

The Mightiest Little Peasant Chapter 3164

“Late ... Golden immortal?”

Feng clan.

A beautiful figure was sitting in front of an elegant, modern-style Pavilion.

Her Phoenix eyes widened as she stared at the communication jade talisman in her hand.

This was the news that had just arrived, and this news was simply too shocking, making her completely unable to believe it.

According to the news, President Shi was already a late golden immortal!

Just now, he had appeared in Nantian city, easily suppressed Seven Heaven Immortals who were close to the peak, and defeated the mysterious Taoist with one palm. All of these showed his amazing strength!

After a long time, she came back to her senses and took a deep breath. The towering peaks rose and fell rapidly.

“This is unbelievable!”

Her red lips pursed as she muttered.

Her Phoenix eyes were filled with shock.

She was well aware of how difficult it was to raise one's cultivation base after reaching the Golden immortal stage. The Golden immortal elders in the clan had spent many years before they could make a slight improvement in their cultivation base. They would need seven to eight thousand years to go from the early stage to the late stage, or even longer.

Yet, this person had only used three years!

"Hu!"

A moment later, she heaved a long sigh of relief.

Since it was president Shi, then there was nothing strange about it. With all the shocking things that had happened before, it was nothing strange for there to be another one.

She was even more at ease.

Before this, she had been worried and concerned about him. She was worried that his identity would be exposed and that he would meet with misfortune.

But now, he was already a late golden immortal. Even if he exposed himself, he wouldn't be in too much danger.

"Perhaps, we will meet again soon!"

She clenched the Jade talisman in her hand and pursed her lips into a smile. She was a little overjoyed.

At this moment, in a Mountain Gate of the spirit Toad continent.

A white-robed old man was feeling a little self-satisfied.

“I knew it. This guy is abnormal. I can’t provoke him. Fortunately, I agreed to give him the gold warrior suit that day. Otherwise, the grass on my grave would be a few feet tall.”

“I’m so F * cking wise!”

He slapped his thigh and laughed out loud.

“Comfortable!”

Then, he lay down on the Lotus seat and closed his eyes comfortably.

Ever since he had turned over a new leaf, his life had been very comfortable. Now, every time he heard news about that monster, he could watch it as a show.

The utmost Western Pure Land.

Ning Yuzhen also received the news.

She held the Jade talisman and sat in a daze for a long time.

Suddenly, her delicate body trembled and her beautiful and Holy Face turned pale.

Then, she clenched her fists tightly, and her face revealed extreme unwillingness and jealousy.

She was also a monster. Even if she came to the immortal world, she would have become a somewhat famous existence. However, compared to that guy, she was nothing. That guy was like a bright moon, and she, no matter how hard she tried, was just a Firefly.

All these years, she had tried her best to catch up and take revenge.

But now, she felt extremely powerless, almost desperate and on the verge of collapse.

She just sat there for a long time without moving.

Somewhere in the immortal realm.

Ripples appeared in the void, and a figure walked out.

He was dressed in white, had jet-black hair, and had an otherworldly temperament.

“I’ve been to Nantian city. Next, let’s go to the sacred beast Palace!”

He muttered to himself after some thought.

Previously, he had some concerns, so he did not go. Now that he had revealed his strength and intimidated everyone, he did not have so many concerns.

“After we go to the Holy beast Palace, we’ll look around and find a suitable place to settle lady su and little ye down. In the future, when someone ascends, they’ll also settle down there.” He pondered.

“Argh! By the way, why hasn’t brother Liu come up yet?”

He suddenly thought of Liu heihu.

He had been curious all these years. According to Liu heihu’s personality, he should have come up here long ago. Once he came up, he would have made a big scene. He would have known soon.

However, there had been no news of him in the past few years.

What was brother Liu doing?

“Al! Without brother Liu, the immortal world feels like it’s missing something!” He sighed.

Achoo!

At this moment, in a certain world, Liu heihu sneezed.

“F * ck! Who is cursing me? How dare you curse me, the great black Tiger, your son doesn’t have an anus!”

Then, he angrily cursed.

“Continue, continue!”

He rubbed his nose, picked up a Golden Shovel, and continued to dig on the ground. One shovel after another, he dug with great joy.

He was wearing a black robe, and there was still a belt with a Black Tiger on it, but his appearance had changed.

Even though he still had the same wretched aura, there was now a crystal between his brows. He looked like a nine-colored celestial, but if Tang Hao were here, he would definitely be able to tell that the divine crystal belonged to the Dragon count celestial clan.

In the immortal world.

Tang Hao sighed and took out the great void divine furnace.

The divine fire was still burning inside, refining the seven Heaven Immortals.

“Soon!”

He checked and estimated that it would take at most half a month to completely refine these seven people to death.

The seven Heaven Immortals who were close to the peak had obtained nearly 700000 Dao attainment beads, which was not a small harvest. Moreover, they had a lot of collections on them.

He took out the seven people’s storage rings and checked them. Then, he threw them to the split soul and let them sort them out.

He moved and headed for the Li Water Tribe continent.

In the depths of the spirit Moon Mountain, he saw Fei Wan.

“Hao!”

The moment Yun feiwan landed, she rushed over and hugged him.

She hugged him very tightly.

“What’s wrong?”

Tang Hao hugged her. He could feel the shocking heat from her body.

“I’m worried about you!”

She said softly, “I’ve been worried for the past few years, but I’m not worried anymore. I’ve just heard about your news. Now, everyone is talking about you. It’s a huge sensation.”

“Is that so?”

Tang Hao said with a smile.

“Even the Holy beast Palace was shocked, especially the Golden immortal elders. They were all dumbfounded.” Yun Fei said with a smile.

“My good brother, tell me, how did you do it?”

Then, she let go of his hand and took a step back, looking at him with a burning gaze.

Tang Hao briefly explained what had happened in the past three years.

“You’ve entered the Emperor puppet sect? You were the one who refined the Golden pill of Dao?”

She was speechless as she listened.

Her beautiful eyes widened in disbelief.

She knew that he was very powerful in the Dao of crafts, and had been on the immortal investiture list five times. However, she had never imagined that his Dao of alchemy would be so powerful. He had actually created such a heaven-defying divine pill. If word of this got out, the immortal world would be even more shaken.

“My good little brother, you’re amazing!”

She smiled sweetly, her face full of pride.

She gently raised her hand and caressed the handsome face in front of her. She suddenly became a little dazed, and her eyes became a little blurred.

Then, she tiptoed and slowly leaned over.

Her red lips were slightly pouted, and with a fragrant breath, she passionately kissed him.
