

## The Mightiest Little Peasant Chapter 3116

“We’re almost there! It’s right in front!”

In the sky above the xuanguang continent, a golden light flashed.

In the distance in front of it, a sea of lightning could be seen.

That was the place of the lightning tribulation!

After leaving the primitive sect, they used the teleportation formation to arrive at the nearest city and rushed over as fast as they could.

“Let’s stop here!”

After a while, the ship stopped. If they went any further, they would be affected by the lightning tribulation.

The eyes of everyone on the ship were focused on the figure standing in the sky.

He held the divine spear in his hand and brandished it, sending endless spear radiance toward the huge lightning bolt that was falling from above.

“This should be the twentieth bolt of lightning!”

The heavenly Dao Daoist said as he looked up at the scale of the lightning.

“After withstanding over twenty lightning bolts, this brat’s aura is still so strong. He’s truly powerful!” Then, he looked at the figure and nodded slightly, his tone full of praise.

Although he wanted to capture this kid and take his treasures, he still had some admiration and appreciation for this kid.

Such a monstrous talent was extremely rare even in the primordial era.

“Just wait! There are still more than seventy bolts of lightning left!”

Then, he folded his sleeves and stood with his hands behind his back, waiting.

“Hmph! Kid, I’ll let you live a little longer. Let’s see how you escape from the hands of the primitive sect!” Ye Futian looked into the distance and snorted coldly. A look of ridicule flashed in his eyes.

Supreme great void smiled, his face filled with satisfaction.

Even if this brat had transcended the Tribulation and advanced, he would not be able to escape today.

They just waited and watched as the lightning tribulation descended.

Suddenly, Daoist heaven's path's expression changed. He turned around and looked at the void in the distance.

There, ripples appeared in the void, and a figure stepped out. It was a purple-robed Daoist.

He had three eyes and held a horsetail whisk in his hand.

"It's you!"

Seeing this, the heavenly desolate Hall's Daoist's expression changed slightly. He then shouted, "why? is your heavenly desolate Hall interested in this kid as well?"

"Naturally!"

The purple-robed Daoist cupped his hands and bowed. Then, he smiled and said, "by right, this kid is from the heaven desolate Hall. Today, even the primordial beginning sect has to step aside."

"What do you mean by that?"

The heavenly Dao Daoist's expression changed instantly. "When did this kid become a member of your heaven desolate Hall?!" The first one to see through his identity was the primitive sect. Without the primitive sect, the whole immortal world would still be in the dark!"

"That's right, that kid should be from our sect!"

The Yuanshi sect elder behind him agreed.

They were all furious.

It was obvious that they had seen through the kid's identity and forced him out. Now that he was the first to arrive, he should naturally be from the primordial beginning sect.

"No! No!"

The purple-robed Daoist flicked his horsetail whisk and chuckled. "You guys don't know, right? When he was in the upper realm, he showed us a token. That was the token of the heavenly desolate Hall's branch Hall in the lower realm. In other words, he is a member of the heavenly desolate Hall!"

"What? There's such a thing?"

Hearing this, the heavenly Dao Daoist's expression changed again.

He did not know about this.

"Therefore, by right, this child belongs to my heaven desolate Hall." The purple-robed Daoist smiled smugly.

“Hmph! So what if he has a token? he has never been to your heaven desolate Hall. If he is registered, he is not a member of your heaven desolate Hall. If you want it, then we will have to rely on our own abilities later!” The heavenly Dao Daoist snorted angrily.

“Alright!”

The purple-robed Daoist was not afraid and retorted back.

They were all Daluo-level existences, so they were not afraid of each other.

“Yo! It’s so lively!”

At this moment, not far away, another person tore open the void and descended.

The moment he appeared, he looked over and laughed out loud.

It was a fat man with a round belly. He was smiling like a Maitreya Buddha.

“Even the people of the heaven seeking sect are here!”

The heavenly Dao Daoist looked over and snorted.

“What, you won’t allow me to come! This place doesn’t belong to you, I can come and go as I please, what’s wrong with that!” The fat man laughed.

“As the saying goes, whoever sees it will get a share. This kid has too many treasures on him. Why does our inquisitive heaven sect have to get a share?”

Then, he looked at the lightning tribulation with a burning gaze.

“Let’s see what we can do!”

The heavenly Dao Daoist snorted.

He was too lazy to fight for it. Anyway, he had already expected that there would be quite a number of people coming. If he wanted to snatch that kid, it would depend on his own ability.

“Hahaha! Good!”

The fat man laughed and rushed forward. When he was near the Tribulation lightning, he stopped and began to observe.

Soon, the void around the sea of lightning started to ripple.

One figure after another tore through the void and descended.

Some of them looked divine and had shocking auras, while some of them were like heaven’s path Daoist, without any aura at all.

Some of them appeared and stood in the void, while others hid in the void, waiting for the end of the Thunder tribulation.

Many people were peeking around, counting the number of people coming, and making preparations.

That kid was not a problem at all!

Even after the tribulation, he was only at the early golden immortal stage and the three-petal Golden Flower realm. Even with the immortal spirit body, he was nothing. Each of them could easily suppress him.

They were all zenith heaven Immortals, each of them had lived for tens of thousands of years and possessed unrivaled divine powers. It was no problem for them to suppress a puny golden immortal.

Their opponents were each other!

There were quite a lot of people coming this time, but there was only one person, and there were only a few treasures. There was not enough to split.

Moreover, they were not prepared to share it with others. They all wanted to keep it for themselves.

“Soon, more than 80!”

They were all counting the time the lightning tribulation would end.

At this time, the power of the lightning tribulation was dozens of times more powerful than it had been at the beginning. Even its size had increased by dozens of times. The momentum of each strike was earth-shaking and extremely shocking.

“It’s almost 90!”

The crowd counted and became excited.

Their eyes were burning as they stared at the figure. They were waiting for the thunder tribulation to end so that they could fight for it.

However, at this moment, a strange scene happened.

In the face of a bolt of lightning, the kid actually dispersed his armor and put away his treasure, and went up to meet it.

“This ... Isn’t this courting death!”

An old monster exclaimed, somewhat speechless.

If it was at the beginning, it was indeed possible to resist it with his body, but now he was at the late stage of the Thunder tribulation, and the power had multiplied many times. If he were to resist it with his body at this time, wasn't he courting death?

Before he could recover from his shock, an even more shocking scene occurred. The figure suddenly swelled up and turned into a giant that was tens of millions of feet tall. It opened its mouth and bit at the lightning that was crashing down.

"This ... This is crazy!"

The old man's body trembled and he was dumbstruck.
