

The Mightiest Little Peasant Chapter 3092

“Boom boom boom!”

The entire extreme Sky Island, as well as the great formation in all directions, were shaking violently.

The dark golden giant stood in the middle of the island. It stood on the island and above its head was the formation. It was using its giant hands to slam the formation, creating a thunderous sound that shook the world.

Everyone’s hearts trembled.

It was a giant that was tens of millions of feet tall. Its entire body was dark gold in color, and its surface glowed with a metallic luster. There were also blood-red patterns that spread all over the place.

His eyes were golden, like two burning Suns, exuding an impressive divine might.

Every time he raised his hand, a Supreme might would spread out, shaking their minds.

It was like ... Emperor pressure!

“This can’t be an immortal spirit body, right?”

Among the crowd, Feng Qingyan mumbled in a daze.

She felt that this was truly unbelievable!

In this era, how could anyone refine an immortal spirit body? those who could refine it were all people from the ancient times and were legendary figures in this world.

She had never heard of anyone who could cultivate an immortal spirit body in the past few thousand years.

This was because it consumed too many immortal materials. Even the top forces in the immortal world, such as the heaven desolate Palace and the Xuanyuan clan, could not afford so many immortal materials.

How could guild leader Shi, no, this monster from the lower realm, possibly refine it?

Furthermore, the grade was so high!

“This is the immortal spirit body! According to the legends, the second body refined by the ancient Immortals was a Supreme immortal body made of immortal-grade materials!”

Soon, someone recognized it and exclaimed.

In an instant, the crowd was in an uproar.

Everyone was in disbelief.

Many of them had heard of the immortal spirit body, but they had never seen it in real life because it was impossible to refine it now.

However, this monster had revealed a true immortal spiritual body. How could it not be shocking?

“I know, isn't he that Bandit? He robbed so many treasure vaults, refined treasures for others, and collected countless immortal materials. That's how he could refine this immortal spirit body!”

“So, he robbed the Treasury and collected immortal materials to refine this immortal Body Spirit!”

Soon, they came to a realization.

It turned out that this monster had already prepared this immortal spirit body.

In just a few years, he had gathered enough immortal materials to refine such an immortal spirit body. This ability was simply too amazing!

“This immortal spirit body ... Has Emperor pressure. He must have refined a Supreme divine item.”

“This immortal spirit body is too precious!”

Everyone looked at the dark golden giant with shock and passion in their eyes.

“Immortal spirit body?”

On the island, old Daoist Ji Tian was stunned for a moment before his expression changed.

This was a legendary technique of the ancient Immortals, and it was extremely powerful!

If this continued, the great formation of his skyscraping Island might really be torn apart.

Immediately, he grabbed the treasure seal and poured in immortal essence crazily, starting to activate and strengthen the formation.

This kid was too terrifying. He could even refine an immortal spirit body, an ancient Immortal Technique. If he escaped, the consequences would be unimaginable.

Boom! Boom! Boom!

The dark golden giant was still striking the formation.

“Break!”

He roared and raised his hands to block the light screen above his head. Then, he began to pull it to the sides.

Gradually, the light curtain began to change shape and twist, as if it couldn't take it anymore.

"Hurry up! Quickly stop him!"

Ye Futian finally came back to his senses and hurriedly shouted.

The group of primordial beginning sect golden Immortals felt as if they had just woken up from a dream. They quickly activated their treasures and attacked the dark golden giant.

Clang clang clang!

However, when they attacked with their treasures, they could only make the huge figure tremble slightly at most. It was like scratching an itch through one's boot. It was of no use.

"How can it be so hard?"

Ye Futian was stunned. He found it hard to believe.

"Ha ha ha!"

With a loud roar, the light curtain above his head was completely torn and twisted. Then, a crack appeared.

The two giant palms stretched out and split to the sides, tearing the light curtain apart.

"Oh my God ..."

Old Daoist Ji Tian grabbed the treasure seal and was dumbstruck.

Never in his dreams would he have thought that the array he had painstakingly set up would one day be torn apart by someone's bare hands.

Once the first layer was broken, the later layers could not hold on any longer and cracked open.

Soon, the dark golden giant tore through all the arrays and got out. Its body began to expand again.

He raised his foot and stomped heavily. The extreme Sky Island under his feet shook violently and began to collapse with cracking sounds. The energy spread out, and everywhere it went, the palaces and buildings were all turned into ashes.

Gulu!

Ye Futian's face turned pale.

He tore apart a golden immortal formation and stomped on an Immortal Island!

It was too terrifying!

This fellow's current strength was probably far beyond his.

"My Island! My Palace!"

Extreme heaven old Daoist's eyes almost popped out of their sockets as he cried out in grief.

This was a place that he had painstakingly managed for thousands of years. Let alone the palaces and buildings here, he even had feelings for every blade of grass and tree here. But now, it was all destroyed.

However, before he could mourn for a while, a huge palm that covered the sky suddenly slammed down on his head.

Unable to avoid it, he could only activate his treasure to block it.

Bang!

Accompanied by a loud sound, his immortal shield was sent flying and directly hit his chest. He was sent flying backward like a cannonball.

By the time he stopped, his entire face was pale and his expression was one of extreme shock.

He was a veteran golden immortal expert, yet he was sent flying by a single palm strike!

How terrifying was this immortal spirit body?

Si si si!

Outside, everyone sucked in a breath of cold air when they saw this.

The power of this immortal spirit body really scared them.

That demon was only a half-step golden immortal, but with this immortal spirit body, he could suppress a veteran golden immortal like Daoist skyscraping, and was even more powerful than the two immortal Emperor Supreme treasures!

"That's normal. The celestial Emperor's Supreme treasure is just an external object, while the immortal astral body is his body, so it'll naturally bring greater improvement. Also, don't forget that he's master Haotian, the God of crafts. The immortal astral body he refined can't be an ordinary immortal astral body!" He must also be at the apotheosized level!"

Someone said in a deep voice.

When everyone heard this, their hearts trembled.

They fell silent as they looked at the skyscraping Island, which was constantly crumbling.

No one had expected things to turn out like this.

Previously, they had thought that with the Yuanshi sect's means, this monster would die without a doubt. However, the formation had been torn apart and even the strongest among them, the extreme heaven old Daoist, had been sent flying with a single palm.

Could they really trap this monster with just these people?

No, now that the situation had changed, it should be that they could still safely escape from the hands of this demon!

When they saw the dark golden giant raise its hand again and slap at the immortals of the sect of Yuanshi, they were shocked and even more horrified.

The current situation had clearly been reversed!
