

The Mightiest Little Peasant Chapter 3108

The land of absolute beginning.

Tang Hao was still wandering around in search of the ancient tai Chu tide and the treasures within.

In the blink of an eye, more than two months had passed.

He nourished the Golden flowers while searching for treasures.

Of course, he did not forget to inquire about the news of the major continents above.

The last time he went out, he set up more avatars and hid them in the major continents to collect information for him.

After searching around, he returned to the cave and met with Chun Xuan, Qiu Ci, and the others.

With these two girls around, this immortal's cave didn't seem cold and cheerless. On the contrary, it was somewhat lively.

When he returned to his own palace, he began to contact his clones and collected the information during this period of time.

After looking through more than ten, there was nothing worth paying attention to.

Nowadays, the major continents were somewhat peaceful. There were no major events, and even people who came to find him were rare.

"What?"

Suddenly, his expression changed as he noticed a piece of news.

There seemed to be more people from the Xuanyuan clan in the heaven spirit tribe. Did they think that he was hiding in the heaven spirit tribe?

"Something's wrong! I've never been in Tianling continent, so why would the Xuanyuan clan go there? and why did so many of them go there?"

Tang Hao furrowed his brows in deep thought.

Vaguely, he had a bad feeling, as if he had missed something.

"What is it?"

He began to think hard.

He had always thought that his biggest flaw was Fei Wan, so he went to the Holy beast Palace to see her and find out more about the situation. At the same time, he also gave her a golden immortal level Yin corpse.

But now that he thought about it, did he miss something?

However, he couldn't figure it out at the moment.

"What's in the heaven spirit division? By the way, the immortal court, I ascended to the heaven spirit division continent, which is also where the passage to the lower realm is located. Could it be that the Xuanyuan clan is targeting the immortal court and wants the wisp of my soul that I left in the immortal court?"

"I'm afraid this is very difficult! Even with the power of the Xuanyuan clan, it's hard to get it. If they really have the power, they would have taken it long ago. Why would they wait until now?"

"Moreover, to retrieve the psyche, it would not be someone of this level. I'm afraid the Lord of the Xuanyuan clan would have to personally take action."

"If it's not for the psyche, what is it for?"

Tang Hao muttered to himself.

After thinking for a long time, he still couldn't figure it out, so he had to let his incarnations continue to investigate and pay close attention to the movements of Xuanyuan.

He had the most clones in the Tianling continent, especially in the four corners of the immortal court.

Previously, he had thought that if an acquaintance ascended, he would be the first to know and receive them. Thus, he had sent a large number of clones to the heaven spirit division.

In the next few days, he had been paying attention to this matter.

However, he had no clue.

One day, his clone found out that people from the utmost Western Pure Land had also appeared in the heaven spirit division continent and were very close to the Xuanyuan clan.

This news jolted him awake.

The utmost Western Pure Land!

Of course, he was familiar with green tea Zhen's faction. Previously, when he went to fight for the connate spirit item, he had even seen green tea Zhen.

Since the people of the Western Pure Land were close to the Xuanyuan clan, it meant that green tea had really hooked up with the Xuanyuan clan.

With her joining, things would be different.

Because this green tea really was from the origin immortal realm, she knew him quite well.

“They’re setting up a trap in the immortal court. Obviously, they’re here for the immortal court, but they’re not here for the psyche. It’s definitely a person, a person who’s about to ascend from the lower realm!”

“And the only people who are worth it for them to do this are those who are very familiar with me and have a very close relationship with me!”

“Is it Ji Ruyin, lady su, or little ye?”

Tang Hao muttered to himself. His heart was heavy.

All of these were possible. He had told Ji Ruyin before that even if she were to ascend, it would take a few more years. Now that almost six years had passed, it was possible for her to ascend.

As for lady su and the others, he heard that the old ancestor of the star Mountain had returned and must have given them many treasures. With lady SU’s talent, it was very likely that she had already reached the Ascension realm.

“This green tea is really troublesome!”

Tang Hao clicked his tongue. This was a tricky problem.

This ning Yuzhen was quite familiar with his situation in the origin immortal realm.

“No matter which one it is, it’s a big problem. We can’t let it fall into the hands of the Xuanyuan clan!”

Tang Hao’s expression was grave.

Ji Ruyin was one of his people, and lady su had a close relationship with him. No matter which one it was, he couldn’t let the Xuanyuan clan or the people of the Western Pure Land take them away.

Otherwise, he would become extremely passive.

However, after thinking about it carefully, he realized that he was already in a passive position. That was because he had no way of knowing when they would ascend. By the time they did, it would be too late even if he rushed over immediately.

However, he couldn’t just wait there. He couldn’t rule out the possibility that this was a trap. They were waiting for him to walk right into it.

He furrowed his brows and pondered for a long time.

“I guess this is the only way!”

Suddenly, he mumbled to himself. With another thought, a figure appeared in the hall in front of him.

“Fellow Daoist! Just leave it to me!”

It was the origin core avatar.

As the first clone, it was connected to his mind and they were one. Naturally, it knew what he was thinking.

“Alright!”

Tang Hao nodded.

The clone nodded, and his figure flickered, disappearing from the spot.

“I’ll place the origin core clone near the immortal court. Even if he’s exposed, I’ll be able to rescue him in time. With him there, I’ll be able to help them when they come up.”

Tang Hao nodded after some consideration.

Although this wasn’t a good idea, it was the only feasible solution he had at the moment.

In the following period of time, he did not go out anymore. Instead, he stayed in the hall and continued to refine various treasures.

Just like that, another three months passed.

On this day, a jade talisman appeared in the void in front of him. It was sent by his origin core clone.

When he opened it, his expression changed slightly.

His guess was right. The Xuanyuan clan and the people of the Western Pure Land were indeed waiting for the Ascension. Moreover, it was not one person, but two. They were miss su and little ye.

Two hours ago, the two of them had already ascended and appeared in the immortal court, which was why the clone was able to find out the news.

Since the clone knew about it, the Xuanyuan clan and the people of the utmost Western Pure Land also knew about it.

“Let’s go!”

Tang Hao stood up and left the cave abode.

For the time being, the two of them were not in any danger because they were still in the immortal court. No matter how bold Xuanyuan clan and the others were, they would not dare to break into the immortal court to capture them. They would only make their move after they left the immortal court.

He had to inform the two of them before they made their move and pick them up.

As soon as he got out of the underground, he immediately went to the nearest Immortal City and teleported to the vicinity of the immortal court.
