

## The Mightiest Little Peasant Chapter 3115

In a corner of the immortal world.

Xuanguang state.

In the sky above a mountain range, a divine light swept over.

“Let’s do it here!”

Tang Hao looked around and nodded slightly.

This was the most remote continent in the immortal world, far away from the Xuanyuan clan and the Yuanshi sect.

Although he would be discovered soon if the Tribulation lightning struck, he could reduce the number of people who came to join in the fun by choosing such a remote place. Otherwise, if he were to undergo the Tribulation in the central continent, all the old monsters in the immortal world would probably come when the Tribulation lightning struck.

“We can start now!”

He took a light breath and looked up at the sky.

The next moment, his body trembled and his aura exploded. The dazzling celestial light turned into a pillar of light that shot into the sky. At the same time, a luxuriant tree of the great path appeared behind him. On each of the five branches, a Golden Flower bloomed.

Each Golden Flower was half transparent and one could see the connate spirit items inside.

He continued to activate his aura, and the light pillar on his body became more and more dazzling.

A moment later, there was a reaction in the sky, and thunderclouds rolled up.

At the same time, a vast heavenly might spread out, suppressing the entire world.

Tang Hao lifted his head and looked at the thundercloud. His eyes were solemn.

The immortal world beneath his feet was not a middle world, but an independent greater world. Just like the starry sky outside, it was a world of its own. The will of the heavenly path of the two worlds was different.

Therefore, the power of the immortal tribulation might be different.

Boom! Boom! Boom!

More and more thunderclouds gathered, turning into a huge vortex that covered a radius of a million miles.

Heaven and earth had long turned dark, as if it was night.

Along with the rumbling sounds, there would be golden snake-like lightning bolts that would occasionally flash past, illuminating the world.

“What’s going on?”

“Damn, it’s the lightning tribulation! An old monster is about to undergo his tribulation!”

In all directions, Immortals rushed out of their cave abodes and mountain gates. When they looked up, their expressions were one of shock.

Many of them almost wanted to curse.

“Hurry up and run!”

As they cursed, they rolled up their blankets and ran away in a hurry.

This was clearly a golden immortal tribulation!

For human Immortals and earthly Immortals like them, it was too terrifying. If they were even touched by it, they would probably die and be beyond redemption.

In just a short while, the surrounding people had all run away.

At this time, the thunderclouds were still accumulating and brewing.

“This is ...?”

At this moment, more than a dozen continents away, above the gate of the premier sect, a Golden Eye suddenly shook, attracting the attention of a golden immortal elder below.

“It’s the Golden immortal tribulation! Someone is about to undergo the Golden immortal tribulation!”

He suddenly stood up, revealing an excited expression.

“It’s him! There’s no mistake!”

The next moment, a figure appeared out of thin air beside him. He grabbed the Golden eyeball and examined it. Then, he laughed happily.

“Celestial venerable!”

The Golden immortal elder immediately bowed and greeted him respectfully.

“It’s really him?”

Then, he raised his head and asked excitedly.

He had been waiting for this day for a long time.

“It’s him!”

“Hahahaha!” Tian Dao laughed and nodded. “Gather the elders and follow me. We’ll capture him once he passes the Tribulation!”

“Yes! Heavenly venerate!”

The Golden immortal elder was overjoyed and immediately turned to leave.

Soon, the people of the Yuanshi sect were in an uproar.

A moment later, a golden ship sailed out of the Yuanshi sect. On the bow deck, many figures stood. There was ye Futian, the Taixu sovereign, and the Golden immortal elders from before.

They could not hide the excitement on their faces.

This time, the celestial of the great all-embracing heaven had come in person. Even if that brat had three heads and six arms, he would be suppressed!

“It’s the aura of the Golden immortal tribulation! Someone’s going through a tribulation!”

In the middle world of the Xuanyuan clan, someone raised his head. A pair of torch-like eyes penetrated the regional wall and looked into the depths of the immortal world.

“Pen!”

He shouted in a low voice, and a golden light rose in the void above his head. A golden brush pierced through the golden light and arrived.

The tip of the brush moved, and with a light stroke, the void seemed to split open, and a picture scroll unfolded.

In the picture scroll was the scene of the lightning tribulation.

Under a Lightning Vortex, a white-robed figure stood in the air. His posture was like a sword, facing the sky.

“It’s him!”

He muttered as he focused his eyes.

“I’ll go personally this time! This kid’s origin is mysterious and he bears great karma. He’s indeed not an ordinary person. Ordinary clansmen can’t do anything to him. I have to go personally. ”

He shook his sleeves and stood up.

“I’d better take this treasure with me! When the Tribulation lightning strikes, many old monsters will notice him, and the people from the primordial beginning sect will also go. There will be a fight then.”

He reached out and took the Golden Pen. With a shake, he disappeared.

“It’s the aura of the Golden immortal tribulation!”

“Who is going through the Tribulation?”

Many people in the immortal world and the major forces had noticed this.

In the immortal world, golden Immortals were considered powerhouses. Every time someone underwent a golden immortal tribulation, it would attract the attention of all parties.

“It’s that demon!”

When they activated all kinds of divine arts to explore the Land of Thunder tribulation, they all revealed surprised expressions.

The person undergoing the Tribulation was actually the lower realm’s monstrous genius who had caused a sensation for a time previously!

Many of them had never seen this demon before, but the Five Golden Flowers on his back were very eye-catching. They could recognize him at a glance. This was the demon from the lower realm.

“It’s too fast!”

“Hiss! He’s truly a heaven-defying monster!”

Many people gasped in shock.

As far as they knew, this demon hadn’t bloomed the Golden Flower for long, so how could he be transcending the Tribulation so quickly?

Moreover, he was only a little over a hundred years old. Once he transcended his tribulation, he would become the youngest golden immortal in the history of the immortal world.

“Let’s go and take a look!”

Many people started to move, heading towards the lightning tribulation.

They all knew that even if they didn’t go, the other old monsters would go to fight for the treasures on that demon. Two immortal Emperor Supreme treasures and an immortal spirit body. Who wouldn’t be tempted unless they were immortal emperors?

For a time, all the major forces in the immortal world rushed to the xuanguang continent.

At this moment, the first bolt of tribulation lightning was finally ready.

Whoosh!

Accompanied by a deafening sound, a huge bolt of lightning descended from the sky.

Tang Hao didn't use any treasures. He didn't even wear his immortal robe. He charged at the lightning and used his body to fight it.

His clothes turned into dust in an instant, and even the flesh on his skin exploded. Immortal blood splattered everywhere, but soon, his flesh and blood would regenerate.

Just like that, he forcefully withstood the first bolt of lightning.

In the sky, the sea of lightning rolled. After a few minutes, the second tribulation lightning struck down.

Tang Hao continued to resist.

After enduring more than ten lightning bolts, his qi and blood were almost exhausted. He then took out an immortal robe and grabbed a divine spear to face the lightning tribulation.
