

The Mightiest Little Peasant Chapter 3099

“Fellow Daoist, you made the right choice!”

“Not only do we have the most people in our team, we are also the strongest. Look, there are quite a few late heaven Immortals. The weakest among them is a late earth immortal.”

An Azure-robed old Daoist led Tang Hao to the side of the square.

There were already five people gathered there.

One woman and four men.

The woman was a bit gaudy, her face was seductive, and her body was a bit plump.

She was wearing a thin black chiffon dress with an opening at the chest, revealing a pair of long, white legs. She looked a little sexy, but she gave off a feeling of debauchery.

Beside her stood a man as tall as an iron tower. He had a thick beard and wore black armor. He had a mighty aura.

The two of them were right next to each other and seemed to have a good relationship.

Of the remaining three, two were middle-aged men, one in a white robe and the other in a purple robe. They both looked serious and cold, and the last one was a young man with a pale face and a gentle temperament.

Tang Hao’s brows furrowed when he saw them.

He seemed to have ... Boarded the wrong ship.

Although these people had tried their best to conceal their auras, with his cultivation and eyesight, he could naturally see through their disguises with a glance.

The woman with her long, white legs was obviously not a good person.

There was also that young-looking fellow, who had a ghostly aura.

The two middle-aged men looked the most normal, but their gazes were sinister and harbored ill intentions.

He had F * cking boarded a pirate ship!

Tang Hao grinned and thought to himself.

He didn’t think too much about it. He just wanted to have more people and leave earlier. He didn’t expect to choose a pirate ship.

“That ... Fellow Daoist, I suddenly remembered that I still have something to do. Can I not go?” Tang Hao stopped in his tracks and smiled at the Azure-robed Daoist.

“Ah? What’s the rush?”

The old Daoist’s expression changed slightly.

Then, he glared at the few people.

These few guys must have given themselves away and let this guy see that something was wrong.

“It’s nothing important. It’s just ...” Tang Hao stammered.

“Hey! Since it’s nothing urgent, let’s put it aside for the time being. Let’s go to Mount reincarnation first to find more treasures. It won’t be too late for you to go back and do your work when it’s over!” The Azure-robed Daoist said hurriedly.

“This ...”

Tang Hao pretended to be hesitant.

“Fellow Daoist, do you have any concerns? Don’t worry, we’re all good people, especially friendly and warm. Look, do they look like people from the evil faction?” The Azure-robed old Daoist pointed at the few people and said.

Those few people understood and immediately squeezed out a warm and friendly smile.

Tang Hao’s face almost twitched when he saw that.

‘This is ...’

His acting skills were too terrible!

“Fellow Daoist, you’re a celestial immortal, after all. What’s there to be afraid of?” The Azure-robed Daoist said.

“That’s true!”

Tang Hao nodded and went along with her.

If they were ordinary heaven Immortals, they wouldn’t be afraid. Even if all six of them were heaven Immortals, it would be difficult for them to stop a single one of them.

The reason why he acted this way was just to show weakness and give them the impression that he was a coward.

This way, if these people really attacked him, he could easily take care of them.

“Three late heaven immortal, one mid-stage, one early-stage and one late earth immortal. If we kill them all, we’ll get nearly 400000 Dao attainment beads!”

Tang Hao glanced at them and roughly estimated their cultivation level.

After calculating it, his mind immediately became a little fiery.

400,000 Dao attainment points!

If he swallowed it all, the Dao attainment in his body would reach 500000. This way, the speed of nurturing the Golden Flower would be doubled.

“If they dare to attack, then I’ll kill them all!”

Tang Hao thought.

At this moment, he wasn’t even interested in the treasures in the rebirth mountain anymore. Because, the people in front of him were the best treasures in this line of work.

He even began to calculate how he should kill them and how he should attack to capture them all in one fell swoop.

“Then, fellow Daoist, what are you waiting for? Let’s hurry up and leave!”

The Azure-robed Daoist heaved a sigh of relief when he saw Tang Hao nod his head. He then looked happy.

He hurriedly flicked his sleeve, and a golden ship flew out. “Fellow Daoist, please board the ship!”

“Good! Then, fellow Daoists, I’ll have to trouble you to look after me!”

Tang Hao smiled at them and said warmly.

“Fellow Daoist is too polite. We’re just taking care of each other!”

“Yup!”

The few of them laughed out loud, feeling a little happy.

They were even happier when they saw Tang Hao board the boat.

“Another one has taken the bait!”

“An early stage heaven immortal has at least 60000 Dao attainment. We can each get 10000 Dao attainment!”

They transmitted their voices to each other and said excitedly.

“Let’s go!”

The Azure-robed old Daoist glared at them and shouted.

The few of them finally reacted and hurriedly boarded the ship.

“Fellow Daoist, this ship ... Is pretty good!”

Tang Hao said with a smile as he looked at the Azure-robed old Daoist after walking around the ship.

“Of course. I ... Bought ... Bought it. I spent a lot of money on it.” The Azure-robed Daoist almost blurted out that he snatched it, but he almost kept it.

“Then, fellow Daoist, did you go to the mountain of past life before?”

Tang Hao asked again.

“I went there once a long time ago.” The Azure-robed old Daoist said with a nod.

“How’s the situation inside?”

“It’s nothing. It’s usually very dangerous, but at times like this, there’s basically no danger inside. We just need to go in and pick up some dropped things, immortal materials, medicinal herbs, and so on.”

The Azure-robed Daoist said with a smile.

Tang Hao asked a few more questions and then went silent. He walked to the side and sat down.

“Fellow Daoist, look, we’re here!”

After about half an hour, the Azure-robed old Daoist shouted from the bow of the ship.

Tang Hao stood up and looked ahead. A vast mountain range appeared in front of him, and the sky was shrouded in a thick, pale mist. He could sense the aura of death from far away.

“What a heavy death Qi!”

Tang Hao furrowed his eyebrows.

He had cultivated the life and death Dao, so he was naturally most familiar with this death energy.

“It’s fine. With our cultivation, we can handle it. As long as we don’t go to the innermost place, we’ll be fine. ” The Azure-robed Daoist said.

As he spoke, the ship flew forward for a distance and arrived at the mountain.

“Fellow Daoist, get off the ship! We’ll have to fly in by ourselves.” As the old Daoist spoke, he flicked his sleeves and kept the ship.

“Alright!”

“Okay,” Tang Hao replied, then followed him.

“Let’s go! Be careful! It’s better to be safe than sorry!”

The Azure-robed old Daoist solemnly warned before taking the lead and flying forward.

The others glanced at Tang Hao, then followed him.

Just like that, the group of people plunged into the vast death energy.
