

## The Mightiest Little Peasant Chapter 3118

“Get lost! This kid is mine!”

Daoist Tiandong was anxious. With a roar, he flicked his sleeve, and rays of sword radiance shot out in all directions.

Then, he pounced toward the dark golden giant.

“Fellow Daoist, you’re wrong! This kid is clearly from my heavenly desolate Hall!”

With a chuckle, a purple-robed figure swept over. With a flick of the horsetail whisk in his hand, a five-colored divine light immediately swept out and pressed down.

“Motherf \* cker!”

The heavenly Dao Daoist immediately cursed, his expression somewhat unsightly.

If he was stopped by this guy, that kid would probably fall into someone else’s hands.

The divine light arrived in an instant. He had no choice but to open his mouth and spit out a small golden sword, slashing at the general.

BOOM!

In the next moment, a dazzling divine light exploded.

At the same time, there were balls of blinding divine light exploding in all directions.

Everyone present was at the Grand Luo immortal level, so even a casual strike contained great power.

They all rushed towards the center and used all kinds of techniques and treasures to fight.

For a moment, the void in all directions seemed to collapse, and black cracks kept appearing.

In the center, Tang Hao opened his mouth and spat out bolts of lightning in all directions.

After absorbing the power of the nine tribulation lightning bolts, there was still a lot of lightning left in his body, which could last for a while.

“Hahaha! None of you can do it!”

The chaos lasted for a while before a figure suddenly broke through the other people’s blockade and arrived in front of Tang Hao.

It was a burly Man in Black armor.

He laughed loudly, raised his hand, and struck out with his palm.

Bang!

There was a loud bang.

Tang Hao's huge body shook and he was sent flying backward.

The figure laughed again and chased after him. With a wave of his sleeve, a gunny sack flew out, trying to cover him.

"It's too early for you to be happy!"

At this moment, a cold voice came from above. The next moment, a figure appeared. He raised his hand, and a golden brush appeared in his palm.

Buzzzzzz!

The brush trembled and a golden ripple spread out.

"F \* ck!"

The burly man looked up and his eyes almost popped out.

This was clearly the Emperor brush!

The most precious treasure of the Xuanyuan clan!

Why did this old man bring out such a treasure?

In the next moment, his body trembled violently as if he had suffered a heavy blow, and he was sent flying backward.

This was the power of the Emperor brush. A mere ripple could send a Grand Luo immortal flying!

"Damn it, if you have the guts, don't use this treasure!"

The burly man angrily shouted.

The celestial of the great all-embracing heaven of the Xuanyuan clan just sneered and waved his hand.

Bang!

The burly man was hit hard again, and his body flew backward like a meteor.

"This kid is from my Xuanyuan clan!"

He held the Emperor brush in his hand and glanced around coldly. He waved his brush from time to time, sending several people flying.

All the old monsters were shocked.

They stopped, and their expressions were somewhat unsightly.

The Emperor brush was also an immortal Emperor Supreme treasure. Some of them didn't even have a treasure of this level. Even if some of them did, they couldn't use it easily. By the time they summoned it, it would have been taken away.

The heavenly Dao Daoist's expression was even uglier.

Of course, there were treasures of this level in the Yuanshi sect. However, as one of the heavenly venerates, he could not use them easily.

"Xuanyuan Zheng, don't think that just because you have the Emperor brush, you can take down this brat. My inquisitive sky sect will be the first to object to this! Fellow Daoists, let's join forces and kill this guy!"

The chubby man from the heaven seeking sect jumped out and shouted.

"Yes, yes! Let's get rid of him first, then we'll fight for that kid!"

Immediately, someone echoed.

This suggestion received the approval of most people.

They didn't have any immortal Emperor Supreme treasures except for the Xuanyuan clan. Of course, they would drive him away first and then fight for the kid with their own abilities.

"Hmph! Stupid!"

Xuanyuan Zheng snorted coldly and threw the Emperor brush into the air. It hung high above his head and shone with golden light.

He wanted to activate the Emperor brush to its maximum and sweep this group of people out first.

However, at this moment, he suddenly sensed an extremely violent force erupting behind him.

"This is ...?"

He was startled and a little bewildered.

This power was too violent and terrifying. Even he had to be wary of it.

"This kid ... Is he crazy?"

When he turned around to look, his eyes immediately widened, revealing extreme shock.

The immortal spirit body was emitting a shocking divine light, and the violent aura was coming from it.

This brat ... Was going to self-destruct his immortal spirit body!

“Don ‘t!”

“Stop!”

The eyes of the old monsters around him almost popped out of their sockets.

In their eyes, this was an item comparable to an immortal Emperor’s Supreme treasure. If it were to be dropped just like that, it would be a waste of a heavenly treasure!

“Stop!”

Xuanyuan Zheng was also anxious. He waved his brush and was about to press forward to stop this kid.

However, at this moment, the dark golden giant suddenly moved and charged directly at him. The glow on its body became more and more piercing.

“Not good!”

He cried out in shock, and his entire body trembled.

With the immortal spirit body’s level and size, it might hurt him if it exploded. With his realm, it would be extremely troublesome if he was injured.

Subconsciously, he retreated and activated the Emperor brush. He opened up a golden protective shield to protect himself.

The expressions of the old monsters around him also changed, and they all retreated.

In front of them, a shield appeared.

“This kid is crazy!”

“What a waste!”

As they retreated, they cursed.

At this moment, an extremely bright divine light suddenly burst out from the immortal spirit body. It was so bright that they almost couldn’t see.

They cried out in surprise, all prepared to withstand the impact.

However, after a few breaths, nothing happened. There was no shock wave, nor was there any loud explosion. There was only dead silence.

“This ... Where is he?”

When they narrowed their eyes and looked forward, they were all stunned.

There was only a single bead floating there, and it was currently emitting a divine light with all its might, causing their eyes to be dazzled.

“Motherf \* cker!”

They were stunned for a few seconds before they reacted and started cursing.

They had all been played!

That kid didn't want to self-destruct at all, he was just taking the opportunity to escape!

Furthermore, he had even specially conjured such a Pearl just to scare them.

And they had really fallen for it!

“This stinky brat!”

Xuanyuan Zheng gritted his teeth, and his face twitched.

He, a Grand celestial of the great all-embracing heaven, was actually played by a kid!

Bang!

He stretched out his hand and grabbed the Pearl. Gripping it in his palm, he slowly exerted force and crushed it.

“Let's see where you can run to! Even if you run to the ends of the earth, you won't be able to escape my eyes!” His body moved and he immediately rushed into the sky. His eyes blinked and emitted a golden light that swept across the void in all directions.
