

## The Mightiest Little Peasant Chapter 3138

A few hours later, Tang Hao landed on a deserted island.

Just now, he went around and captured a few mermen. Through soul searching, he completely understood the situation of this world.

He also discovered long Xiaozi and the others.

It was obvious that they were here to take revenge.

“Isn’t that simple?”

Tang Hao pondered for a while and immediately came up with a plan.

Of course, he would deal with long Xiaozi’s group first.

Since they dared to come here to kill him, how could he not teach them a lesson they would never forget?

He’d had killing intent before, but on second thought, if someone were to die, the implications would be too great, and his identity would be easily exposed. He’d then be driven out of the Emperor puppet sect, so he gave up.

To him, the most important thing now was to keep his identity and stay in the Emperor puppet sect for as long as possible. Only then would he be able to obtain more primordial chaos Divine liquid.

After thinking for a moment, he had a more detailed plan.

“Start the operation!”

He got up and walked towards an Island in the distance.

There was an immortal realm Merman there. He was not strong and had just advanced.

He directly suppressed the merman and subdued him.

With a cultivation base of 6000 Dao attainment, it wasn’t too difficult to subdue a newly promoted true immortal. Even if the people of the Emperor Xun sect found out, it wouldn’t arouse any suspicion.

After subduing it, he sent a part of his soul into the sea of consciousness of the merman.

This Merman had become his puppet.

His methods were very clever, those mermen would not discover it, nor could they detect it.

Then, he started to move around in his Merman form.

“The humans are here!”

“I see them! So many of them! They’re all heaven Immortals!”

He spread the news everywhere, which shocked the entire Qiang tribe.

“Hahaha! Finally, a human is here!”

“Hurry up! Go and capture them!”

When the news reached the palace of the Xiu clan, the palace was also in an uproar.

It had been more than 2000 years since a human had appeared in this world!

As a member of the black Phoenix race, they were generally extremely ugly, but the human race was different. All of them had soft skin and tender flesh. Even ordinary human beings were stunning in their eyes.

“All men? It didn’t matter! It’s the same for men and women!”

“Isn’t it better if it’s a guy? I like guys!”

The king of the old Xi was even more excited and went out in person.

For the black Phoenix tribe, gender was not a problem. They basically had a crush on both men and women.

“Waa!”

Tang Hao was shocked when he saw the old kun King.

This King of the old Xi was especially burly. Most humans were 1.8 or 1.9 meters tall, but this one was three meters tall. His skin was pitch-black and covered with fine scales.

There was a special bulge at her crotch, which he stared at for a long time.

“It’s really big. I just don’t know if fellow Daoist Long Xiao and the others can afford it!”

“Tsk!” Tang Hao sighed.

“Over there. They appeared there two hours ago.”

Then, he began to lead the way.

This group of people was like a mighty flood.

The Darklight race was obviously specially trained by the Thearch puppet sect as a trial for their disciples. Therefore, in this race, there was not only the Darklight King, who was close to the Golden immortal realm, but also a group of mermen at the heaven immortal realm.

There were at least fifty to sixty of them in this group.

There were even more earth Immortals below.

That was why this seven-star Mission was so difficult. It was because the opponent was the entire black nightmare race.

“Where is he?”

“Where did he go? Don’t tell me they know we’re coming and are hiding!”

At this time, in the distance, in the sky above a vast ocean, a group of people was rushing.

After a while, they stopped and looked around. Their expressions were not very good.

They had been in here for so long, but they still hadn’t found a trace of that kid.

“He’s most likely hiding!”

Long Xiaozi’s face darkened as he said, “let’s continue searching. We must find him.”

“When I find him, I’ll teach him a lesson!”

“He’s dead!”

The rest of the geniuses snorted coldly and gritted their teeth.

“Let’s go!”

Long Xiaozi took the lead, and the group continued to search the area.

“Wait, something’s not right!”

Suddenly, one of them noticed something, and his expression changed.

“What’s going on? How can there be so many Xiu clan people?”

Long Xiaozi and the rest looked in the direction he was pointing at, and their expressions changed drastically.

There was a black torrent coming from that direction. Judging from the scale, there were at least a thousand true immortals of the black Phoenix race.

“There’s a celestial immortal!”

“Not good!”

After a closer inspection, their expressions changed even more.

There were over a thousand genuine Immortals of the Xiu clan, many of whom were heaven Immortals. The five of them were no match for them.

Even if they could hold on for a while, they wouldn't be able to run when reinforcements from the che clan arrived.

“Let's go!”

Long Xiaozi's body swayed, and he immediately turned into a divine light and fled backward.

“The humans are running!”

“Hurry up and chase! Don't let them get away!”

When the Qiang tribe people saw this, they immediately shouted out and swarmed forward to give chase.

“Motherf \* cker! How did this happen?”

Long Xiaozi and the others ran for a while before turning around to look. Their expressions were extremely unsightly.

This time, they had come in just to deal with that kid. They had originally thought that it would be very easy. As long as they came in, they would be able to find that kid very quickly and teach him a lesson.

However, the current situation had completely exceeded all of their expectations.

They hadn't even seen that kid's face, and the Xiu clan had already set their eyes on them!

“Not good, there's another one in front!”

After running for a while more, they realized that there was another group of Xiu clan people chasing after them. Then, more and more Xiu clan people came from all directions.

Countless beams of divine light shot over from all directions.

These mermen even took out a formation and began to seal the void around them.

“Motherf \* cker! Let's fight them!”

Seeing that there was no way to escape, long Xiaozi gritted his teeth and stopped. He took out his treasure and attacked in all directions.

“All of you, attack! Once you capture these five people, this King will heavily reward you!”

The Darklight King stopped and roared in all directions.

In an instant, the entire place was boiling.

All the merfolk seemed to be on steroids as they rushed forward.

“It’s King Zhou!”

Long Xiaozi and the others glanced over, and their hearts immediately sank.

They didn’t expect that even the terrifying King of the ancient kun would come.

It was said that the king of old Xi was infinitely close to the Golden immortal realm!

“Al! Poor thing!”

Tang Hao stood among the merfolk and looked at them with pity.

These five little lambs clearly had no idea what kind of fate was waiting for them.

“I’ll help them!”

Tang Hao flicked his sleeve, and a few bottles of the poison he had concocted were thrown at them. Together with the attacks of the other mermen, they broke through the defense of the five mermen and landed on their faces.

The five of them trembled and immediately went limp.

Then, a group of mermen rushed over and tied the five of them up.
