

The Mightiest Little Peasant Chapter 3137

"I'm not seeing things, right? Someone accepted a seven-star Mission?"

"This is crazy!"

In the hall of mission, everyone raised their heads and looked at the line of striking words on the wall. They couldn't help but exclaim.

It had been more than half a year since they entered the sect, and they had completed quite a number of missions. Naturally, they knew what a seven-star Mission was like. It was almost impossible to complete!

Each of the twelve seven-star missions on the board had been on the board for thousands of years, and no one had ever completed them.

An ordinary disciple would at most touch three-star missions. Those who were more powerful, such as those monstrous geniuses, would only dare to touch five-star missions at most.

And now, someone had actually accepted a seven-star Mission!

"Look, the person who accepted the mission is out. Qin ... Dali?"

A moment later, a line of small words appeared on the wall.

When everyone saw this, they were stunned.

Soon, the crowd exploded.

Everyone knew what kind of person Qin Dali was. Not only was his cultivation low, but he was also lazy. Up until now, he had not taken on a single mission. Why would he take on an impossible seven-star Mission?

They all instinctively felt that something was not right.

"It's like this. Elder di came personally and asked elder Zhao of the mission Palace to force Qin di to take on the mission. Now, that kid is in big trouble!"

"Hahaha! So it was like this! I was thinking!"

Soon, news came out from the hall of mission and caused a sensation.

The crowd first came to a realization, then revealed a sneer and gloated.

"A seven-star Mission isn't for humans to complete, especially this Pearl of King Zhou. She's notorious! It has been on the board for more than two thousand years!"

“It’s said that the old Tao King is terrifyingly powerful. With that kid’s mid human immortal cultivation, he’ll be a piece of meat in there. He might even lose his life!”

The crowd discussed excitedly.

At the same time, this news quickly spread throughout the sect, causing quite a stir.

“What? That kid was forced to complete a Seven Star Mission?”

The news had also reached long Xiaozi.

He was stunned for a moment, then revealed a look of wild joy.

“Hahaha! The heavens are really helping me!”

He suddenly stood up and laughed out loud.

He had been tricked by that kid in the entrance test last time, and he still remembered it. He had been looking for an opportunity to take revenge, but unfortunately, that guy was too lazy. He didn’t even do any missions, so he didn’t have a chance to make a move.

Now, his chance for revenge had come!

“A seven-star Mission is extremely dangerous. Even if you die inside, no one will pursue the matter!”

He laughed coldly and his eyes were filled with killing intent.

“This is a good opportunity! We can finally get our revenge!”

When the other geniuses received the news, they had the same thought as him.

They left the cave and immediately headed to the hall of missions as soon as they met.

Tang Hao had already arrived at the hall of missions with a token in his hand.

“That kid is here!”

“Hahaha! Look at his expression, he doesn’t seem to know what’s going on!”

The crowd stood in the middle of the hall, pointing at him and sneering.

“Disciple, in view of your performance after joining the sect, elder di and I have decided to assign you a task. We were randomly selected and just happened to get this task. You must go to King Zhou’s realm in three days and take the Pearl guarded by King Zhou.”

Elder Zhao from the hall of mission walked out and said to Tang Hao.

“This is the information related to the mission. You can take a look at it later!”

As he spoke, he flicked his sleeve and a jade talisman flew over.

Tang Hao's expression was strange when he received it.

Random draw?

I don't believe you!

You guys were the ones who wanted to trick me!

"This disciple, do you have any objections?" Elder Zhao asked when he saw Tang Hao's strange expression.

"No!"

Tang Hao kept the Jade talisman and grinned. "There's no need for three days. Let's go now!"

Elder Zhao was stunned.

This kid's performance was completely different from what he had expected. How could he be so calm?

This was a seven-star Mission!

Even a heaven immortal disciple would be shocked when he heard this, but this kid accepted it so easily.

"Don't you need to prepare?"

Elder Zhao asked in surprise.

"What's there to prepare? hurry up!"

Tang Hao said.

"Hahaha! I'm afraid this kid doesn't know what a seven-star Mission means!"

"He's rushing to his death!"

The disciples all around sneered.

They all felt that this kid did not know what a 7-star Mission was at all, which was why he was so calm.

"Alright! Then you can go in!"

Elder Zhao hesitated for a moment before nodding. Then, he took out a Pearl and activated it, opening a void passage.

Tang Hao strode in.

“Elder, we also want to take on a mission to enter the Shark King realm!”

In the next moment, a shout came from outside the hall.

Under everyone’s gaze, long Xiaozi and the others rushed over.

“This ...”

Elder Zhao was taken aback.

“Let them go!”

At this moment, elder di walked out from the back of the mission Hall and shouted.

He knew that the purpose of these people was to take revenge on that kid.

“Alright!”

Elder Zhao hesitated for a moment before nodding.

“Let’s go!”

Long Xiaozi and the rest rushed into the passage without hesitation, their faces stern and their eyes cold.

“Hahaha! That brat is going to be even more miserable!”

Everyone could see it too, and they gloated even more.

With a terrifying Xiu clan being in front of him, and a group of heaven Immortals chasing after him from behind, that kid was in an extremely miserable situation!

“Old di, it won’t be a life, right?”

Elder Zhao turned around and whispered to elder di.

“It’s fine!”

Elder di waved his hand. “Although this kid is lazy, he’s quite capable, especially when it comes to escaping. I don’t think he’ll die. Besides, even if he really dies inside, that’s his fate.”

Elder Zhao frowned and didn’t say anything else.

“That kid is finished!”

“If he can come out, he’ll have to shed a few layers of skin!”

Everyone in the hall laughed.

Many people decided not to leave and sat down in the hall, ready to watch a good show.

Tang Hao had just passed through the spatial passage and arrived at a Green World.

As far as the eye could see, it was a vast ocean.

The scattered islands were like chess pieces, scattered all over the sea.

“Ancient Xiu clan, King Xiu ...”

Tang Hao took out the Jade talisman and opened it. He had a basic understanding of this world.

In this world, there were a large number of mermen, and they had formed a large population. There were many immortal realm mermen, and the old king of the mermen was close to the Golden immortal realm.

The mission’s objective was to obtain a Pearl from the king of the old Xi.

“The black Phoenix race is brutal and lustful. Their appearance is different from the average Merman. They are rather ugly.”

He mumbled to himself and frowned.

The che clan was an ancient alien race and was similar to the human race. He had seen them before and they usually had outstanding appearances. However, the che clan here was different from the normal che clan that he had seen before.

“Let’s go and explore first!”

His body moved, and he immediately swept out and began to investigate.
