

The Mightiest Little Peasant Chapter 3096

“Master, master, there’s big news!”

“That President Shi of the clear sky Association is actually that demon from the lower realm. Yes, he’s the one who caused a sensation in the lower realm and slaughtered Immortals!”

Spirit Toad continent, in a Mountain Gate.

A white-robed old man was dumbfounded when he heard the news from his disciples.

“No wonder...No wonder!”

After a long time, he couldn’t help but Mutter, and a bitter smile appeared on his face.

This made sense!

Why was that Shi fellow so powerful and bold?

That was because he was that audacious monster from the lower realm!

“It’s not my fault!”

He muttered and shook his head, throwing these thoughts to the back of his mind.

He didn’t want to know or get involved in that guy’s Affairs.

“It’s actually this demon. No wonder!”

In the red dust headquarters, the demon-faced man sighed with emotion.

He had been wondering why the man surnamed Shi was so powerful and fierce that he could fight against many heaven Immortals in the mortal world alone. It turned out that he was the heaven-defying monster from the lower realm!

From the looks of it, he did not lose in vain!

“This matter ... It’s better not to get involved!”

Then, he shook his head and gave up on the idea of joining in the fun.

He had experienced that guy’s ferocity. He had also heard that even a dozen golden Immortals from the primordial origin sect and an extreme heaven old Taoist could not defeat that monster at the extreme heaven Grand meeting. What could a heaven immortal like him do?

In the immortal world, there were naturally many who had the same idea, but there were also many who couldn’t resist the temptation and rushed to the spirit Toad continent to join in the fun.

In an instant, the teleportation arrays of all the major immortal cities in the spirit Toad continent were packed with people.

Groups of people walked out of the teleportation formation and headed towards Dragon Mountain.

Immortal boats had been parked all around Dragon Mountain. People were searching the mountain for anything that could be used to track them.

However, there was nothing.

The mountain was unbelievably clean.

“Damn, it’s too clean!”

“How are we going to find him now?”

The crowd cursed and was a little angry. In their anger, they directly raised their hands and blew up the mountains.

“Let’s go and look around!”

After searching for a while more and not getting any results, they could only leave and search in all directions of the spirit Toad continent.

People kept coming and going from Dragon Mountain, but they soon left in disappointment. They rushed to the four corners of spirit Toad continent and searched carefully.

At this time, in a distant continent, a figure was rushing over.

After a while, he stopped.

In front of him, a majestic mountain Gate appeared.

He stared at the mountain Gate with a burning look in his eyes.

This was a golden immortal power. A few hours ago, the Golden immortal old monster of this power had just left for the spirit Toad continent and brought along a group of late heaven immortal elders.

The mountain Gate was basically undefended.

“Since all of you want to find me, I’ll take some of your treasures. I’ll return the favor!”

Tang Hao grinned. He put on his golden fighting robe and charged toward the mountain Gate.

After entering, he went straight to the treasure vault.

After he sneaked in, he immediately swept away all the treasures. After he came out, he patted his butt and left.

This time, he didn't have any scruples. He visited each house very quickly.

He didn't know how many houses he had robbed. Anyway, after a few, he would change to another state and continue to Rob.

"Not good! Palace Master, our Treasury has been robbed!"

"Sect master, something bad has happened! All the treasures ... Are gone!"

All the major powers that were searching in spirit Toad continent received such news one after another.

When they saw the message, they were all a little dumbfounded.

The treasure vault being robbed was obviously the work of that demon!

However, how could that evildoer be so bold? his identity had already been exposed, yet he still dared to act so recklessly. Wasn't he afraid that his whereabouts would be exposed and he would be hunted down?

Then, they were so angry that their faces twisted and they almost vomited blood.

They had come to look for the kid to see if they could get a share of the treasures on him. However, they did not expect that the kid would turn around and dig out their lair, stealing all their treasures.

This ... This was simply too much!

"Hurry up! Let's go back!"

"We can't continue the search. Let's go back quickly, or the treasure vault will be finished!"

When this news spread, for a time, everyone was in a state of panic.

Many forces began to return to their homes. They had to go back and guard their own treasure vaults.

"This evildoer is too bold!"

The people of the Xuanyuan clan also received the news at the first moment.

They were all shocked.

He had thought that the kid would change his identity and hide, but he had never expected that not only did the kid not hide, but he had also gone to various continents and ransacked the treasure vaults. In just a few days, who knew how many treasure vaults he had robbed!

"This guy, why doesn't he play by the rules?"

In the Yuanshi sect, ye Futian was also a little confused when he received the news.

This guy's reaction was completely different from what they had expected.

"It's almost time!"

Tang Hao stopped after a few more treasure vaults.

If he continued to steal, the risk would be too high and it would not be worth it.

"Let's go to the land of absolute beginning first!"

He pondered for a while and decided to go to the absolute beginning land to hide for a while.

This time, he had robbed many treasure vaults and collected countless immortal materials. He needed to let his immortal spirit body devour them so that his immortal spirit body's power could increase by a lot.

Furthermore, he needed time to nurture the Five Golden Flowers so that he could transcend the Tribulation and advance.

In order not to expose his whereabouts, he didn't enter the Celestial City or use the teleportation array. He put on his gold fighting cloak and flew directly to the land of absolute beginning. After entering the abyss, he kept going deeper.

"Let's do it here!"

He found the place where he had refined the immortal spirit body, found a fragment of the continent, and opened up a cave abode on it.

He summoned the two girls and settled them down. Then, he went to his room and sat down cross-legged.

Next, it was time to happily count the treasures.

He took out all the treasures he had stolen during this period of time and counted them. Then, he separated them into different categories. The spirit herbs and immortal herbs were all placed in his portable herb garden. As for the immortal materials, they were directly swallowed by the immortal spirit body.

After tidying up the treasures, Tang Hao stood up and walked around. He was bored.

Back on Dragon Mountain, he could still rear fish and plant peaches, but now, he seemed to have nothing to do.

"Let's go to the depths for a stroll! I'm fine anyway!"

"Right, I have to leave my clone behind. If anything happens, I'll be the first to know."

Tang Hao pondered for a moment, then got up and summoned his clone to guard the cave abode. He informed the two girls, then left the cave abode and headed deep into the void.

He kept searching for the ancient tai Chi tide and the treasures within it.

Along the way, he had some gains from time to time. They were all immortal materials that he gave to the immortal spirit body to devour.

Just like that, he continued to head deeper into the forest.
