. Suddenly, he seemed to have thought of something, and his expression changed drastically.

Then, he gasped and his face revealed extreme shock.

This kid ... How did he manage to refine such a thing!

He groaned in his heart and felt his scalp go numb.
