

The Mightiest Little Peasant Chapter 3106

The Xuanyuan continent.

A ray of light flashed.

When it was near Xuanyuan, the light stopped and a big ship appeared.

On the ship, many figures stood still.

The person in the lead was dressed in a golden robe. He had sword-like eyebrows and Starry Eyes. He was extremely handsome. It was Ye Futian, an outstanding disciple of the Yuanshi sect.

Behind him, a black-robed elder stood. It was the great void sovereign.

Originally, Supreme Taixu had the appearance of a middle-aged man. However, after coming to the immortal world, he changed his appearance to that of an old man. Although his appearance had changed, one could still vaguely see his previous appearance.

Behind them stood a few golden immortal elders from the primordial beginning sect.

“What is the Xuanyuan clan up to? they actually want to cooperate with me. What’s there to cooperate with them for?”

Ye Futian looked coldly ahead and sneered.

He was very unhappy!

The primitive sect had always been at odds with Xuanyuan clan, especially Xuanyuan chengfeng, who had been his sworn enemy for many years. Now, he wanted to come to Xuanyuan clan to talk about cooperation, which was a bit ridiculous.

“Young master ye, there’s no harm in taking a look! It’s been almost a year, but we still haven’t found a single clue.”

Supreme great void said, “since they invited us here, they must have something to rely on.”

“I know!”

Ye Futian snorted and said, “I’m just a little unhappy.”

“Alright, let’s go and take a look!”

Then, he flicked his sleeve and put away the warship under his feet, and flew toward Xuanyuan.

“Elder ye, this way please!”

As soon as they arrived in front of Xuanyuan, someone came out to welcome them and led the people of the sect of Yuanshi to the illusionary shadows and into the world in the middle.

After a while, the group landed in a Palace.

Many people were already seated in the hall.

“The people of the utmost Western Pure Land!”

Ye Futian’s eyes narrowed slightly as he scanned through them.

In this Hall, there were a few bald monks and a few people who looked like Daoist nuns. They were clearly from the number one force of the Zen sects, the Pure Land of the West Pole.

“Xuanyuan chengfeng, why did you call these bald donkeys here?”

He looked at the people of Xuanyuan clan and sneered.

The strength of this utmost Western Pure Land was indeed extraordinary, and there were also zenith heaven figures. However, because they cultivated Buddhist techniques, they were not on the same path as the immortal cultivators.

“Elder ye!”

“Benefactor ye!”

The people from the utmost Western Pure Land stood up and bowed.

“Ye Futian, I called them here for a reason. This cooperation can’t be done without the help of the Pure Land of the West!” Xuanyuan chengfeng stood up and said loudly.

“Oh? What’s the use of them?”

Ye Futian frowned and asked in surprise.

“You don’t know, right? in the utmost Western Pure Land, there’s a person who knows that monster very well, just like the one beside you!” Xuanyuan chengfeng said as he looked at the Taixu sovereign behind ye Futian.

He had heard that the reason why ye Futian was able to discover that genius’s identity was because of this black-robed elder.

This old man had once had a dispute with that demon.

There was also such a figure in his Xuanyuan clan, but it was a pity that he didn’t know enough about that monstrous talent, so he missed it.

“Oh?”

Ye Futian was finally moved.

There was actually such a person in the utmost Western Pure Land?

“Greetings, elder ye!”

At this moment, a woman stepped forward and called out from behind the group of people from the utmost Western Pure Land.

She was wearing a white chiffon dress. Her figure was graceful and she was extremely beautiful. There was a Holy and otherworldly aura around her.

“Who are you?”

Ye Futian was shocked when he took a look.

This woman’s appearance was truly outstanding, especially her holy aura, which was particularly rare.

“My daughter is ning Yuzhen!”

The woman bowed and said in a crisp voice.

“Ning? Oh! So it was you! No wonder!” “Oh,” ye Futian said, suddenly understanding.

Previously, he had heard that the immortal world had produced a fairy ning. She was both talented and beautiful, and she was very popular among the young geniuses. So it was this woman!

“You’re very familiar with that demon?”

Ye Futian asked.

Ning Yuzhen nodded.

“How familiar?”

Ye Futian continued.

Ning Yuzhen said, “that evildoer’s origin has always been a mystery. No one knows where he came from or what force he belongs to. The first time he appeared was in the Daluo immortal realm in the lower realm. I am the Daluo immortal realm’s inheritor of the House of Quiet speech, and I have had many contacts with him.”

“At the very least, I know everything about him in the origin immortal domain.”

Hearing this, ye Futian frowned.

Behind him, the great void sovereign's expression changed. He stepped forward and whispered, "Young master ye, this woman should be of some use."

He was sure that the kid's first stop after leaving Pangu world was the origin immortal realm. In that case, the information this woman had could help them find the kid.

"Good! Then I'd like to see what kind of clues you can provide. If it's useful, then your utmost Western Pure Land will naturally have a part in this matter."

Ye Futian said after a moment of thought.

As he spoke, he led his men forward and sat down.

"Fairy ning, go ahead!"

Xuanyuan chengfeng looked at ning Yuzhen and gave him a look.

"Alright!" Ning Yuzhen nodded slightly and said, "as far as I know, that monster doesn't have many connections in the origin immortal realm. There's a Ji family that is very close to him."

"The Ji family? Are there any of them in the immortal world?"

Ye Futian said.

Ning Yuzhen shook his head. "That's just a small family. They don't even have a ninth tribulation expert, let alone Immortals."

"Then it's useless!"

Ye Futian was a little disappointed. The passage to the lower worlds had been closed for a long time, and they could no longer go down.

"There's one more person who's related to him. His surname is Yun, and he's from the beast Palace." Ning Yuzhen said.

"Oh?"

Ye Futian's eyes suddenly lit up.

Wasn't the sacred beast Palace in the Li Water Tribe continent?

"But I'm not sure how close the two are. Fairy Yun ascended to the immortal world a long time ago, but she didn't spend much time with that demon." Ning Yuzhen said.

"This is troublesome!"

Ye Futian snorted.

From the sound of it, the relationship between the two wasn't very close. Why would that evildoer risk his life to save that woman?

He was afraid that he would find out that it was a waste of effort.

"Actually, I have a very good goal." Ning Yuzhen laughed and said, "she's even closer and more intimate with that demon than this fairy Yun."

"Where is it?"

Ye Futian was overjoyed.

Ning Yuzhen shook his head. "Not yet, but I'm sure she'll ascend soon. When I ascended, she was already close to the Ascension realm. I estimate that she'll come up in half a year at most!"

"When she ascends to this world, it will be time for us to act. As long as we capture her, we will be able to force that demon to show himself."

As Ning Yuzhen spoke, his tone gradually turned cold, revealing a cold killing intent.

That bastard was getting stronger and stronger. It was impossible for her to take revenge herself, but it didn't stop her from killing him with the help of the top forces in the immortal world such as the primitive sect and Xuanyuan clan. She would kill that bastard and take revenge!
