

The Mightiest Little Peasant Chapter 3111

“Hahaha! This clone came just in time!”

Ye Futian laughed.

That demon was indeed powerful to have even predicted this. However, even if he had predicted this, so what?

With just a clone, could it be that he wanted to stop them and take the person away right in front of their eyes?

It was just wishful thinking!

The two women and this avatar were all theirs. None of them could escape!

After obtaining this clone, they didn't even need to set up a trap to lure the demon over. With this clone, they could easily track down the demon, find him, and then kill him.

“Everyone, don't be careless. That brat definitely has a backup plan!”

Sovereign great void shouted.

Seeing everyone's faces filled with joy and fanaticism as they all rushed toward the clone, he became a little anxious.

Didn't these people know that with that brat's schemes, how could he have only sent a clone over?

“Fellow Daoist great void, you're overthinking things again!”

Xuanyuan chengfeng laughed out loud, “that guy isn't stupid. How dare he come here in person?”

“Yup! He's not an idiot!”

Ning Yuzhen also nodded and responded.

However, just as she finished her sentence, a palm suddenly appeared out of thin air behind her and slapped her hard.

Golden lightning and purple divine light intertwined on his palm.

She didn't notice it at all. When the immortal robe automatically sensed it, she realized it and was so shocked that her soul almost flew out.

Bang!

This palm strike was a solid one.

The barrier of her immortal robe was easily torn apart as if it was made of paper. Then, the immortal robe also exploded, and the palm print landed on her Jade-white back.

In the next moment, her delicate body trembled violently, and the flesh on her back exploded with a loud bang, splashing blood everywhere.

Noticing this scene, the few people at the side were all stunned, somewhat unable to react.

They could only watch in a daze as the beautiful body exploded in front of them, turning into a rain of blood.

“It’s him! He’s here!”

The next moment, someone cried out in shock, his expression incomparably aghast.

This guy actually came!

Furthermore, he had silently snuck up to their side and suddenly launched an attack!

This method was too terrifying!

“He’s here! Hurry up! Kill him!”

Ning Yuzhen screamed after being reborn.

Tang Hao glanced at her and grunted.

There were too many golden Immortals here and he could not kill this green tea. This palm could be considered as collecting interest.

Then, he moved toward a golden immortal at the side. The ten thousand laws divine mountain appeared above his head. He grabbed the divine furnace and smashed it.

The Golden immortal was holding an array disc in his hand and was about to set up a void-sealing array.

“What? He actually came?”

Below, ye Futian and the others looked up, their expressions extremely shocked.

Ye Futian’s face twitched, and he felt like vomiting blood.

F * ck!

Why was he wrong every time?

“Hurry up! Suppress him!”

At this moment, he didn't have time to care about the avatar. He rushed up with the immortals of the sect of Yuanshi.

Bang!

The cauldron smashed the formation disk in the Golden immortal's hand. Tang Hao let out a shrill cry, and divine light suddenly shone around him. His body swelled wildly, and in an instant, he grew to a height of ten million feet.

"Not good! It's the immortal spirit body!"

Ye Futian was shocked and exclaimed.

Whoosh!

Accompanied by a sharp Sonic Boom, a giant palm that covered the sky moved and slapped toward him.

"Damn it, why did you shoot me first again!"

Ye Futian wanted to curse.

There were so many people here, including the Xuanyuan clan's people, why did they shoot him first?

"Hurry up! Stop him!"

He shrieked and together with the other members of the primitive sect, they opened their immortal shields to block the front.

Bang!

The layers of shields exploded, and then, the immortal shields were blown away.

"Something's wrong! Why does the power of this immortal spirit body feel stronger than before?"

Ye Futian's expression changed again.

He remembered clearly that in the previous battle, this immortal spirit body was not as powerful as it was now. It was about 10% weaker.

However, he did not have time to think about this. He led the people of the sect of Yuanshi to escape and avoid the palm.

"Hurry up! Let's attack together!"

"Although this immortal spirit body is strong, he won't be able to last long. We just have to trap him and drain his power!"

The crowd was a little flustered at first, but they quickly calmed down and surrounded the immortal spirit body.

“What’s that?”

“Heavens! It was the immortal spirit body! It was that monster! That’s Ye Futian, a member of the Yuanshi sect!”

At this moment, someone in the immortal court had already noticed the situation here.

They all rushed into the sky and looked over, their faces filled with shock.

Some people in the far distance of the immortal court also noticed it. They activated their divine eyes and Dharma eyes to look over from afar.

“That demon has appeared!”

“Hurry up! Spread the news!”

Many people were just watching the show, but many of them immediately took out their communication Jade talismans and sent out the news.

After a year and a half, this monster had reappeared!

This was explosive news that could shake the entire immortal world!

“That’s the immortal spirit body? F * ck! It’s too awesome!”

“It’s so big!”

Most people’s attention was focused on the dark golden giant, and they were extremely excited.

A half-step golden immortal was able to fight dozens of golden Immortals with this item. This was enough to prove how powerful this immortal spirit body was.

The people outside were watching the commotion, but the people inside were a little anxious. They had so many people besieging him, but they couldn’t suppress this guy for a while. If they dragged on, the situation would be very bad for them.

This was because this was the heaven spirit division continent, not their territory. If the forces of this continent heard the news and rushed over, it would be bad.

They gritted their teeth and attacked the giant with all their might.

However, this thing was too big. Even if he cut off a piece or left a mark, it would be of no use.

“Young master ye, we can’t continue fighting. We have to capture that clone first!”

The great void sovereign also made his move and attacked for a while. However, he quickly reacted and realized that the situation was not good.

This brat was trying to stall for time and attract their attention!

It was all for the sake of allowing the clone to escape with the others!

As expected!

By the time he looked around, he had already lost track of the clone.

This guy's body was too strong, and without a zenith heaven existence, it would not be easy to suppress him. If this guy wanted to leave, they might not be able to stop him.

He had lost this round again!

"Al!"

He sighed and was so vexed that he almost beat his chest and stomped his feet.

If they all listened to him and invited the great eternity immortal, no matter how many tricks this kid had, he wouldn't be able to succeed because in the face of absolute strength, any trick would be useless.

However, no one listened to him!

Hearing his voice, ye Futian finally came to his senses. He looked around and was also stunned.

He also realized that he had lost again this time!
