

The Mightiest Little Peasant Chapter 3128

Tang Hao raised his head to look at the sky and smirked.

Then, his figure flickered and he disappeared from the spot.

When he reappeared, he was already 10000 feet away.

As he ran, he observed the situation around him.

“That way!”

Soon, he saw a few people peeking in his direction from afar.

His figure was like lightning as he flew over.

“Eh? What’s going on? why are they all chasing that guy? what’s his background?”

“I don’t know! I don’t know him, so he shouldn’t be some famous monster!”

Those few people were still frowning in deep thought, extremely puzzled.

By the time they reacted, Tang Hao was already in front of them. At the same time, there were also huge ferocious beasts coming from all directions. There were human Immortals, earth Immortals, and even heaven Immortals. All of them looked fierce.

“Ai! What are you doing? don’t come over!”

“Go away!”

The few of them looked around and shuddered, almost peeing their pants.

F * ck!

With so many fierce beasts, wouldn’t they be taking their little lives!

However, no matter how much they shouted, the figure still pounced straight at them. At the same time, the ferocious beasts also attacked. Some opened their mouths and shot out divine light, while others directly swung their huge palms and slapped over.

In an instant, it was as if the sky had fallen and the earth had cracked. It was extremely terrifying.

“Mother of God!”

The few of them were so scared that they peed themselves.

They couldn’t avoid it in time and were caught in the disaster. They were slapped until they vomited blood and flew out screaming.

“Don’t come over!”

“Big brother, I’m begging you, don’t come over!”

They screamed in fear and tried to run away, but Tang Hao was right behind them.

After another round of smacking, they vomited blood again and were sent flying while screaming.

They were on the verge of tears.

They were all earth level deities with extraordinary magical powers. They should have been able to pass this round of test safely, but who would have thought that they would suddenly encounter this fiend? it could be considered as eight lifetimes of bad luck.

“Hurry up! Hurry up and get out! Otherwise, you’ll lose your life!”

After being hit for a few rounds, they were completely terrified. They crushed the token and were teleported out.

“Motherf * cker! This little rascal!”

Outside, the elderly golden immortal trembled with rage.

This little rascal was simply too lazy and cunning.

“You think you can force me to stop like this? Hmph! You’re dreaming. I won’t stop until I get rid of you today!”

He stared at the boy in the mirror and said through gritted teeth.

In the middle world, Tang Hao continued forward.

“There it is!”

Soon, he found another target. He led the Army of beasts and pounced over.

When the man saw this, he was so scared that he peed his pants. He turned around and ran.

But how could he outrun Tang Hao? he was caught up to in no time, and then drowned in the Horde of beasts.

In the next moment, a series of shrieks sounded out from the group of beasts.

Then, a light flashed, and the man crushed the token and was teleported away.

“What’s going on? Who is that guy?”

On the square outside, a man appeared in a flash of light and cursed angrily.

The elderly golden immortal turned around to look, and his expression immediately turned extremely unsightly.

However, he wasn't ready to give up. He didn't believe that a little human immortal could last long!

This kid's ability to escape was amazing and his speed was extremely fast. He must have some kind of powerful escape technique or treasure, but his cultivation was still shallow and he couldn't last long. After half a day, he would be exhausted and unable to continue.

"Eh? What's that?"

Just as he was thinking about this, he suddenly saw the boy reach into his sleeve and take out a huge golden core, which he swallowed.

Then, the aura on his body rose and he became as vigorous as a Dragon and as fierce as a Tiger.

"F * ck!"

The elderly golden immortal's face twitched a few times as he couldn't help but curse.

This little rascal actually had a pill to recover his celestial core power!

The elixir used to recover celestial core power of a true immortal was quite expensive. This kid was really willing to spend it!

"I don't know what happened, but those fierce beasts suddenly left!"

"Isn't that a good thing? How free! I can take this opportunity to rest!"

At this point, in a corner of the middle world, a few figures landed on a mountain and sat down cross-legged.

One of them was long Xiaozi.

The rest of them were also monstrous talents.

"It's too idle and boring! This is the entrance test, and there are people watching outside. It's time for us to show off!" Long Xiaozi said, "after we rest for a while, we'll go and find some ferocious beasts. We'll perform well and leave a good impression on the elders."

"Daoist Long Xiao is right!"

The rest of the people nodded in agreement.

The first impression was extremely important. It might affect their status and treatment after they entered the sect. They had to perform well.

“Let’s go!”

A moment later, long Xiaozi stood up and shouted in a deep voice.

He had his hands behind his back and his head held high. His fighting spirit was extremely high.

He felt that his battle intent was burning, and his blood was boiling.

He stomped his foot and rose into the air, ready to fight.

At this moment, in the distance, a stream of light rushed over. It stopped not far away, and a figure appeared.

He looked at that person, and that person also looked over. Their eyes met, and they were both stunned.

Who was this guy?

Long Xiaozi was startled and confused.

He had never seen this man before. Judging from his aura, he was only at the human celestial stage. He must be a nobody. How could he compare to him, a famous golden celestial disciple?

The corner of his mouth twitched, and he was about to sneer.

However, at this moment, he noticed the movement behind that guy. He fixed his eyes on it and was immediately dumbfounded.

With a glance, he saw a vast number of fierce beasts galloping over. Each of them had a somewhat crazed expression and their auras were brutal. It was extremely terrifying.

“Oh my God!”

Behind him, the other geniuses stood up and looked into the distance, dumbfounded.

How could there be so many beasts?

It looked like they were chasing that guy, but that guy didn’t seem to be a powerful character. Was there a need to let so many beasts chase after him?

They were all extremely puzzled.

The scene in front of them was really hard for them to understand.

“That person ... Seems to be coming over!”

“He’s here! Hurry up! Let’s go!”

By the time they came back to their senses, they discovered a terrifying thing. That guy was leading a vast number of ferocious beasts behind him and was charging towards them at an incredible speed!

Before they could move, the figure had already arrived in front of them. What followed was a sky full of divine light and giant palms that covered the sky.

Bang!

Before long Xiaozi could react, a few beams of divine light had already arrived in front of him, causing his body to tremble.

Then, giant palms came one after another.

His body trembled continuously. At first, he was still able to withstand the attacks. However, under the continuous attacks, his protective light screen could no longer hold on and exploded.

Pfft!

Golden immortal blood spurted out of his mouth, and his body was sent flying backward like a cannonball.
