

The Mightiest Little Peasant Chapter 3125

Whoosh!

Long Xiaozi flew over and landed from the sky. His black hair and clothes fluttered in the wind.

He wasn't the handsome type, and his looks were rather ordinary. However, his cold and unruly temperament made up for his lack of looks. He still looked extraordinarily charming and very stylish.

Especially after he landed, he even made a very cool pose.

In an instant, he attracted the attention of most of the people in the square.

When the men saw him, their hearts trembled, and many of them immediately revealed expressions of shame.

When the women saw this, many of their beautiful eyes lit up.

Long Xiaozi looked around and smiled in satisfaction.

As expected, he was still the center of attention.

As an accomplished disciple of a golden immortal, he was still an existence that attracted the attention of many.

"I'll definitely enter the Thearch puppet sect. As long as I can get the recognition of that senior Immortal King, I'll be able to soar to the sky in one go. At that time, that Tang guy will be nothing!"

He raised his head and looked at the majestic divine mountains in front of him. He couldn't help but feel overwhelmed.

The reason he had come was precisely for that senior Celestial King.

The immortal King was a Supreme figure in this world. As long as he had the slightest connection with them, he could do whatever he wanted in the immortal world.

Moreover, as far as he knew, this senior Celestial King had an extraordinary background and seemed to be related to the legendary Emperor Tianhuang. As long as he could cling to this thigh, he would have hope of becoming a zenith heaven in the future.

When he reached da Luo, that Tang guy would be nothing!

As he thought about it, he couldn't help but sneer, and his mind felt carefree.

“Right! That’s how you’ll win the appreciation of the immortal King, become a golden immortal, and become a zenith heaven cultivator. Then, you’ll suppress that demon surnamed Tang and take revenge!”

He clenched his fists and a sense of pride and ambition rose in his heart.

That group of zenith heaven Immortals was too useless. They had chased him for so long and still lost him. He would do it himself. One day, he would suppress that bastard and take revenge.

And that day would not be too far away!

“This guy, what the hell is he thinking!”

Tang Hao mumbled to himself as he stared at him from the corner.

This guy looked a little abnormal. He clenched his fists and his face was red, as if he had been injected with chicken blood.

Tang Hao looked away after a while.

Long Xiaozi was no longer a threat to him.

“Fellow Daoist Long Xiao, you’re here too!”

“Greetings, fellow Daoist!”

At this moment, a few evildoers from the crowd stepped forward and greeted long Xiaozi.

“You guys are here too!”

Long Xiaozi looked at them and returned the bow.

They were all disciples of golden Immortals, and although they were from different continents, most of them had heard of each other, and some even had some friendship.

“Little sister Zi Yang, I didn’t expect you to be here!”

When he saw Princess Zi Yang, his eyes became a little fiery.

Princess Zi Yang was a famous beauty in the immortal world. He had always admired her.

“With the status of the Emperor puppet sect, who can resist this temptation? If I can enter the sect, it will be a great thing for my Taiyi celestial dynasty!” Princess Zi Yang smiled and said in a sweet voice.

“That’s true!”

Long Xiaozi smiled.

Everyone's goal was the same, they were all here to suck up to the immortal King.

"Al! Daoist Long Xiao, you're from the spirit Toad continent, so you should know about that monster, right?"

Suddenly, one of the geniuses asked.

"Yeah! I've heard that the demon surnamed Tang once had a connection with your divine wonder Palace. The theft of your Treasury seems to be his doing."

When the other geniuses heard this, they immediately revealed excited expressions.

That fellow surnamed Tang was the focus of the entire immortal world during this period of time.

In order to catch him, the group of zenith heaven Immortals cut off the entire teleportation system of the immortal world. They chased him for a month and a half, but in the end, they still lost him. This matter was too sensational.

In everyone's hearts, that monster had almost become a legend, a legend!

As the disciples of golden Immortals, they were naturally very interested in this man.

"Him!"

Long Xiaozhi's face immediately darkened, and he didn't look too good.

"That's right. This guy has a connection with our mysterious Palace. I also know him. I met him when he just entered the upper realm. At that time, he had just advanced to the earth immortal realm."

Then, he snorted coldly.

"You've already met him? Really?"

"What kind of person is he?"

A few of the geniuses said excitedly.

There were too many rumors about this monster. They could not tell which was true and which was false.

"Yeah! What kind of person was he? "Some say that he's very sinister and full of tricks, while others say that he's extremely arrogant and has the potential to be invincible ..." Princess Zi Yang frowned and asked softly.

"Him? it's nothing!"

Long Xiaozi was immediately displeased. He snorted and said, "he's just a despicable, shameless, and cunning villain. He likes to be sneaky and hide. Moreover, he likes to steal things. He's a shameless thief!"

"If he didn't steal my Treasury and my connate spirit items, how could he have become a golden immortal so quickly and even refined that immortal spirit body?"

As he spoke, he revealed a look of ridicule and disdain.

"Long Xiao's words make sense!"

"That evildoer is really despicable!"

The group of monsters nodded and said.

In fact, they were also a little unhappy with that demon. After all, that demon was too dazzling, overshadowing all of them in an instant.

"That guy isn't a very good person, but he's quite talented. Those undergarments are really good!"

One of them suddenly laughed.

"That's right!"

The others looked at each other and immediately laughed.

Princess Zi Yang's face turned red as she thought of the bold and unrestrained designs.

"What a strange person!"

She muttered and shook her head slightly.

She really couldn't tell what kind of person he was.

"Those things only prove how dirty that guy's heart is!"

Long Xiaozi was a little displeased as he snorted. "I'm entering the Thearch puppet sect so that I can reach the zenith heaven realm as soon as possible. Then, I'll kill this fellow and get rid of the evil in our immortal world."

"Daoist Long Xiao is right. This guy isn't a good person. When he was in the lower realm, he had killed people from the immortal world. When we have achieved success in our cultivation, we will get rid of him as well. We will do it on behalf of the heavens."

"Right!"

The group of geniuses nodded their heads and spoke with some impassioned enthusiasm.

“Do the work for the heavens?”

“Getting rid of evil for the immortal world?”

Tang Hao could not help but roll his eyes.

Were these guys all idiots?

He couldn't be bothered to listen anymore, so he moved to the side and continued to wait.

A few hours later, a golden immortal elder finally arrived at the square and announced the rules of the second round.
