

## The Mightiest Little Peasant Chapter 3141

“What? Did that kid complete the mission?”

On a certain mountain peak in the Thearch puppet sect, a cry of alarm rang out.

In a Palace on the mountain, elder di jumped up from his Lotus seat with a look of disbelief on his face.

He was just thinking about how miserable that kid would be in there, but the next moment, the mission Hall sent a message saying that the kid had successfully completed the mission and came out.

“F \* ck!”

After understanding the details, he really had the urge to vomit blood.

A seven-star Mission!

It had been on the list for more than two thousand years, and so many heaven immortal disciples had failed to complete the abnormal task, but it had been completed by that kid with ease!

What the f \* ck is this!

Not only did he fail to trick the kid, but he even helped him. This kind of feeling was really too terrible.

“I’m not going! I don’t want to see that little rascal!”

He shouted at the disciples of the hall of mission.

If he went now, wouldn’t he be slapped in the face and humiliated by that kid?

He didn’t want to suffer this.

“This kid’s luck is too evil!”

Sitting down, he muttered in a low voice, his face gloomy.

At this moment, the news of the seven-star Mission being completed by someone had spread rapidly in the Thearch puppet sect, causing a sensation.

It had been many years since anyone had been able to complete a seven-star Mission!

And this time, it wasn’t a group of heaven Immortals, but a human immortal disciple who completed it. This was undoubtedly even more shocking!

“That’s right! It’s just one person, that Qin Dali from before, I don’t know if you’ve heard of him, he’s the one who slept during the entrance test and angered the elder. He’s the one who completed it!”

“That kid? How could he do that!”

Cries of alarm rang out from all four corners of the Emperor puppet sect.

Then, one by one, they flew out from all directions and headed to the mission Palace Hall.

This news was simply too shocking. They had to witness it with their own eyes to see if it was true.

Soon, the mission Palace Hall was surrounded. There were three layers inside and three layers outside. People were everywhere. Not only were there new disciples, but there were also many old disciples from the previous batches and the batches before.

“This kid’s luck is too good!”

“This means that his luck is amazing. Luck is also a kind of talent. There’s no way to help it!”

Everyone looked towards the hall and discussed enthusiastically.

Meanwhile, in the main hall, elder Zhao brought a pile of storage bags to Tang Hao.

“These are the rewards. Look, these are Dao attainment, a total of 50000 Dao attainment. There are ten immortal artifacts in here, all at the zenith heaven level. And these are some immortal materials, a total of 100 portions ...”

Elder Zhao picked them up and introduced them to Tang Hao.

“Fifty thousand Dao attainment points? It’s alright!”

“Only at the zenith heaven level. Are there no celestial Kings?”

Tang Hao mumbled as he took the box.

The veins on elder Zhao’s forehead bulged.

This kid, he got such a big advantage and was still not satisfied.

Everyone’s eyes were red with jealousy.

With so many treasures, they had to complete hundreds of missions, and they had to be high star-level missions, but this kid had obtained them so easily.

“Lastly, there are two connate spirit items in total!”

Elder Zhao introduced as he picked up the last storage bag.

He was a little hesitant.

According to reason, this connate spirit item was generally given to disciples at the peak of the heaven immortal realm. It was originally considered that only disciples close to the peak of the heaven immortal realm could complete this task, so such a reward was set.

However, he didn't expect that a human immortal kid would complete it. These two spiritual items seemed to be a waste.

Although this kid had obtained 50000 Dao attainment, he was still far from the peak of 100000 Dao attainment!

"Many thanks, elder!"

Tang Hao took the storage bag from his hand.

Two connate spirit items were good stuff!

"Forget it, take it! In the future, cultivate well and strive to reach the peak of heaven immortal as soon as possible. Don't waste these two spiritual items!"

Elder Zhao waved his hand and said.

"Elder, don't worry!"

Tang Hao said.

Elder Zhao smiled helplessly. Suddenly, he seemed to have thought of something and said, "By the way, did you see long Xiaozi and the others inside?"

"No, I didn't! Did they also go in?"

Tang Hao said, shaking his head.

"You don't have any?"

Elder Zhao was a little confused.

Perhaps this brat had hidden too well, and long Xiaozi and the others hadn't discovered him. In that case, they should still be looking for this brat. After a few days, when they found out that the Pearl had been stolen, they should come out.

"Elder, is there a problem?" Tang Hao said.

"Oh! It's alright, you can go now!"

Elder Zhao waved his hand and laughed.

"Okay," Tang Hao replied. He took the treasure and turned to leave the hall.

Along the way, there were many envious gazes.

After returning to his cave abode, Tang Hao sorted out his gains from this trip.

He had gained a lot from this trip, including the things in King Zhou's treasure house and the rewards from the sect.

50,000 Dao attainment points were just enough to refine the primordial chaos pill. As for the celestial artifacts, they were not of much use, so he could only pile them in his ring for now. As for the other two connate spirit items, he would give one to Chun Xuan and one to Qiu Ci.

"It just so happens to be the idle period!"

He counted the days and immediately got up. He put on his golden fighting robe and went to the pharmacy division's Mountain peak. He successfully obtained 30 drops of primordial divine liquid.

When he returned to the cave, he immediately gathered the materials and began to refine the elixir.

"Why isn't he out yet?"

The number of people in the hall of missions gradually decreased, but there were still many people waiting for long Xiaozi and the others to come out.

However, one day passed, two days passed, and there was still no movement.

"That's strange. They should know that the Pearl has been stolen and the mission has been completed. Why aren't they coming out yet?"

Elder Zhao felt more and more that something was wrong.

"Let's go take a look! I'll just set a new mission!"

He took the Pearl and entered King Yan's realm.

"What's that sound?"

When he descended above the Shark King Palace and heard the voice from below, he was stunned.

The sounds below were really unbearable to the ears, and one could tell what was going on just by listening.

What he found hard to believe was that this voice was clearly somewhat familiar.

He activated his divine eyes and looked down at the palace.

After seeing it clearly, he could not help but be dumbfounded.

"This ... How is this possible?"

He could not believe his eyes.

Five heaven immortal level monsters might not be able to complete the task, but how could they fall into the hands of the mermen, their magical powers suppressed, and become their playthings?

“This ... Sigh!”

He took a few more glances and immediately retracted his gaze.

Then, he sighed heavily and felt a little annoyed.

He wasn't angry at the actions of this group of mermen, but rather these few freaks. They were simply too useless. They had actually been caught by the mermen race. This was simply a complete loss of face for his Emperor puppet sect!

To think that they were heaven Immortals, and they were even demon-level disciples of gold Immortals!

“Truly useless, he's not even as good as that Qin brat!”

He snorted.

A moment later, he released his golden immortal divine might and enveloped the area, alarming the entire mermaid King Palace.

Soon, he left King Yan's field with the five geniuses.
