

## The Mightiest Little Peasant Chapter 3112

“The clone is gone!”

Soon, the Xuanyuan clan and the people of the utmost Western Pure Land also realized that something was wrong and exclaimed in surprise.

At this time, the dark golden giant suddenly shrank, turned into divine light, and went out.

Before anyone could react, he had torn open the void and escaped.

Everyone was stunned, and for a moment, they forgot to chase after him.

When he came back to his senses, no one was chasing him.

Because they knew that even if they caught up, they would not be able to catch up.

“Motherf \* cker!”

Xuanyuan chengfeng put away the treasure and concealed his aura. He flicked his sleeves and cursed loudly.

His face was flushed red, full of shame and anger.

He had thought that capturing two little human Immortals would be a sure thing!

Now, in front of so many people, it was snatched away by this demon. When the news spread, his Xuanyuan clan would be ridiculed by the world again!

“How did this guy know?”

“Yup! How did he get here so quickly? it seems like he’s been lying in wait here for a long time. Could it be that he predicted our actions from the start?”

Everyone’s expression turned ugly.

They really couldn’t figure out how this monster knew.

“That demon is so cunning that he can predict everything?”

A monk from the utmost Western Pure Land said with an incredulous expression.

He had never seen such a young and cunning fellow.

“I told you, that kid is extremely cunning and full of tricks. We must ask the celestial of the great all-embracing heaven to help, but you didn’t believe me and said I was overthinking. Now look!”

Sovereign great void snorted in anger.

When everyone heard this, their expressions were a little startled.

Indeed, they were too careless and didn't listen to this person. If they had invited a great eternity immortal earlier, they would've most likely been caught.

"I underestimated the enemy!"

Ning Yuzhen raised his eyes and looked in the direction that the demon had escaped. His brows furrowed and he sighed.

She was also extremely regretful!

At the same time, he was even more shocked.

She had always thought that he was an arrogant and unruly demon, but now it seemed that she was wrong.

She had underestimated that guy!

That fellow's scariness was far beyond her expectations.

That monstrous talent, terrifying strength, and cunning nature undoubtedly made this guy extremely difficult to deal with.

For a moment, she could not think of any way to deal with him.

"Bastard!"

She gritted her teeth as she thought of the palm strike just now, and a look of humiliation appeared on her face.

"Daoist great void, it's my fault! I should have listened to you!"

Ye Futian sighed, his face full of regret.

"Al! It's useless to talk about this now. Let's go back first!" Supreme Taixu swept his gaze across the crowd, waved his hand, and sighed.

He felt very tired!

Their cultivation base was quite extraordinary, and they were all golden Immortals. However, none of them could compare to him in terms of shrewdness. There was also that brat, who was far from him!

"Right! Let's go back first!"

Ye Futian looked around and noticed the gazes from afar.

They took out their ships, boarded them, and left quickly.

When they left, all of them looked dejected and dejected.

“I didn’t catch him again!”

“This time, it’s the Yuanshi sect, Xuanyuan clan, and the Pure Land of the utmost West who joined forces. Dozens of golden Immortals were sent, but they still couldn’t keep that monster here. They’ve lost a lot of face!”

In the distance, the crowd was in a heated discussion.

Most of them had a mocking expression on their faces.

A year and a half ago, on skyscraping Island, the Yuanshi sect had been humiliated once. It was also that ye Futian who had led a group of golden Immortals and set up a trap early on. However, they had not been able to catch that demon and had instead been beaten up and forced to flee.

Today, the situation was like this again.

As for Xuanyuan, he had been laughed at by the world for a long time because he had missed the opportunity to catch the demon. Now, the demon had appeared, but they had not caught him. He would become a laughingstock again.

However, the addition of the utmost Western Pure Land had surprised them.

The Pure Land of the utmost West cultivated Buddhism, which was not the same as the way of celestial immortality. How could they be together with forces like Xuanyuan clan and the primitive sect?

Just as they were discussing, the news had already spread quickly.

Soon, the entire heaven spirit division continent was in an uproar. Countless people came from all directions and gathered near the immortal court.

Even the immortal court had become extremely lively.

Not long after, the details of this matter were clarified by the people. It turned out that two people from the lower worlds had ascended, and they seemed to be related to the demon. Therefore, the sect of Yuanshi and the others wanted to capture the two people and force the demon to show himself.

But in the end, they failed. They didn’t catch the two of them, and the demon escaped again.

“They can run away like this. The primordial beginning sect is a bunch of pigs!”

“I think they’re worse than pigs. If I were here, I would’ve caught that demon long ago!”

For a moment, the crowd laughed even more ruthlessly.

Not only did they fail to capture the two hostages, but they also failed to injure the demon. The sect of primordial beginning had lost a lot of face this time.

The news continued to spread to the major continents, causing an uproar.

Sneers could be heard from all over the immortal world.

At this moment, in the land of absolute beginning.

In the vast void, a figure appeared out of thin air and took off a golden immortal robe.

“Phew! That was close!”

Tang Hao heaved a sigh of relief.

After leaving the heaven spirit division continent, he traveled through the void and used the teleportation formation a few times to get back here as quickly as possible.

His figure moved and continued to sweep forward. Soon, he returned to his own cave dwelling.

“Young master!”

Chun Xuan and Qiu Ci came out to greet him.

Tang Hao nodded at them. He flicked his sleeve and opened the passage to the mobile abode. Two figures walked out.

The two of them had already changed their clothes. They had thrown away all the things that the immortal court had given them, including the immortal robes.

“This is lady su, and this is lady ye!”

Tang Hao briefly introduced the two parties.

“So it’s lady su, lady ye! Congratulations to the two of you for your Ascension!”

Ji chunxuan bowed and said respectfully.

She had heard of these two a long time ago. They were Cang Liu Xing, disciples of the great fate sect. When young master first arrived at Cang Liu, they were the ones who picked him up.

Su Xuezi smiled at them and returned the bow.

She had also heard of the two daughters of the Ji family.

When her eyes swept over the two of them, she could not help but be moved, and a deep sense of horror appeared in her eyes.

The cultivation base of these two women was unfathomable. According to her estimation, they were at least early heaven immortal realm.

But this was too unbelievable!

It had only been six years since young master Tang ascended to the upper world. If young master Tang had reached the heaven celestial stage, she wouldn't be surprised at all. However, these two were just servants. How could they have also reached the heaven celestial stage?

She glanced at young master Tang again. Her pupils suddenly shrank, and the horror in her eyes became more intense.

This young master Tang's realm had already reached a level that she could not fathom.
